THE MATCH

Saturday 1st February 2014

2 - 1

Bootle ended Maine Road's title chances with a hard-fought 2-1 victory over the Manchester side at the Delta Taxi stadium.

The Bucks started brightly and could have been in front inside the first five minutes. Michael Young's corner was met by Jamie Hay at the near post, but Hay's header cannoned off the post out for a goal kick. Two minutes later and the Bucks were denied a stonewall penalty. Jamie Hay's ball was flicked on by Sam Willkie; Willkie's header landed perfectly into the path off Jamie Rainford, whose shot clearly struck the arm of the Maine Road defender, but the referee waved away the appeals of the Bootle players and supporters.

Jamie Rainford then had two glorious opportunities to give the Bucks the lead. First Michael Roberts pass found Rainford who shot from 20-yards was superbly tipped round the post by Maine Road goalkeeper Gregory Hall. Michael Young then done superbly on the right hand side, stealing the ball before nipping in past the road defender - he then pulled the ball back beautifully into the path of Rainford - Rainford however could only fire over from twelve yards out.

Rainford was once again instrumental in Bootle's attacking play. This time Rainford found Chris Tyson, who then found Sam Willkie on the edge of the area. Willkie then fed Tom Peterson, who cut inside but could only fire over. Four minutes later the Bucks were made to pay for their missed chances, as Maine Road took an undeserved lead against the run of play. Peter Connors did superbly down the right after Mark Kilroy failed to stay on his feet. Connors' cross was met inside the area by Jonathan Mason who headed Road into the lead.

Bootle rallied well and could have gone into half-time level. Tom Peterson's superb cross was met by Michael Roberts whose header rolled the wrong side of the far post.

Eleven minutes into the second half and Bootle finally drew level. Michael Roberts done superbly done the right hand side before ghosting past the full back. Roberts then pulled the ball back into the path of Sam Willkie, whose first time shot found the bottom corner of the Dodge Kop net. The goal was no more than Bootle deserved.

Bootle keeper Dean Porter was called into action on the hour mark. Porter saved well getting down low to turn away Neil Chappell's goal bound effort. Tom Peterson then had a golden opportunity to give the Bucks the lead. Mark Kilroy's superb pass was touched eloquently by Jamie Rainford into the path of Peterson, who failed to get any real power behind his effort which was comfortably stopped by Hall. Manager Joe Doran brought on Jay Riley for Peterson and Riley had an instant impact. Latching onto a long ball over the top before unleashing a left footed strike which bounced over Hall and into the Dodge Kop net, giving the Bucks a well-earned and deserved lead. It was the second time in two weeks that a Doran substitution had the desired effect.

Despite Maine Road throwing everything at the Bootle defence in the dying moments of the game nothing was getting past the superb centre back duo of Neil McQueen and captain for the afternoon Jamie Hay, who stood firm and dealt with everything the Maine Road attack threw at them. The victory was a hard-fought and at times a battle but no more than Bootle deserved. Despite the horrific weather conditions, the way the Bucks tried to play football was to be admired. It is now five unbeaten for newly named North West Counties Premier Division manager of the month Joe Doran.

Club History

The original Bootle FC were formed in 1880 and played at Hawthorne Road (next to the cricket ground). They were in fact Everton FC's biggest rivals. Bootle were the first team to win the Liverpool Senior Cup competition and narrowly missed out on becoming a founder member of the football league, to Everton.

In 1889–90 Bootle became founder members of the new Football Alliance, which soon became the second division (now the championship!). That season was the most successful as we finished league runners-up, reached the quarter-finals of the FA Cup, where we lost to Blackburn Rovers (0-7). When the Alliance merged with the Football League in 1892, Bootle became founder members of the new Second Division. However, despite a respectable 8th place final position, the club dropped out after one season and seemingly disappeared due to financial problems. Bootle FC's place in the football league was taken by Liverpool FC.

Football returned to Hawthorne Road when a new club, Bootle Athletic, was later formed with the new team initially playing in the Liverpool Leagues. In 1948 the club moved to nearby Bootle Stadium and were elected to the Lancashire Combination 2, which was won at the first attempt. However, Bootle struggled in the top-flight and after several tough seasons withdrew and folded during the 1953–54 campaign.

In 1953, the current club was formed as Langton and played in the local leagues. After a very successful spell in the Liverpool County Combination (which we won on numerous occasions) the club reverted back to it's It's better known identity of Bootle F.C. in 1973; and a year later joined the Lancashire Combination, which we won in 1976 and 1977. Bootle then joined the Second Division of the Cheshire County League, which was won in our first season, and we were promoted to the First Division. In 1982 the Cheshire County League was one of the leagues that merged to form the North West Counties League, which Bootle duly joined, becoming a member of the First Division. The club spent most of their time in the First Division until 2000 when we unfortunately dropped into the Second Division. However, despite finishing 6th in 2002, the club dropped into the Liverpool County Combination as Bucks Park was consigned to history. In 2006 the club, with a new ground, were elected back into Division 2 of the North West Counties League. In 2009 Bootle won promotion to the NWCL Premier Division and also won the Championship. In 2009/10, our first season back in the NWCFL Premier Division Bootle finished a NWCFL highest placing of 3rd. In 2010/11 finished 6th place. They equalled the 3rd place again in 2012.

2013 saw Bootle come so close to promotion, narrowly missing out with three games to go, and eventually finishing 3rd again. However they put that disappointment aside to win the Liverpool Senior Cup for the first time in 124 years.

From The Manager

Hello to all supporters players committee of both Bootle FC and our visitors Abbey Hey and welcome back to the delta taxis stadium.

We've had a good run of form since the turn of the year and I'm keen to keep the momentum as we continue through the season. Today's game is very important to the me and I will not be underestimating our opposition in any way. Abbey Hey are a good side and they beat us in the semi final of this competition a few years ago.

We had a terrific result against Maine Road and it was the manner of the win, how hard we worked from the first kick that was most pleasing.

We've had the draw for the senior cup and we have been drawn against Everton at home in the semi final for the third time since 2010, we haven't beaten them yet so let's hope we can this time around. The date will be out as soon as its confirmed.

We have a few players who have been injured coming back now which gives me more options. It has also meant that Lee Thompson's short term deal has come to an end and he has returned to Runcorn Linnets. I would like to thank Lee for returning for the weeks he was here.

Thanks for taking the time to read my programme notes and I hope you enjoy the game.

Please show your support - the players and I are extremely grateful of it.

Thanks

Joe

Doran Endorses Squad Size

Bootle manger Joe Doran believes the key to success in the North West Counties, is a squad with strength in depth. Doran who has added six new faces to his squad since the turn of the year admitted it was the AFC Liverpool game which made him act so swiftly.

Doran said: "After the AFC Liverpool I knew I had to act quick and freshen things up in time for our next game, away at Squires Gate. "The performance against AFC Liverpool was no were near good enough and probably the worst I have seen from a Bootle team in six years".

Doran now believes his Bootle team have strength in depth all over the pitch. "We now have 18 to 19 players at training and that's not including the two goalkeepers."

"We also had to release some of the younger lads back down to the reserves as there simply isn't enough room."

Doran also, expressed his delight at the impact his substitutes had in recent weeks. "The difference also, in this league is having players who can come off the bench and make an instant impact. Just like Jamie Rainford did at Abbey Hey and Jay Riley did against Maine Road".

Doran also expressed his delight at his sides most recent victory against Maine Road. "To come from one down and show the character we did was great, it was the first time since I had taken over that we had gone a goal down and recovered to win".

Despite the award Doran is refusing to get carried away. "We have to just take it one game at a time. We have set no specific targets of we're we have to finish at the end of the season. We our just going to focus on each game as it comes".

Doran's side are currently six unbeaten in all competitions and seen his side climb to fourth in the table and set a mouth watering tie against Everton in the Liverpool Senior Cup semi-finals

ABBHEY

Abbey Hey FC was formed in 1902 in the Abbey Hey district of Gorton, some three miles away from the centre of Manchester. During their formative years and through the two World Wars, the club was disbanded and reformed on a number of occasions. Starting in the Church Sunday Leagues, they progressed through the Manchester Amateur Leagues during the intervening years but the club really came into it's own in the 1960s after it took in the players of the Admiralty Gunning Engineering Department (AGED) following it's closure. Alf Gentry, the Manager of Abbey Hey at this point, decided that with the influx of new players he would step down in favour of the AGED Manager, Danny Danson. Alf, who had been for many years the prime mover of the club, stayed on in a senior position and shared in the success that the club would have in the coming years. The new players made up the backbone of the club during the decade with some staying on after their playing careers had ended.

Most notable of these was Allan Vaughan, who occupied the positions of Treasurer and Secretary. Ken Brown also stayed on, becoming manager after Danny Danson had retired, and won numerous honours culminating in 1978 with the club deciding to apply for a position in the Manchester League. The application was successful and the following year the club began playing in the 2nd Division of the Manchester League, achieving promotion in their first season. Reaching this position meant that the club had to find an enclosed ground suitable for playing their home games. The nearest ground available at the time was in Chorlton at Werburghs Road.

The ground was owned by a car dealership (Lookers) but was being used by a local school. It was agreed that if Abbey Hey FC carried out some improvements, such as installing showers in the dressing rooms, they could rent the ground. After two years, Lookers reneged on the deal and the club was forced out, this time to a ground nearer home at Godfreys (the area was named after a prominent local Councillor, Godfrey Erman, who donated the ground to the local populace of Abbey Hey for their use as a recreational area). The next eighteen years were fairly successful with the club winning the Gilchrist Cup under Managers Jim Whittaker and Dave Denby and a League title but this ended when Abbey Hey FC were told that as from the start of the new season they would not be allowed to use Godfreys.

MATCH CENTRE

This despite the large amounts of money that they had spent on drainage and despite assurances when they had taken over the derelict ground that as long as Abbey Hey had a football team this would be their ground.

A temporary home, at the old English Steel ground, was arranged on a season to season basis with the owners at theme, Clayton Analine but after only 2 years, the ground was sold to a local builder who required the land to build houses on. During the two years the club were based at the ground, negotiations with Crossley Motors Ltd had been taking place to buy a disused ground they owned in Goredale Avenue, Gorton. Unfortunately, the land was not in good order and was becoming an eyesore with fences falling down and people using it for fly- tipping. Contractors working for the council had tipped 1,000 tons of hardcore onto the car park to prevent access to the ground.

Matters had reached an impasse between Abbey Hey FC and Crossleys when Manchester City Council stepped in, They informed Crossleys that if an agreement was not made with the people that they were dealing with, the ground would be the subject of a compulsory purchase order. This tipped the scales in favour of the football club who were asked to make an offer for the ground which was promptly accepted. Legal representation and a bank loan were quickly arranged and in 1984 the club at last had their own home. The bank loan was paid off and the ground was improved including having the fly tipped hardcore removed from the ground. These improvements to the ground could only have been achieved by the hard work and dedication of the committee, who not only raised the money to carry out the improvements but also carried out 90% of the work themselves.

Jim Clark was to join during these turbulent times as manager, a position he was to occupy for the next 18 years. The club went on to gain success in the Manchester League during the late eighties and early nineties, winning the Premier Division Championship on five occasions during this period. In 1997, after finishing 2nd in the Manchester Premier Division, the club applied for membership of The North West Counties League. Following a ground grading visit by League Officials, the club was accepted into the 2nd Division for the 1998 season. Abbey Hey's first season in the North West Counties League couldn't have been more exciting. Although Fleetwood Freeport had taken the Division Two title, the runners-up place was still to be decided. On the last Saturday of the season any one of three clubs could have taken second place, but it was Abbey's 3-2 win at Darwen that clinched promotion to Division One in their first season in the league.

Promotion to the 1st Division meant that the club had to install floodlights. True to form, they designed, ordered, erected and wired them within a couple of months. The biggest job during the ground improvements was the building of the new clubhouse and dressing rooms. Planning permission was given with the majority of work once again being carried out by the clubs own members.

To finance this project, low interest loans were taken out from The FA with the remainder of the money achieved through fund raising schemes. In their first season in the top flight, Abbey Hey had a tremendous start, topping the table at one point early in the season, but a drop in form saw them finish mid table. Still, a highly creditable first season in Division One and they had more than proved themselves worthy of their rapid rise from the Manchester League to the NWCFL Division One.

2000/01 again saw Abbey finish in a comfortable mid table position, proving that the season before had been no fluke, but the following season started with a run of poor results including some heavy defeats. The second half of the year saw an improvement which lifted the club away from any relegation threat but at the end of the season, manager Jim Clark decided to resign. This ended an eighteen year stint in management in which he had overseen many of Abbey Hey's finest moments.

Jim's replacement for 2002/03 was Tony Hancock, previously Woodley Sports Reserve Team manager, who also brought Paul Kirkham from Woodley as his assistant. It was their first attempt at management at this level of football and Abbey Hey's final position of 13th showed that they rose to the challenge. During the season, Calum Dempsey won the NWCFL player of the month award for September and goalkeeper Liam Higginbottom won the October safe hands' award. However, at the end of their first season in charge, Tony and Paul left the club to return to Woodley Sports as managers of the first team. There was some celebration as Abbey Hey reached their 100th birthday and also reached the 3rd round proper (last 64) of the FA Vase. The club has played in the FA Cup for the first time since the turn of the millennium, but have only won one tie, a victory over Bamber Bridge on penalties in 2002-03, to reach the First Qualifying Round for the only time.

Jim Vince took over for 2003/04 but after a good start to the season, things went wrong. Despite only losing five out of their last ten games, the club ended second from bottom, only avoiding relegation due to the changes made to the non league structure. Jim Vince opted to resign and Chris Bailey took over knowing that a major team rebuilding job was required. In 2004 ten members of the committee were given long service awards for their 25 years of service in Grass Roots Football by The Manchester FA. The 2005/2006 season improved their best league finish by two places, but both the team and the club then started to struggle. A lack of both financial backing and foresight saw the club slowly drop down the league table in the following seasons until 2009/10 saw them eventually hit rock bottom. In 2009/10 Abbey Hey was half way through the season with only 4 points to their name and in the basement position in the league after 25 games. However, following the appointments of Barrie Walker as Manager and Andrew Harris as Assistant Manager in November 2009, Abbey Hey made several new signings with the likes of Jon-Paul Lewis, Gareth Wager, Daniel Cocks, John Hardy, Darren Evans, Lee Knowles and Nathan Finnigan joining the club. This signalled a turn in fortune for the club as they picked up 30 points in the 2nd half of the season however it wasn't enough and they were relegated from the North West Counties Premier Division. The form in the second of the season saw Abbey Hey going all the way to the

BOOTLE LADIES FC

Ladies Travel to Jericho Lane (weather permitting!!)

Over a month has passed since the ladies have kicked a ball in anger, however fingers crossed they are in action this weekend as they travel to Jericho lane to take on South Liverpool Ladies.

The reverse fixture earlier on in the season saw Bootle come out 3-0 winners, hopefully we can repeat this scoreline at the weekend.

League Table							
POS		P	W	D	L	GD	PTS

final of the Vodkat League Challenge Cup beating the likes of Ashton Athletic FC and Bootle FC along the way. Abbey Hey beat Winsford Utd 3-0 in the final and lifted the trophy.

Walker and Harris made the decision to blood young local talent, realising that this would serve the club well in the future but that it would take time to reap its rewards. Abbey made a slow start to life in the NWCFL First Division 2010/2011 and departed all cup competitions at the initial stages. However, October signalled a change in fortunes and wins at Atherton Collieries, Daisy Hill and Wigan Robin Park pointed to a brighter 2011. The introduction of quality players such as Antal Tompos, Luke Gibson and Martin Pilkington started to pay dividends though the results did not always reflect this. Unfortunately, the team's home form was to be their downfall as far as progressing up the league table although the team were usually beaten only by the odd goal.

For the 2011/12 season, Walker's youth policy started to pay quick dividends as the team has made an excellent start to the league season, remaining in the top four of Division One from day one. Though a run of poor results saw them exit the NWCFL Challenge Cup, FA Vase and 1st Division Trophy they did take the notable scalp of Evo Stik North team Radcliffe Borough in the first round of the Manchester Cup. The season really stepped up a gear as they moved into 2012 with Abbey at one point pushing Wigan Robin Park and Norton United for one of the two promotion places. Though they were to ultimately finish in 3rd place, the season had been an undoubted success as Walker had built a promotion challenging team in just 2 seasons.

The 2012/13 campaign started better than anyone at the club could have imagined as the team went unbeaten in the league for the first 3 months. Although unsuccessful in the FA vase, they would eventually reach the latter stages of the FA Cup qualifiers and a plum tie at FC Halifax via fantastic wins at St Helens Town and Sheffield. Rarely stepping out of the top two in Division One, Abbey continued to rack up league wins whilst also moving thru the Challenge Cup, Div One Trophy and Manchester Premier Cup rounds. The first team success was also matched by the newly introduced youth team set up. Both Under 17s and 18s topped their respective Youth Alliance Divisions during the year and impressed many with their style of play and application. As the months progressed a few of the older youth players started to appear in the first team, boding well for the future. Come April and a win at Northwich Villa eventually sealed promotion back into the top flight of the NWCFL ladder.

“ I lived for football
but now I’m dying ”

Motor neurone disease is fatal and rapidly progressive.
Around half of those diagnosed die within 14 months.
