# WHAT IS HALF BACKS?

[www.halfbacks.co.uk](http://www.halfbacks.co.uk)

Half Backs is a local independent business passionate about getting children active outdoors. We offer unique rugby classes training both girls and boys from as young as 2 years old.

We believe being active outdoors from a young age helps to develop healthier, happier children.

We teach children the values of rugby union such as teamwork, respect and enjoyment. This enables them to develop their confidence, physical and social skills, and ultimately be kids!
