

New Ferry Rangers JFC Development Academy

New Ferry Rangers Junior Football Club will be starting football coaching in January 2013 for children aged four and five. This is for children who are in reception class or school year one now.

The coaching will take place every Sunday morning on New Ferry Park. Under 5's will be from 9:30am until 10:45am and Under 6's from 10:45am until Midday.

The sessions will be run by fully qualified and CRB checked coaches and we will be teaching the children basic football skills as well as playing some fun drills and games. From our Academy set up the children will then move into our league program at U7 and enter the Wirral Mini League

Our Academy is well provided for by the club with excellent training aids and equipment to make the children's first football experience is a special one.

The club aim is to make football accessible for as many local children as possible and we are expecting a high amount of interest in the Academy, So If you would like more information or would like to register your child for a place please contact Mark Hynes on 07725327748 or email hynesm@sky.com.
