You must comply with the following conditions to have the full protection of the Mechanical Breakdown Warranty. If You do not comply with them We may at Our option cancel the warranty or refuse to deal with Your claim or reduce the amount of any claim payment.

##### 1) Duty of Care

You must not continue to drive the Vehicle after any damage or incident if this could cause further damage to the Vehicle.

##### 2) Fraud

If You or anyone acting on Your behalf makes a claim which is at all false or fraudulent, or supports a claim with any false or fraudulent document device or statement, this Mechanical Breakdown Warranty shall be void.

##### 3) Servicing

**It is a condition of this Agreement that the Vehicle must be serviced in accordance with the manufacturer's recommended service schedule by a VAT registered dealer.**

The servicing of a motorhome is split into two parts, the servicing of the base vehicle and the servicing of the conversion/coachbuild element.

##### Base Vehicle

**The base vehicle may be serviced in accordance with the manufacturer's recommended service schedule by a VAT registered dealer.** If You have details of when the last service was carried out, such as a correctly completed entry in the service booklet or a previous service invoice, You may service the Vehicle at the recommended interval from that service. Please retain proof of the previous service for Our inspection in the event of You wishing to make a claim under this Agreement. If no details are available to confirm that the Vehicle is within the manufacturer's recommended service limits then the first service must be carried out at the latest within 6 months/6,000 miles, whichever is

sooner, from the date/mileage at purchase but preferably at the first available opportunity. Thereafter at intervals of 6 months or 6,000 miles (whichever the sooner), and must consist of:

- Change engine oil and filter.
- Check oil levels in the gearbox and differential and top up where necessary.
- Check coolant level and anti-freeze/inhibitor strength. Top up where necessary.
- Check timing belt (if fitted), renew if necessary.

##### Conversion/Coachbuild element

The conversion/coachbuild element must be serviced in accordance with the SMMT or NCC regulations but at a minimum, once every 12 months.

The intervals between services must not exceed the stipulated mileage or time by more than 500 miles or 30 days. This time allowance is to enable You to make sure services are completed at the correct intervals. This facility does not extend the warranty period and should this Agreement expire prior to the service being carried out, any faults discovered after this time will not be considered.

The only acceptable proof of servicing is the detailed VAT invoice which shows the servicing date and mileage. You must keep these invoices for our inspection in the event of a claim.

**Failure to maintain and provide proof that the above service schedule has been completed will invalidate this Mechanical Breakdown Warranty Agreement.**

- Before selling You the Agreement, the Dealer will have checked the Vehicle to make sure that the parts included under this Agreement are in good condition.
- This Agreement is only valid within the Geographical Limits.
- The distance quoted on the Schedule does not guarantee that this is the true distance the Vehicle has covered.
- We will not make or pay for repairs costing more than the limits shown on the Schedule or as otherwise restricted in this Agreement.
- We will not make or pay for repairs on any one claim above the current, vehicle valuation as listed in Glass's guide.
- APA is not responsible for any mistakes or incorrect information provided by the Dealer about the nature or value of this Agreement.
- There is no return of any payment made by You in connection with the issuing of this Agreement, should this Agreement be cancelled or rendered invalid by You.
- We may use or insist that Your repairer use exchanged or reconditioned parts or like for like parts of a similar make, quality and wear to effect the repair.
- If the part to be replaced has some wear or the part improves the general condition or value of the Vehicle, You may be required to pay a specified amount towards the improvement.
- It is expressly agreed and declared that the Dealer shall be released from all liability and obligation should the conditions of the Agreement not be complied with fully by the Owner.
