

Session 2

Engaging Stakeholders

Following today's session, think about what you should start, stop and continue in your city!

(START)

What will you start doing? What useful/necessary aspect is still missing? What would add value to the project?

< STOP >

What will you stop doing?
What isn't working?

/ CONTINUE /

What will you continue doing?
What is working well?

Which of the **tools** presented in today's session is the most important for your local work?
How and when do you intend to include it in your work on a local level?

Empty rounded rectangular box for notes.

Thinking about your city:
which stakeholders are involved in your core ULG group and which ones will you only involve infrequently?
