

# CHINNOR Rugby Football Club in Thame

Date:

To Whom It May Concern:

This letter is to inform you that ..... in year..... was involved in an incident either rugby training or during a rugby match with Chinnor Rugby Club on .....

Unfortunately he displayed one or more of the signs and symptoms of suspected concussion so it was decided to remove him from the pitch.

Chinnor Rugby Club takes our player welfare very seriously and follows the RFU's guidance on return to play after suspected concussion. This means that the recommended earliest return to all training and/or match play is at least 23 days following the incident.

Full guidance on this and information for parents, coaches and teachers can be found at [www.rfu.com/concussion](http://www.rfu.com/concussion).

Yours sincerely

For and on behalf of
