**AN ALTERNATIVE CITY-CENTRE SPACE FOR EVENTS,
IDEAS AND COMMUNITY**

62-63 PROSPECT STREET, HULL, HU2 8PW

NOT YOUR STANDARD VENUE

Browse Studios is a flexible creative venue in the heart of Hull city centre.

Created inside a previously empty retail unit, the space offers a raw and adaptable setting for music, arts, private events, workshops, exhibitions, markets, screenings, launches and community projects.

It is not a traditional function room or polished corporate venue. Browse has character, personality and room for people to shape the space around their own ideas.

Bring us a complete event plan or the start of a concept.

We will talk through what is possible and help you build the right setup.
