

How to add photos to buxtonrugbyclub.com

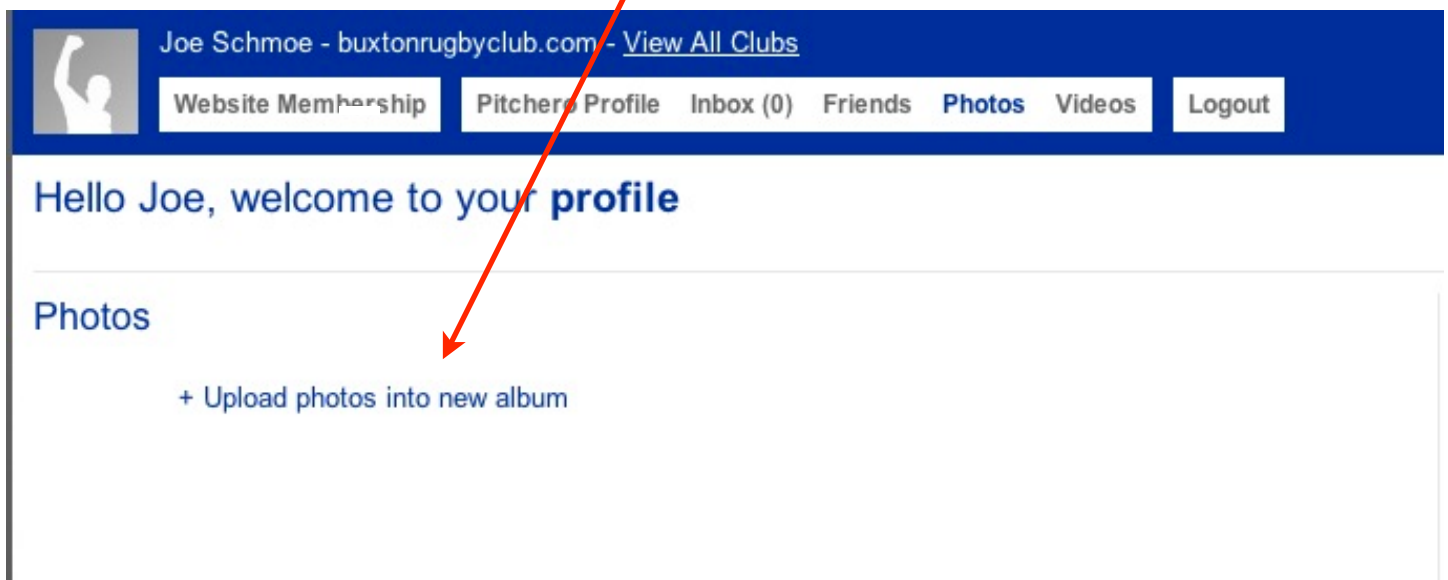

Any member of the club can add photos to their club account and then share them with the club. As a club member you can also see non-public photos, e.g. the Mini & Junior photos which are all secured by default.

This document will show you how to upload photos and then share them with the club website..

First you need to login with your username and password then click on Photos

Now click on 'Upload photos into a new album'

After clicking that link you will see the following screen

Upload

Drop files here...

If you don't see a similar screen to the one above then you may need to install Java or use the simple uploader if your computer is not capable of running Java. Follow the links below to resolve either of those problems

Upload software not working?

Make sure you [click here to download the latest version of Java](#)

Still having problems?

Try our [simple uploader](#)

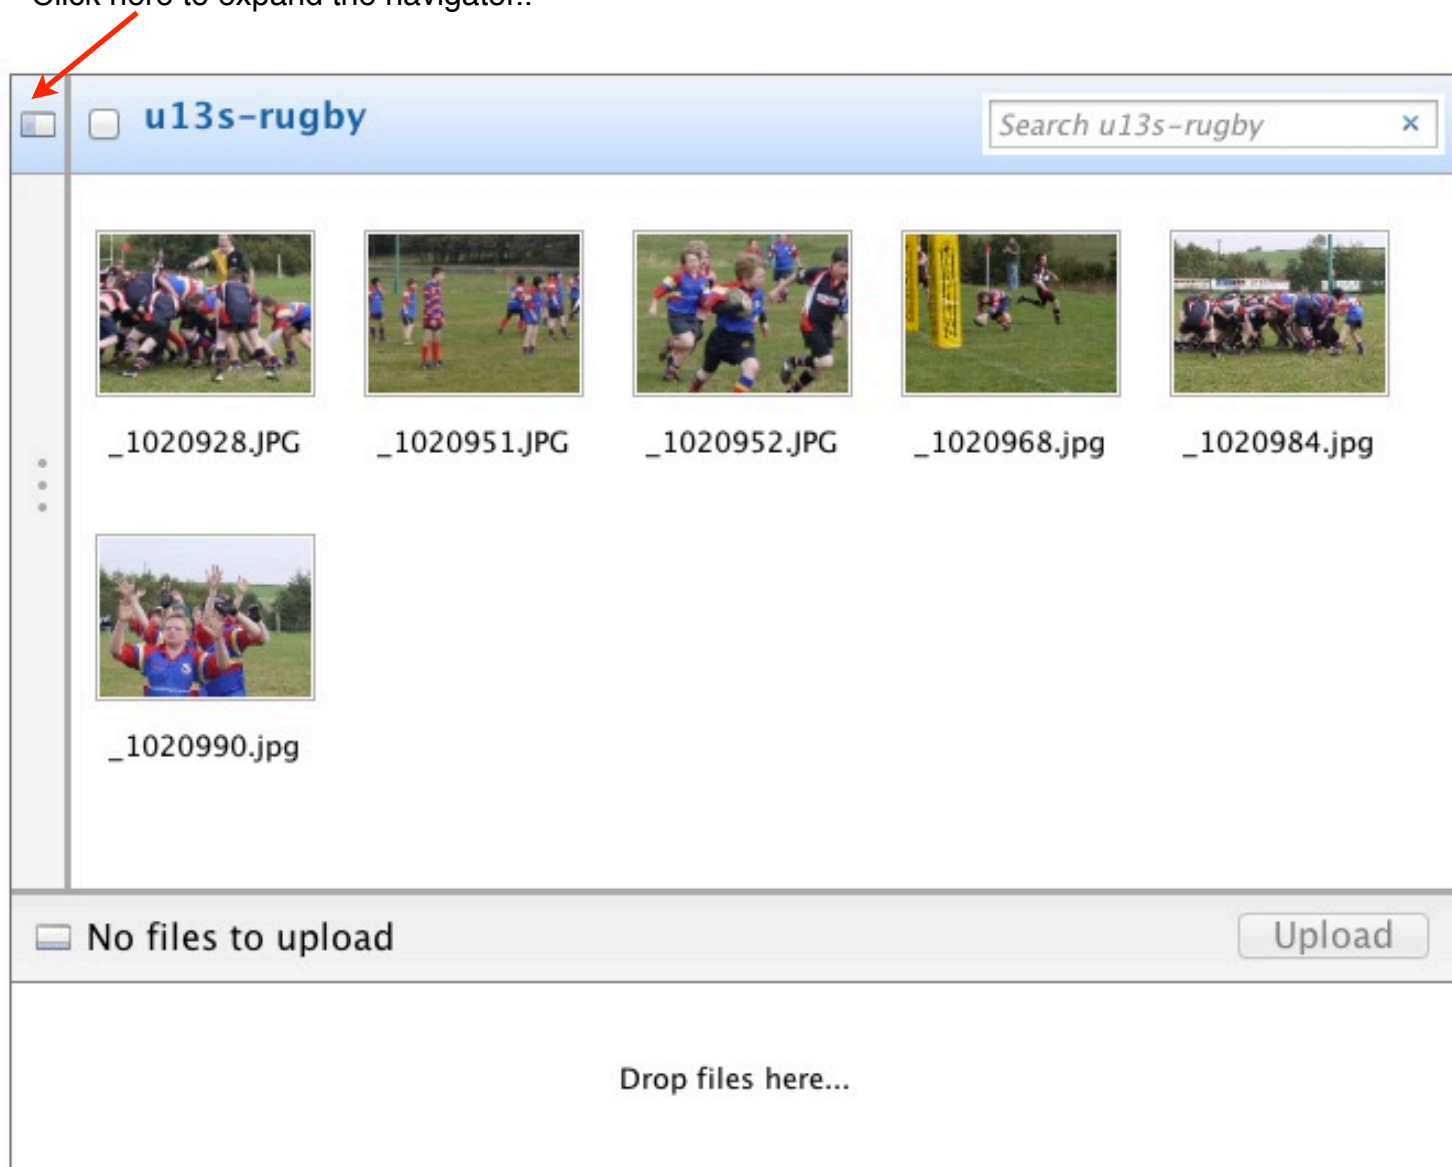

Notice for users of Internet Explorer 64bit

Our image uploader has been upgraded and now works on 64bit platforms.

In the meantime, use our [simple uploader](#) or [download a different browser](#).

If your photo uploader looks like this then you will need to expand the navigator to be able to select the right folders on your computer.

Click here to expand the navigator..

With the navigator open you can now navigate to the folder on your computer where the photos are stored.

No files to upload

Upload

Drop files here...

If you want all the photos in the folder to be uploaded then click here

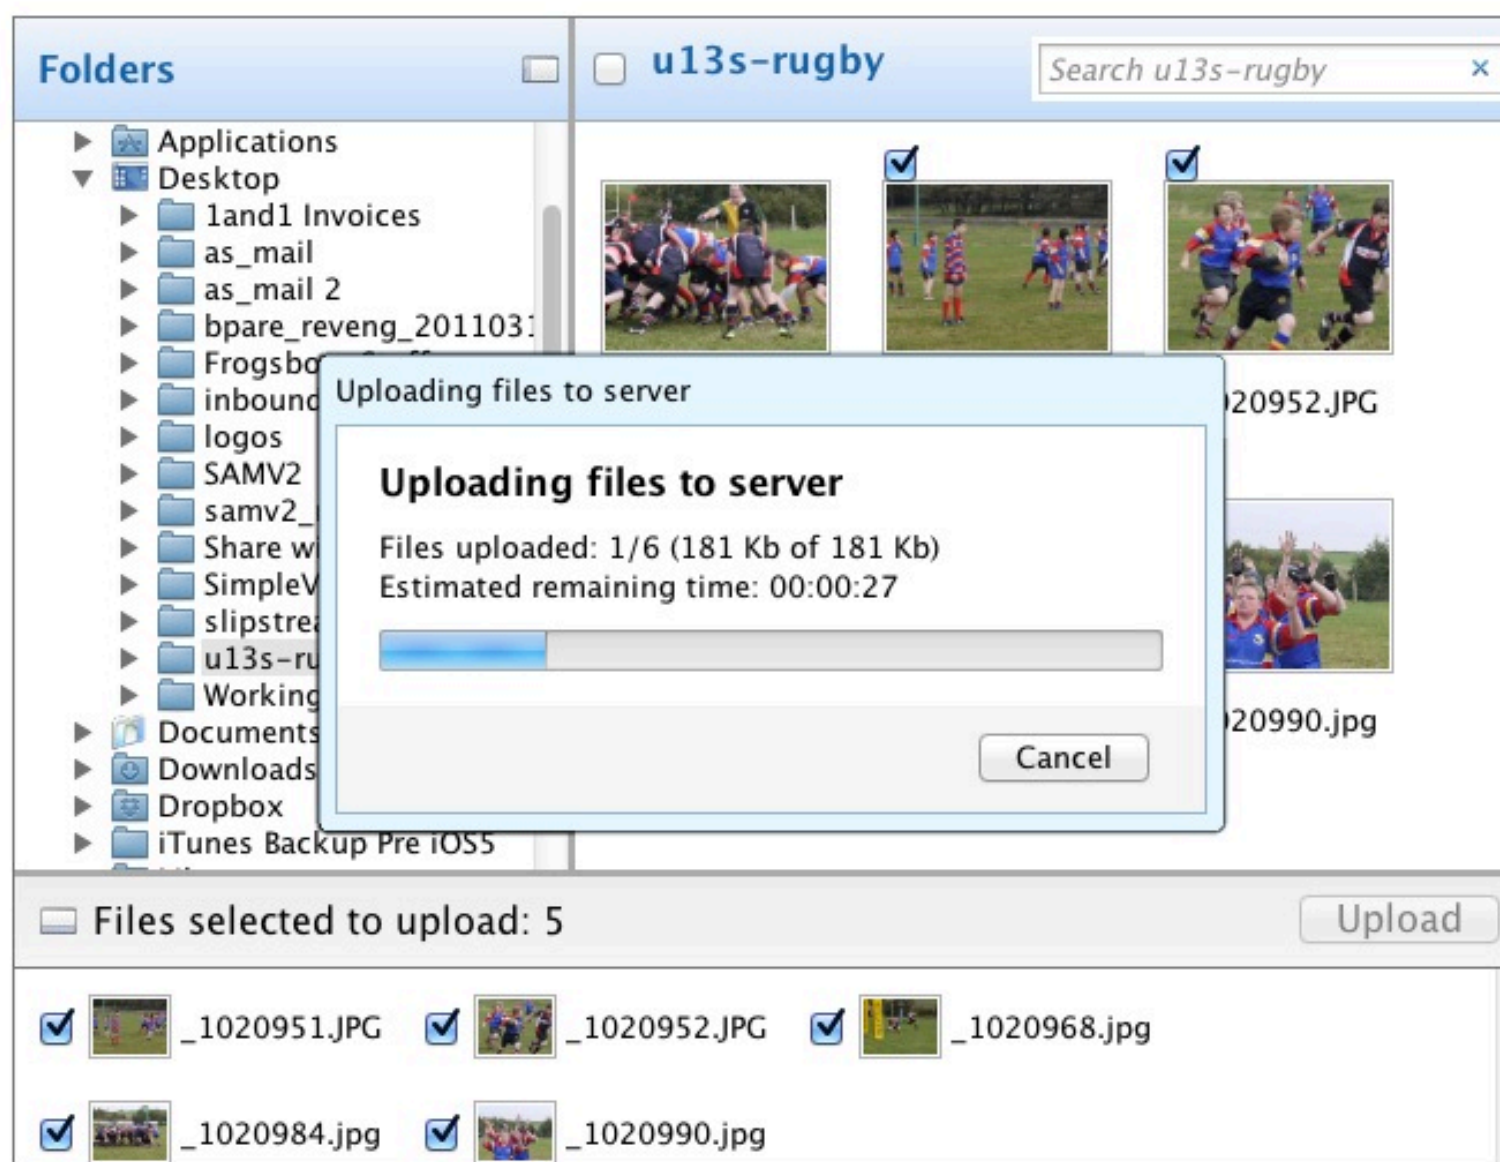

If not, then just click the checkbox next to each of the photos you want to upload.

If you have photos on your desktop, you can drag and drop them into this area and they will be added to your upload.

When you're happy with the photos, and you want to upload them then click on the upload button..

You should see a screen like this, whilst the files upload..

When the files have finished uploading then you will see a screen like this..

Photos

Existing Photos > Edit Album

Options: [Upload into album](#) | [Re-order images](#) | [Delete album](#)

Save

Album title:

☒ Album cover

New Album

☐ Delete image

Caption:

You can enter an album title, enter a caption for each photo and decide which photo should be displayed as the album cover. When you're happy with your changes, click the Save button

The following screen should then be displayed. Now we need to share the photos with the club website, at the moment the photos are only visible to you, NOT the club.

Click here to start the sharing process..
