

Media FAQ

Official app

The MoneyConf app will help you discover, connect and chat with speakers, investors and attendees at MoneyConf. The app allows you to connect with the right people and maximise your time at the event. It will also be a place for you to view which talks and events are going on and build your schedule.

It can be downloaded on iOS and Android through the app store under the name "MoneyConf".

Technical support

If you require any technical support during the event please contact info@moneyconf.com

Wifi

There will be wifi throughout the venue. The Media village will have its own dedicated wifi SSID.

Name: #Media

Password: MCMedia2018

There will also be a number of cables at the work tables in the Media village.

Media page

The media page at moneyconf.com/media will be regularly updated throughout the event featuring news announcements, press releases from our event partners and from startups attending MoneyConf, along with video and photography from on-stage sessions.

Live photos of the event are free to use and available through the media portal and flickr.com/photos/moneyconf/

Media village

This is a hub where media can work and spend downtime. It's an exclusive area for media with food and beverages, hot desk working spaces, power cables and a lounge area to relax. There will also be separate interview spaces, which can be reserved by media and speakers.

Food and drink

Food and beverages will be provided to media in the Media village.

Interview requests

If you would like to interview any of the speakers during MoneyConf, please email media@moneyconf.com or ask any of the MoneyConf media team during the event - the team will do their best to link you up with requested speakers. You can also contact individuals directly via the chat function in the app.

Interview booths

If you would like to reserve an interview booth during the event, please ask the MoneyConf media team on the ground or email media@moneyconf.com.

Reserved media desks at stages

Each of the MoneyConf stages will have dedicated hot desks at the front so journalists can file live copy. These desks are allocated on a first-come, first-served basis.

Schedule

The schedule is available through the MoneyConf app and at moneyconf.com/schedule.

Night Summit

MoneyConf isn't a 9-5 kind of conference. The networking truly begins after the stages wind down and the speakers, investors, startups and other attendees make their way to the local bars and clubs for Night Summit.

PITCH

PITCH is our pitching competition, which was named as one of the best startup competitions in the world by Forbes. It is open to any MoneyConf startup that has received under \$3 million in funding.

Our top startups will get to present in front of a judging panel of distinguished investors, influential media, and thousands of attendees. They'll battle it out across two days for a chance to present on Centre Stage and be crowned winner of PITCH at MoneyConf 2018.

Tuesday, June 12: Starting at 10am, 21 startups will take to the PITCH stage for the group stage of the competition. Seven of these startups will then take part in the PITCH semi-final that afternoon starting at 2pm.

Wednesday, June 13: Three startups compete in the PITCH final on the MoneyConf Centre Stage.

Social media

The conference hashtag is #MoneyConf. Join the conversation.

Be sure to follow us on Twitter, Facebook and YouTube.
