Day Clubbers Testimonial

"I've had nothing but great experiences hosting our day parties at NG-ONE. Kieron & the team are always organised, professional, and a pleasure to work with making every event run smoothly from start to finish.

The production in the club is excellent, with great sound, lighting, and overall setup that really elevates the experience.

The staff are friendly, helpful, and always go the extra mile to support both our team and our guests. We couldn't ask for a better venue partner." **Billy Marston**

Introduction

The Perfect Space for Growing Promoter Brands

NG-ONE's Room 2 is designed for smaller promoters, emerging brands and specialist event concepts looking for a state-of-the-art venue that can grow alongside their audience. Whether launching a new event, building a loyal following or adding an additional room to a larger show, Room 2 provides the ideal platform to deliver a professional and memorable experience.

Equipped with modern sound, lighting and production technology, the space offers the same high-quality standards as our larger event areas while maintaining a more intimate atmosphere that allows promoters to develop their brand identity and connect directly with their audience.

For larger events, Room 2 works perfectly as a secondary room, enabling promoters to create a more diverse multi-room offering with different music genres, audience experiences or themed concepts running simultaneously.

Bushdoctor Testimonial

As the team behind Bush Doctor Promotions, we've worked with a number of venues over the years, and NG-ONE has consistently been one of the best to collaborate with.

One of the venue's biggest strengths is its multi-zone layout. Having different rooms gives us the flexibility to create unique experiences within the same event, whether that's showcasing different music styles, hosting VIP areas, or offering something different across each space. It gives promoters plenty of creative scope.

The security team deserve a special mention. They're firm but fair, professional at all times, and a genuine pleasure to work alongside. They help create a safe environment without compromising the atmosphere of the event.

NG-ONE is also very well equipped with quality sound and lighting. Whenever we've had artists with specific technical requirements, the venue has always been supportive and worked with us to provide the equipment needed wherever possible.

Above everything else, what really sets NG-ONE apart is Kieron and the staff. They are attentive, approachable, and genuinely invested in making each event a success. They listen to feedback, understand the needs of promoters, and are always looking for ways to improve. That collaborative attitude makes a huge difference, and it's one of the main reasons we enjoy returning to the venue.

Overall, NG-ONE is an excellent venue with a fantastic team behind it. We'd happily recommend it to other promoters looking for a professional, well-equipped venue with staff who truly care about delivering successful events - **Bush Doctor Promotions**

Why We Deliver Events Differently

Every venue can tell you what they offer. Three rooms, great production, VIP areas, experienced staff, late licences. Those things matter, but they don't explain why some events thrive while others simply happen.

At NG-ONE, we believe a venue should be more than just four walls and a sound system. We see ourselves as an extension of every promoter's team.

Our role isn't just to unlock the doors and provide the space. It's to work alongside promoters from the planning stages through to the last customer leaving, helping solve challenges before they become problems. Whether it's adapting production to suit an artist's technical rider, configuring our multi-room venue to create unique experiences, or simply being available when something unexpected arises, we believe collaboration is what creates exceptional events.

Our security team are experienced, approachable and fair, creating a safe environment while allowing guests to enjoy themselves. Behind the scenes, our bar, operations and production teams work with the same mindset: organised, proactive and committed to ensuring every event runs smoothly from start to finish.

We've invested heavily in high-quality sound, lighting and production, but equipment alone doesn't create memorable nights. It's the people operating it, the willingness to go the extra mile, and the attention to detail that make the difference. We take pride in supporting promoters, adapting to their needs and continually looking for ways to improve every event we host.

The greatest compliment we receive isn't about our venue or our facilities—it's when promoters choose to return again and again. That trust has been built by listening, responding quickly, and genuinely caring about the success of every event held within our walls.

At NG-ONE, we're not simply hiring out a venue. We're building long-term partnerships with promoters, brands and event organisers who want a venue team that's as invested in delivering an unforgettable experience as they are.

That's why we do what we do.
