

Young People's Perception Survey 2016

The council and its partners want to know how young people feel about their local area, and how their views compare to the adult survey. Going forward the survey will be administered once a year so that we can monitor our performance and make improvements in order to continue to deliver excellent services.

To ensure a cross section of Barnet's young people is represented, Westco set quotas on age, gender and ethnicity. The interviews will be taking place at various locations across the borough from 25th October to 18th December 2016.

Parental permission is being asked of those children under 16 years old.

For more information about the Young People's Perception Survey please contact:

Ben Thomas, Strategic Lead, Children and Young People
