

LAWS FOR HOSPITALITY VENUES

In order to follow the new laws as well as the guidance provided the following will be in place.

Masks—Whilst we will ensure all staff are wearing masks, it is also required that customers (apart from those with medical conditions and children under 12) now wear masks when entering and leaving the premises, as well as when walking around the building to use the toilet etc. Masks can be removed when at your table. You do not need to wear a mask if you are outside

Table Service—Take a seat and somebody will come and take your orders and contact details for 1 member of the table. No more than 6 per table and please refrain from socializing with other tables. This also includes the COFFEE MACHINE

Track & Trace—By law we have registered for the NHS Covid-19 App, so please download the app to your phone and check in when you enter the building by scanning one of the QR codes you will find around the room. This is still required even if you have checked in pitch side to watch a game.

Please remember these are now enforceable by law, so both yourself and the clubhouse are liable for a fine. So please don't be offended if our staff ask you to follow the rules
