

EMN

Elephant Media Network

www.em-n.com

The background of the slide is a complex network of blue and grey lines connecting various nodes, creating a web-like pattern. The nodes are represented by small blue and grey circles. The overall aesthetic is clean and modern, typical of a tech company's branding.

About us

EMN is new hybrid tech company. We don't only invest but we build.

We have our first platform at market now - the world's first content suggestion & social media automation tool, Elephant Social.

As a company we are not looking to follow the trends but to solve problems with tech solutions.

Internship programs

MARKETING

Are you inspired by the likes of David Ogilvy or Mary Kay Ash? Perhaps, Seth Godin?

At EMN, your internship program will be focused on educating audiences to build movements. Your creativity, visual ideation and innovation will be honed for greater pitches, memorable campaigns and lasting stories. You will be challenged to create campaigns ranging from traditional advertising, digital campaigns, content marketing to influencer marketing.

So Is It In You to Think Different? Apply and Challenge Everything. Just Do it, today.

PUBLIC RELATIONS

Do you love corporate communication?

We love conversations and for your PR internship, you will be part of building interesting dialogue across tech, media and entertainment industry. You need to be an explorer. Tell us what you read, listen, watch and follow. Your enthusiasm, curiosity and creativity will be measured through your ability of to write focused content adaptable to audience tone. From the internet to radio to television, our ship of imagination is limitless.

So get on board and let's make the craziest ideas come to life.

WEB DESIGN/ FRONT-END

Are you always on awwwards.com bookmarking for your inspiration board?

Make your board happen and become a creator of virtual experiences, rich with visual imagery and hypnotic design. From Adobe Creative Suite, Javascript, HTML, CSS to programming frameworks such as Cinder, openFrameworks, Unreal or Three.js, you are ready to master anything to innovate in UX/UI design. At EMN, we work best with minds that are ready to experiment, develop code sketches, research and make puns.

So take a
 and intern with us!

VIDEOGRAPHY

Are you constantly googling variations of “Best Visual Movies” or “Best documentaries”?

As part of the team, your bit will be discovering your inner director and bringing to life thought-leader short-films, documentaries and advertisement. Our bit, will be giving you anything you need - latest research, adaptable scripts and creative ideas to be showcased with your creativity. Unique framing and composition techniques, lighting and editing skills alongside wicked meme sharing abilities is all you need.

GRAPHIC DESIGN

Hey MC Eschers! Let's tessellate.

Your internship at EMN will be comprised of storyboarding, typography wars and colour strategies. From illustrating knowledge to designing humour, your Adobe Creative Suite skills will grow with your design solving knowledge. Show us what inspires you, where you found it and what we should aim for in developing a memorable brand image.

WHAT AN INTERN DOES AT EMN

You my dear intern, will be spending your time discovering what your education means in the real world.

Our whole team is comprised of people who love what they do and want to push themselves to be the best in their field. As an intern you would be expect to have the same attitude and focus. No matter your skill set be prepared to push yourself to do the best.

WHY APPLY

We believe in doing things right not just showing up and pretending to be busy. There is neither office politics nor a game of thrones because the bean bags work on a dibbs format.

If you want to have a chance to work on global products with a team who loves what they do, get in touch and show us why you love what you do.

HOW TO APPLY

Email us and tell us why you are awesome (attach a CV).
