**HOTEL ERMITAGE –
EVIAN RESORT,
EVIAN LES BAINS,
FRANCE**

Our visit to the Hotel Ermitage in the French Alps last season excited us so much, we couldn't wait to break the news of its new, all-inclusive ski package ahead of this season. When conditions are right, guests can explore top-rated pistes across three countries, including Chamonix in France, Zermatt in Switzerland and Monte Rosa in Italy. For those on the lookout for more variety, this charming hotel also offers other snowy activities, such as sledging, ice-skating, dog-sledding, ski-jeering and after-dark snow-shoeing. But take it from us: while we revelled in every minute of this, we also loved the relaxing recovery treatments at the property's Quatre Terres spa.
