Say Hello to our Mascots!

Barnsley Women's Football Club would like to welcome this week's mascots who are a team that has grown in strength over the past three seasons – **Doncaster Belles Under 11**. They were originally a group of 10 girls playing 7-a-side, and then, more recently, moving to 9-a-side and growing to a team of 13. Each new player who has been added to this team has slotted into the already strong team bringing their own talents and strengths.

As well as being an amazing team on the pitch, they all have fantastic parents who are willing to travel any distance to support them, giving this team a real family feel. As a footballing family we have been to watch many inspirational women's teams, including England and Manchester United. Together we have also been for fun team building days out, including walking Mam Tor, as well as weekends away.

The girls have had a number of incredible achievements within their short time together winning leagues and tournaments scoring many goals along the way and conceding very few.

The Reds look forward to seeing you on Sunday!
#doncasterbellesu11 #greatparents #inittowinit

Welcome Back!

**WELCOME BACK - fans, families, friends and
BWFC players and staff.**

A warm welcome to our visitors today,
Middlesborough, who are travelling to play us in
our fifth league game of the season.

To those of you who are joining us for the first
time this season, welcome to Houghton Main,
where we are playing today due to the Sheffield
Eagles playing at the Olympic Legacy Park.

Reflecting on last week's performance, I saw
fantastic signs of character, grit, and
determination from my team in what turned out
to be a very scrappy game but saw us take all
three points with an Amy Beck winner in the last
few minutes of the game. I thought all in all our
team deserved all three points and put our
fourth set of three points on the board. We are
still yet to concede from open play, conceding
just one in the league so far, with a penalty being
the only goal to concede. My favourite part of
last week's game was seeing the celebrations of
AB's header. The pure passion from the whole
group is something I've rewatched more than
100 times this week!

Today we host Middlesborough, a team who
have seemed to have an inconsistent start to the
season, picking up crucial points along the way.
Today, again, on home turf we are eager to
cement another 3 points on the board and
another solid team performance to build on our
previous performances.

Come on you reds!

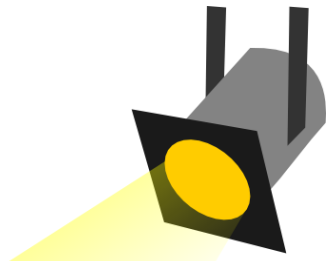

Thank you for all your support, enjoy the game.
#UReds #Together

Best wishes,
Lo

Spotlight on!

James ...

The BWFC team would like to welcome one of our newer team members James Parmley and we decided to get up close and personal to find out a bit more about him!

James has joined us as a coach on the BWFC's Emerging Talent Centre (ETC). The ETC is now in its second season and is run by our first team manager, Lois Daniels and is designed to identify and develop potential players aged 8 to 16. We are part of an initiative to increase and diversify the talent pool and gives more girls than ever the chance to take their first steps on the pathway towards playing professional football and following in the footsteps of the inspirational Lionesses.

How did you find out about the ETC and what made you want to work with us? After two conversations with Steve the CEO, I knew it was the right club for me. It allows me the opportunity to use the skills I've developed throughout my career whilst working in a club that shares my ambition.

You are doing a PhD, tell us about it. The PhD title is "*the evaluation of contact load in rugby league*" in short determining how the amount and intensity of contact load (e.g., tackles and wrestles) players experience during training and matches.

What are your ambitions for the future? In the future, I hope to continue aiding teams and athletes achieve success whether it's in a practical or research capacity.

What's your most treasured possession? My collection of football shirts collected throughout my childhood.

What's your life's moto? "Live to impress yourself, not others."

What's your go-to film when you want to kick back and relax? Star Wars - The Empire Strikes Back

We would like to extend a warm and heartfelt welcome to one of our valued sponsors for joining us today and making this match possible.

JJSD Projects

Their support is greatly appreciated, and we look forward to a fantastic game ahead

JJSD projects –

Our services have been optimised for fast paced commercial environments. Over 20 years we have dedicated our time and efforts to build a business that produces high quality construction services. We work closely with some of the most recognised contractors in the UK, and have established a name for ourselves in Barnsley and surrounding areas, which is where we have been based for the duration of our time.
