 - 08:25 UC, PSC, and liver transplantation: where does colectomy and pouch surgery fit in? *Stefan Holubar, Cleveland*
 - 08:45 Mini Debate: Which restorative surgery?
 - Ileoanal pouch *Caroline Nordenvall, Stockholm*
 - Ileorectal anastomosis *Par Myreliid, Linkoping*
-

09:30 RAPID FIRE: CHALLENGING DOGMA WITH 10 SLIDES IN 10 MINUTES

Chairs: Des Winter and Fred Ris

- 09:30 Early surgery is the preferred treatment in ileocaecal Crohn's disease *Paulo Kotze, Curitiba*
 - 09:45 Chemoradiotherapy as definitive treatment for early rectal cancer *Rodrigo Perez, Sao Paulo*
 - 10:10 Lateral pelvic lymph node excision is an important component of managing primary rectal cancer *Pete Sagar, Leeds*
 - 10:15 Early stoma closure after all pelvic surgery should be the new norm *Quentin Denost, Bordeaux*
 - 10:30 Hartmann's procedure for perforated sigmoid diverticulitis is obsolete? *Willem Bemelman, Amsterdam*
-

10:45 END OF SESSION

16:00 TEA/COFFEE

16:30 FROM BENCH TO BEDSIDE: WHAT THE COLORECTAL SURGEON NEEDS TO KNOW

Chairs: Chris Cunningham and Anna Martling

- 16:30 Innovation in surgical practice- balancing patient safety with surgical progress *Julio Mayol, Madrid*
 - 16:50 Microbiome manipulation in IBD: are we getting closer? *Dean Harris, Swansea*
 - 17:10 Precision Regenerative Medicine: Tailoring the Cell to the Disease *Amy Lightner, Cleveland*
 - 17:30 Tumour heterogeneity- implications for the colorectal surgeon *Simon Buczacki, Cambridge*
 - 17:50 Precision surgery in the age of the gut microbiome *James Kinross, London*
-

18:15 CHALLENGING CASES

Chairs: Bob Baigrie, Iain Anderson, with Lai Mun Wang and Sabine Schmidt

19:30 END OF SESSION

20:00 CONGRESS DINNER
