Main Website Joining Instructions

Moving forward into this season the club are trying to use the Pitchero website for the official communication route for the whole club #OneClub.

There is a fair amount of work to get this set up and running to ensure that all parents and players are logged in the system and are receiving the information correctly but, once we have, the opportunities and benefits for everyone should be great in terms of quick simple communication for age groups and the club.

Potentially all fixtures and training sessions can be listed on the main Sils site and on the Pitchero Club App. The app can become the main tool for both parents and coaching staff for setting availability, publishing fixture information and squad updates. Coaches can also post game scores at pitch-side using the Pitchero Mgr App.

The app also has other features so Club news can be sent out to everyone directly very quickly.

Therefore, all parents and players are asked to register on the site and download the app as described below. As we are still piloting this and bug-fixing, I'm sure your age group will still use their current communication method (e.g. Whatsapp and/or email) until we are sure Pitchero is fully functional.

Many Thanks

#OneClub Comms Team

Joining the Sils main website.

This is to create an account with Pitchero as this does not always seem to happen automatically when you pay the club subs. There are no fees involved in doing this, it purely ensures that you and your player(s) will be on the site and will appear within your age group on the Pitchero system.

1. Open Sils homepage.

<https://www.silhillians.com/>

2. Click "JOIN" and complete this section and then click "Join this club". Remember to use an email address that you use and are happy to receive club updates and news on games etc.

You need to do this for yourself as a parent and for each of your children as players. Remember to make a note of your password as you will need this to log in to the homepage and the app.

Note. Due to our players age they are not allowed to have an email address or mobile numbers registered on the site so please use yours not theirs when you register them.

- The next step will take you to this page showing you how to download the app. More info on that below.

- You will be sent an email to verify your email address, once you have done that login in by clicking "LOGIN" next to "JOIN".
- When you have logged in go to the "TEAMS" tab and select your age group, here you will see the squad, fixtures, news etc. You can bookmark the relevant page. Once you have set your team then this will enable the app to automatically load the correct team information.

Silhillians RFC – Pitchero Club App

1. Open the App Store to Google Play and download the Pitchero Club App

2. Install the app and then log in using the same details you used for the Sils main page. (email address and password)
3. Now you can see upcoming games, training, squad selection, news etc.
4. One of the best features on the app is being able to set player availability as a parent of that child. This can be done for the whole fixture list not just the coming week. This helps for squad selection during holidays, school games etc.
5. To do this click calendar icon next to the home button on the bottom tab. You can see all the games and training sessions list.

- Now click on the fixture that you want to set availability for.

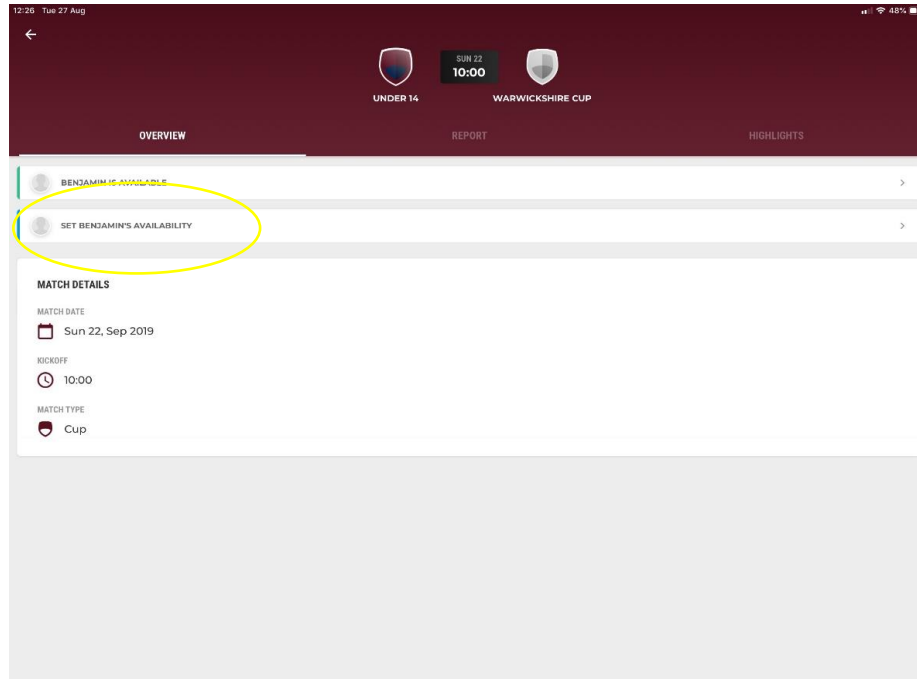

- You will see this screen, click on set “your” child’s availability. The coaching staff will then be able to see your child’s availability. **Please do not use the “maybe” selection as this will be removed from the app soon as it is of very little help to the coaches.**

8. Through the app you can also message other Sils members (parents), check squad selection and pay membership etc.
9. You can turn on or off the Sils main club messages by going into the menu and deselecting the teams as required.
10. The App has several other features particularly the Club News section which will have details of events happening at the club.
