

Guidance for use of New Lane pitches at Appleton Thorn

Notes:

1. The club have paid for the use of x1 rugby pitch at the New Lane playing fields.
2. Please advise Nick Stafford if you intend using them.
3. Post protectors and flag poles will need to be arranged
4. Appleton Boys Football use the football pitches to the West, by the car park, which is often full.
5. If you have to park on the roadside, please respect local residents property and only park on the pitch side of Lumb Brook Road (yellow on the map.)
6. There is also parking available at the Thorn Inn (WA4 4QX), which is only a few minutes walk but please take care as the roads can be busy.
7. There is space for a few cars at the east end of New Lane short of the junction with Grappenhall Lane. There is access to the fields here, and this is best left for those vehicles with post protectors (if used) and other equipment.
8. Coaches please do a sweep/check of their playing areas for waste/litter before and after using them.
