

AV8900H DIGITAL HEADREST SYSTEM

WITH DIGITAL MEDIA PLAYER, DVD PLAYER, AND 8-INCH SCREENS

MULTIPLE HDMI INPUTS

EASY CONNECTIVITY

Hook up your smartphone* and/or streaming device for endless entertainment

The **AV8900H** headrest monitors elevate the in-vehicle entertainment experience with amazing video quality. The system's integrated digital technology keeps the video signals from the player, **HDMI**, and **USB** connections in digital form throughout the playback process so pictures look absolutely incredible and colors stay true to its original state.

ADVANCED FEATURES

8-INCH HIGH RESOLUTION LCD DISPLAY (800 X 480) – Enjoy your favorite movies, television shows, and music videos on large 8-inch screens and experience them all in greater detail

DIGITAL SYSTEM – Digital video signals from the player, HDMI, and USB inputs are passed on to the monitors in true digital form so what you get is the best quality picture possible from an in-car entertainment system

CONVENIENT MULTIPLE INPUTS – Whether you have a hard drive full of movies that uses a USB or a portable player with an HDMI output, the system is ready to accept different types of connections. The system includes HDMI (x2), USB, micro-SD, composite video, and auxiliary inputs

HDMI CONNECTIVITY – With multiple HDMI inputs, you can hook up your smartphone*, Amazon® Fire TV Stick™, Roku® Streaming Stick™, etc. and stream content directly into the monitors for endless entertainment, making every drive a fun drive (*must have WiFi connection). The system includes a long six foot HDMI/USB extension cable so the ports can be installed at a convenient area of the vehicle

USB INPUT – Load a USB device (up to 1 TB) full of movies, videos, and pictures for hundreds of hours of audio/video entertainment. The USB port supports file formats up to 1080P and provides true high quality 480P video resolution. The USB connection has an output of 2.5 amps for powering and charging today's most popular devices

CAPACITIVE TOUCH BUTTONS – Capacitive buttons create a clean tablet style look and enable quick access to commands and features with just a light tap of the controls

FITMENT – Available for major automotive brands of mid- and full-sized SUVs, full-sized trucks, and passenger vehicles

MATCHING FACTORY WARRANTY – The system is covered under the same bumper-to-bumper vehicle warranty

*Additional HDMI adapter required and sold separately
