2. Contacting the emergency services

Old Silhillians HC

The Clubs postcode is B93 9LW

Procedure:

- Keep calm, speak clearly
- Give your name - state the service(s) that you require
- Give full name, address and telephone number of the club/ facility/ school
- Location, details and time of the accident/ incident
- Number of casualties and their condition together with the details of any treatment which is being administered or has been given
- Access point for ambulance
- Someone should be instructed to meet the ambulance which will aid the medics to reach the casualty as quickly as possible.

3. Fire

On discovering a fire the nearest fire alarm must be activated. Do not attempt to tackle the fire unless safe to do so (i.e. the fire can be quickly extinguished with the minimum of risk to self).

It is the responsibility of the club committee to ensure that all members and staff understand the basic fire precaution arrangements and procedures:

- The location of fire alarms and how to use them
- The location of fire exits
- The location of assembly points
- The location of fire extinguishers and fire fighting equipment

A fire point should be allocated. If evacuation is necessary it is important to remember the following golden rules:

- Do not stop to collect personal belongings or allow others to do so
- No heroics – People before property
- Close doors behind you

- Do not use any lifts
- Do not re-enter the building or allow others to do so until instructed by the Fire Officer in charge.

4. Theft or facility break in

Complete an incident report form to record the name, address and telephone number of the person whom the theft has occurred against. The person should be asked if they wish the theft to be reported to the police.

If there are reasonable grounds to suspect that a particular person may have been involved in the theft then the police must be contacted and the person informed that this is the course of action being taken.

If the person is still on the premises then they cannot be physically restrained or held against their will, the same is applicable to the person's property or clothing as this constitutes assault. Every effort should be made to detain the person until the police arrive. An incident report form should be completed.

5. Assault

Should an actual or alleged assault incident take place the senior officer available should be informed or summoned if on the site.

The incident should be investigated in an attempt to find the background factors that led to the assault and seek witnesses (names and addresses to be taken). Where injury has been sustained, first aid should be provided and if necessary the ambulance and police service should be called. An incident report form should be completed.

6. Drug/ alcohol abuse

All persons found to be under the influence of drugs and/ or alcohol shall be escorted off the club site by the most senior officer available. It is important that club members or staff do not unduly place themselves at risk when dealing with disruptive or threatening behaviour relating from drug or alcohol abuse: in all such cases the police service should be summoned. In serious cases (i.e. unconscious casualty) the ambulance service must be called. During the interim period the casualty should be treated by a qualified first aider.

In such cases discarded items such as drug packaging should be brought to the attention of the ambulance service; this information may be vital to the emergency services to enable them to provide the appropriate care and treatment.

These Emergency Procedures have been adopted by OSHC.
