Additionally local/regional press usually carry at least one photo when reporting on each first team match.

Following a successful 2022-2023 season where we've been consistently within the Isthmian League North's top 5 teams, we are looking to improve on this in the 2023-2024 season in an attempt to regain our Step 3 status, the highest level outside of the English Football League (EFL) and National League pyramid system (Steps 1 & 2).

Like all businesses in this post Covid-19 period, along with rising price, we are seeking support from local businesses to help us progress further in season 2023-2024.

We have a range of opportunities to support the club with prices starting from just £50.
