INTRODUCTION

MITRE PROSTAR

Combining 300 years of heritage in football, Mitre and Prostar are two of the oldest British sports brands. We have been delivering to players and teams the products they need to play and enjoy the game; wherever, whenever and regardless of spend, standard or age.

We aim to be the leading team sports brands on the field of play. With expertise in all areas of the game, we offer the ultimate one-stop-shop for all your kit and equipment needs, with a breadth of range that ensures availability, no matter what your budget.

We know what customers want, and our unrivalled customer services team will deliver your products from stock, on time and in full, so you will never have to wait long to receive your order. To top it all off, we have a state-of-the-art customisation facility which allows you to add your club's brand and numbers to kits and bags, as well as the possibility of ordering balls with your own club badge.

INTRODUCTION

MITRE PROSTAR

With 300 years of combined heritage in football, here are just some of the key dates that shaped us as brands.

1964 Denis Law - one of football's first super stars becomes official Mitre spokesperson.

1939-45 Following their commitment in the war effort between 1914-1918, the Wakefield factory once again concentrate on the production of military socks for urgently required Army, Navy and Air Force supplies.

1966 Mitre the English

1996 Stuart Pearce scores a penalty at Euro 96 in Mitre boots.

1992 Mitre becomes the official ball supplier to the newly formed Premier League introducing the Ultimax - the first professional synthetic football.

2010 Prostar become the official kit supplier to the England School Boys under 18's...

2
All
Ma
we

is first choice for FA, lasting 40 years.

1962 Greetings from the Pinnacle Club Jagdula Expedition, proudly wearing Star (Prostar) socks on another adventure...

1958-9 Star socks are worn by amateur cup winners, Crook Town, in the cup final at Wembley.

1974 Star has expanded into Jerseys and Shorts production, the only football kit company in Europe manufacturing the entire kit on one site

1888 When the world's first football competition 'The Football League' was founded, Mitre's factory was already stitching footballs.

2009 Mitre sign Australian No 1 Goalkeeper Mark Schwarzer to wear the Mitre gloves

2007 Mitre Launches revolutionary Revolve football where each club in the Football League & SPL plays with its own club coloured and badged ball... The first time this has ever happened

MAKE BOBBY PROUD

MITRE IS PROUD TO SUPPORT THE BOBBY MOORE FUND

Courtesy of Getty Images

Footballing legend Bobby Moore, gave the nation its proudest moment in football history, when he captained the England team to World Cup victory in 1966. With a career spanning over two decades and a reputation as one of the best defenders in the world, Bobby Moore is a true sporting hero.

The world's greatest footballers could not beat him, but sadly in 1993, at the age of just 51, Bobby died of bowel cancer. Bowel cancer is the second most common cause of cancer death in the UK. Thanks to research, more people are beating this disease than ever before and the chances of dying from bowel cancer have fallen by 30% since the Bobby Moore Fund was set up in 1993.

The Bobby Moore Fund was established by Stephanie Moore MBE, in partnership with Cancer Research UK, to raise money to fund research into bowel cancer and increase awareness of the disease.

Research is vital to saving lives and the Bobby Moore Fund campaign 'Make Bobby Proud', helps raise awareness of bowel cancer and encourage people to fundraise for research to help beat this disease. The Bobby Moore Fund are thrilled to announce that Mitre are supporting this campaign.

You too can show your support and help to 'Make Bobby Proud' by texting Hero065 to 70070 to donate £5 to the Bobby Moore Fund.

For more information please visit www.bobbymoorefund.org

Cancer Research UK is a registered charity nos: 1089464 in England and Wales, SC041666 in Scotland and 1103 in the Isle of Man

*100% of your donation will go to Cancer Research UK's Bobby Moore Fund. UK residents 16+ only. See T's and C's at bobbymoorefund.org

FIVE-A-SIDE

Whether it's 5 a-side, 7 a-side or futsal, these formats of football have increasingly become an integral part of the modern game. With over 1.5m adults playing every week and 30,000 teams playing in organised and competitive leagues, Mitre have created a range that ensures that you maximise your potential every time you step out onto the pitch.

Great affordable kick-about ball for the next generation
 Nice and light at 360g – just the job in the garden
 Perfect for developing close control and individual skills

MINI ACE mini

pattern	32p	SRP	£5.00
construction	machine stitched		
code	size	colour	
BB9012BQ1	mini	blue/yellow	
BB9012WD9	mini	white/blue	

The ideal size 1 gift ball for enthusiastic youngsters
 Perfect for developing close control and individual skills
 32 panels keep the ball in shape for longer

SUPER DIMPLE specialist

colour	white/blue/red	SRP	£9.00
code	size	pattern	construction
BB9007WP4	5, 4, 3	32p	moulded

The original 32 panel dimple ball – forget low maintenance, this is no maintenance - great for schools

Moulded outer with dimples – guarantees long lasting performance on any surface

So durable it comes with a 2 year fair wear and tear guarantee

MINI SOCCER MATCH specialist

colour	white/navy/silver	SRP	£12.00
code	BB9013WAS	size	4, 3
		pattern	32p
		construction	machine stitched

The specialist match ball for mini soccer.

The first choice for Mini Soccer coaches, built to official specifications
Lightweight and lively – perfect for younger players making the step up to match play

Soft and strong – and plays equally well on grass and astro

ASTRO DIVISION specialist

colour	white/black/silver	SRP	£17.00
code	BB8037WBS	size	5, 4
		pattern	32p
		construction	hand stitched

Specialist match ball designed specifically for artificial surfaces
32 panel build is designed with 'astro friendly' lower air pressures in mind

Outer coating is embossed to make it a durable season-long performer

CYCLONE INDOOR specialist

colour	yellow/purple/black	SRP	£17.00
code	BB9016YPB	size	5, 4
		pattern	18p
		construction	moulded

An entry level, affordable option for indoor players

With reduced 50 per cent rebound, it's perfect for the sports hall

Made from 18 panels of needle felt with reinforced bladder to keep it in shape

SAMBA TRAINER specialist

colour	white/silver/yellow	SRP	£15.00
code	BB8303WSY	size	2
		pattern	18p
		construction	hand stitched

Popular size 2 training ball endorsed by Futebol de Salão

Designed to develop Brazilian-style control and technique – but we can't guarantee it!

Specially weighted ball with reduced 20 per cent rebound

INDOOR V5 specialist

colour	yellow/black/red	SRP	£12.00
code	size	pattern	construction
BB8302YBR	5, 4	32p	machine stitched

It's the start of a new era: a ball that brings the outdoor game indoors. Combines high performance and reduced rebound with new soft grade TPU.

It's easy to control thanks to a matt surface – no need to adapt your game for indoors.

INDOOR V7 specialist

colour	yellow/black/cyan	SRP	£15.00
code	size	pattern	construction
BB9014YBC	5, 4	32p	machine stitched

The match quality ball that brings the outdoor game indoors. Traditional felt surface is updated with innovative foam-backed soft feel PU.

The reinforced core with reduced 50% rebound – perfect for frantic indoor play.

FUTSAL NEBULA futsal

colour	white/purple/silver	SRP	£18.00
code	size	pattern	construction
BB8306WPS	4	32p	hand stitched

An ideal introduction to the fun of a Futsal match ball. Hardwearing grain surfaced ball, with reduced 30 per cent rebound. Built with a high air retention bladder so it keeps its shape and pressure for longer.

FUTSAL TEMPEST futsal

colour	white/red/black	SRP	£15.00
code	size	pattern	construction
BB8307WG7	4	32p	hand stitched

For Futsal players who prefer a softer touch training ball. Hardwearing 32 panel construction, with reduced 30 per cent rebound.

Made from hand stitched soft touch PVC, so it resists the roughest Futsal surfaces.

BALL USAGE & SUITABILITY

BALL CARE AND PRESSURE

Care should be taken when inserting the inflation needle into the ball to prevent damaging the valve and bladder. Mitre Glycerine should be used to allow the needle to be inserted smoothly. This is particularly important on initial inflation as the wall of the bladder can be punctured if the needle is pushed in too far before any air is pumped in.

The amount of pressure in a ball will significantly affect the performance and durability of the ball. Pressure should be checked regularly as not only do balls gradually lose air through the wall of the bladder, but temperature can also alter the pressure by 1 psi for every 10 C.

The recommended pressure is printed on the ball and this should be checked regularly with a Mitre pressure gauge.

If the ball gets wet during play, it should be dried in an airy place and not force dried with heat as this may damage the ball.

RECOMENDED SIZES

Ages 6-9	Size 3
Ages 9-14	Size 4
Ages 14 plus	Size 5

BALL QUALITY AND SUITABILITY

PRO

Designed to deliver performance and manufactured to highest and tightest specification. Developed with Pro clubs throughout Europe. Mitre Pro footballs deliver the ultimate in power, accuracy, consistency and control.

MATCH

Mitre match balls are designed for all ages to perform at the highest levels of the game week after week. That's why Mitre balls are used by more amateur clubs than any other brand. So whether you're a semi pro or a junior player Mitre has a match ball to suit your game.

TRAINING

Developed to perform for hour after hour of rigorous training, Mitre training balls provide great playing characteristics with long lasting durability and reliability.

RECREATIONAL

For the stars of the future, ideal for a kick about in the park or a game of heads and volleys and other skills practice. Mitre recreational balls are specifically designed for fun and leisure. Check icon on ball for specific surface and weather usage.

SPECIALIST

Designed for specific playing occasions such as 5-a-side, Futsal, astro turf or Futebol de Salao. The Mitre experts have developed a range of balls that can deliver top performance whatever game you're playing.

DIFFERENT SURFACES

ASTRO TURF

There are many different types of astro turf from the pure synthetic fibre to filled fibre where fillings can vary from sand to ground rubber. All have one thing in common they react with the ball like hard ground, increasing the bounce. Also many have much less drag/grip on the ball than natural turf. Because of this we normally recommend reduced ball pressure to 7-9psi to slow down the ball and grain finish material to increase the drag. A part worn shiny ball also gives this effect. Many artificial pitches are surrounded by fences and walls which can easily damage the ball so we highly recommend more economic balls to reduce the cost of replacing damaged balls.

SYNTHETIC SURFACES

Asphalt and treated concrete. Not all synthetic surfaces are astro turf. On most, abrasion is the main problem and we have a range of economic training balls and high abrasion match balls which will cope with these surfaces.

SPORTS HALL

Wooden tiles, carpet and indoor pitches. All are dry so water absorption is not a problem, but the abrasiveness varies widely so it is important to consider this before recommending any particular ball. Some games have special requirements such as low or reduced rebound and Mitre has reduced rebound balls for Futsal, indoor, calcetto and Futebol de Salao.

NATURAL TURF

Natural turf pitches vary enormously in different countries, different seasons and different levels of play. As well as performance level we need to consider abrasion, water absorption and required use before recommending balls for natural turf. If the ball is to be used for training only then economy and durability are most important, if to be used for a match or match practice then performance is more important.

TRAINING POLE SET

colour yellow
 code A6100YR3 size range 170cm
 SRP £60.00 pack size 12

Set of 12 poles with metal spikes
 Ideal for agility training / change of direction
 Complete with carry bag

TRAINING HURDLE SET

colour yellow/orange/blue
 code A5007AYA1 size range 6" pack size 6 SRP £33.00
 A5007OA1 size range 9" pack size 6 SRP £38.00
 A5007BBA2 size range 12" pack size 6 SRP £42.00

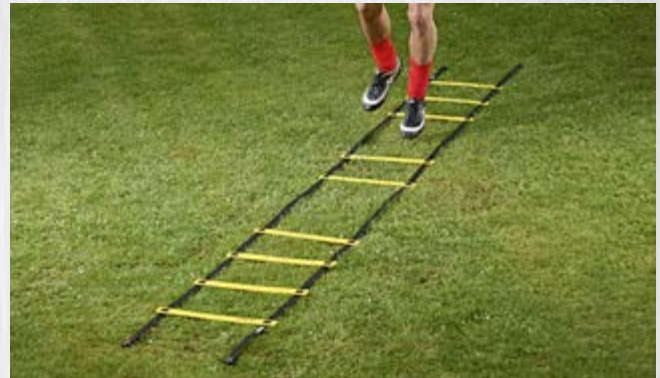

Set of 6 training hurdles
 Designed to improve co-ordination, speed and power
 Complete with carry bag

AGILITY LADDERS QUAD

colour red/blue/yellow/orange
 code A4003AAA size range 2 metres
 SRP £45.00 pack size 4

Set of 4 x 2m ladders in different colours
 Can be assembled together thanks to rapid clips
 Complete with carry bag

AGILITY LADDER adjustable rungs

colour yellow
 code A3084YA1 size range 4 metres pack size 1 SRP £17.00
 A3084YA1 size range 9 metres pack size 1 SRP £30.00

Rapid clip at each end allowing user to connect multiple ladders
 Designed to improve foot speed and co-ordination as well as knee and ankle stability, complete with carry bag

RESISTANCE CHUTE

colour **black** SRP **£17.00**
 code pack size
 A4005BA1 1

Air resistance chute designed to build speed and power
 Complete with carry bag

AGILITY RINGS

colour **red/yellow/green/blue** SRP **£20.00**
 code size range pack size
 A4004AAA Diam 48cm 12

Set of 12 flat rings
 Complete with carry bag

AGILITY SPEED TRAINING KIT

code pack size SRP **£120.00**
 A3092AAA 1
 6 x Adjustable hurdles 6"-12" 10 x Hat cones 9"
 40 x 2" Dome shaped cones & stand 2 x 4m Agility ladders
 1 x Heavy duty polyester carry bag

SAFETY CONE AIRCUT

colour orange SRP £1.25
 code A3106OA1 size range 9" pack size 1
 Collapsible cone, ideal for safety

CONE

colour yellow SRP £2.35
 code A3107YA1 size range 12" pack size 1

50 SPACE MARKERS

colour multi SRP £18.00
 code A3007AAA size range 2" pack size 50
 Set of 50 multi colour space markers
 Designed for agility training, body control, direction change, and ball control in tight spaces
 Complete with mesh carry bag and cone holder

MINI CONE SET

colour multi SRP £7.00
 code A3008RA1 size range 9" pack size 4
 Set of 4 9" cones
 Complete with mesh carry bag

FLAT SPACE MARKERS

colour multi SRP £25.00
 code A9113MUL size range 20cm pack size 20
 Flat space marker, ideal for use on hard surfaces such as astro turf and indoor
 Non slip rubber. Complete with mesh carry bag

SUPER SPACE MARKER

colour orange/yellow SRP £40.00
 code A9107MUL pack size 20
 Multiple use giant space marker, ideal as a boundary marker
 Can be used in conjunction with the super space marker pole set to create multiple training options
 Complete with mesh carry bag

FOLDABLE HURDLE SET

colour orange/yellow
code A9104YA1 size range 9"

SRP £80.00
pack size 10

Set of foldable hurdles
Ideal space saving option
Complete with carry bag

TRAINING ARC SET

colour yellow
code A9106YA1 size range 20"

SRP £45.00
pack size 6

Set of 6 passing arcs with metal spikes
Complete with carry bag

FOLDABLE CORNER FLAG

colour white
code A9111WA1 size range 1.5 metres

SRP £35.00
pack size 4

Set of 4 foldable corner flags, complete with flag and carry bag
Removable spike and can be used with hard ground base
Bungee cord core for easy assembly

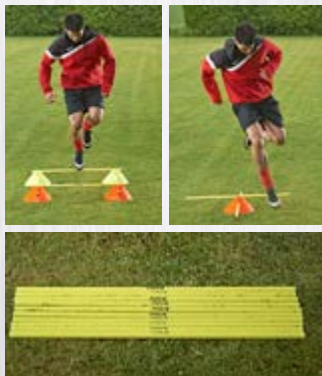

STANDARD CORNER FLAG

colour white
code A9110WA1 size range 1.5 metres

SRP £30.00
pack size 4

Set of 4 corner flags, complete with flag
Fixed spike
Complete with carry bag

SUPER SPACE MARKER SET

colour yellow
code A9108MUL size range 1 metre

SRP £30.00
pack size 10

Set of 10 super space marker poles, ideal for use with super space marker set to create multiple training options
Poles can be used as ground work markers
Complete with carry bag

EVASION BELT

colour black
code A9109MUL size range 15"

SRP £6.50
pack size 1

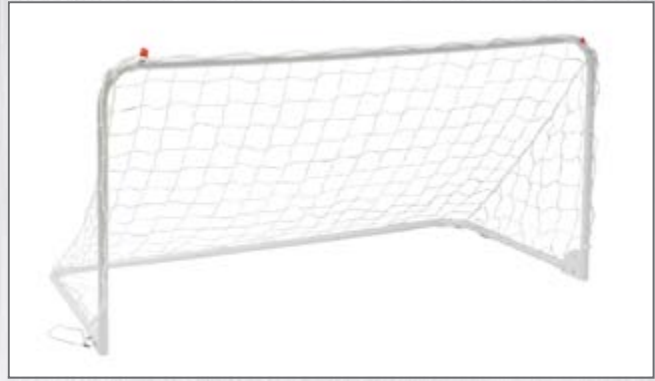

Ideal training device for man marking or player evasion
Complete with 2 pull tags per player
Complete with carry bag

FOLDABLE GOALS

colour	black	size range	pack size	SRP
code		121 x 81 x 81cm	2	£45.00
A4015ABAA				
A4015BAA		182 x 106 x 106cm	2	£55.00

Self assembly pop up goals. Complete with carry bag.

CUSTOMISATION

We offer a state of the art customisation facility that allows you to personalise your purchase by adding numbers, sponsors and club badges to your kits, bags, bibs, gloves and footballs.

With screen printing and embroidery options available, as well as a bank of standard fonts to choose from, we can service almost all your customisation requirements, no matter how simple or complex.

Even if your club doesn't have its own club crest, we can help you create one with our selection of standard badges, helping you build a professional and co-ordinated image and creating an environment where your players feel part of a team.

NAMES AND NUMBERS

PROSTAR NUMBER

Available in 22cm (9"), 10cm (4") and 5cm (2"). Heat applied
One colour: White, Black, Emerald, Navy, Royal, Scarlet, Yellow, Maroon, Sky

PROSTAR NAMES TO JERSEY BACK

5cm (2") Heat applied
One colour: White, Black, Emerald, Navy, Royal, Scarlet, Yellow, Maroon, Sky
When ordering please specify the name, jersey size and number (if applicable) for each jersey. Curved lettering is more suitable for jerseys with raglan sleeves.

PROSTAR INITIALS

5cm (2") Heat applied
One colour: White, Black, Emerald, Navy, Royal, Scarlet, Yellow, Maroon, Sky
When ordering please specify the initials, garment size and number (if applicable).

MITRE NUMBER

Available in 22cm (9"), 10cm (4") and 5cm (2"). Heat applied
One colour: White, Black, Emerald, Navy, Royal, Scarlet, Yellow, Maroon, Sky

MITRE NAMES TO JERSEY BACK

5cm (2") Heat applied
One colour: White, Black, Emerald, Navy, Royal, Scarlet, Yellow, Maroon, Sky
When ordering please specify the name, jersey size and number (if applicable) for each jersey. Curved lettering is more suitable for jerseys with raglan sleeves.

MITRE INITIALS

5cm (2") Heat applied
One colour: White, Black, Emerald, Navy, Royal, Scarlet, Yellow, Maroon, Sky
When ordering please specify the initials, garment size and number (if applicable)

UNLESS OTHERWISE REQUESTED WE WILL ATTACH NUMBERS 2-12 AND 14, 16 TO A SET OF 13 JERSEYS. PLEASE INDICATE WHICH NUMBERS ARE REQUIRED ON DIFFERENT JERSEY SIZES.

STANDARD BADGES

If you do not already have a club crest, we can help you create one using our 3 standard badges as shown.

Colours of badges 1 and 2 cannot be altered, although text can if required. Badge 3 is available as a single colour in all Stretchprint colours.

BADGE 1 - FOUR QUARTERS

Specify club name and colour of text above and/or below badge
Specify initials into top right hand quarter (maximum of 4 letters)
Top right quarter and bottom left quarter are the jersey colour

BADGE 2 - FOOTBALL

Two colour badge in White and Black with football
Specify club name and colour of text above and/or below badge

BADGE 3 - FOOTBALL WITH STAR

Complete badge/text available in all Stretchprint colours

STANDARD FONTS

You can choose from one of our 10 standard fonts for your sponsor print as shown. There will be no set up charge, and the lettering will be stretched to the maximum 32 sq inches/200 sq cm permitted by the F.A. unless otherwise specified.

APPLICATION OPTIONS

STRETCH PRINT

Highly recommended for most garments and bags. Unbeatable value and performance. Factory applied by PROSTAR and used successfully by Premier League and International teams. Durable prints giving a quality matt finish.

DIRECT PRINT

High definition finish for teamwear and trainingwear. Ideal for intricate sponsor designs and where Pantone shades need to be matched. Available in up to five colours. Developed for sportswear to withstand repeated washing.

EMBROIDERY

We are happy to quote for your requirements whether you have an existing tape/disk for your badge or require your own design.

Stretch

Direct

Embroidery

SIZE OF LOGOS

We print logos to the Football Association recommended size. However in some cases where the style of the logo is too wide it may not be possible to print to the maximum size allowed. It may also not be possible to print full sized logos on smaller sizes of jerseys 24/26 to 32/34.

YOUR ARTWORK

When applying your bespoke artwork to your kit the quality and type of artwork supplied will affect the accuracy of the reproduction and the speed of processing your order. When sending us your artwork please ensure it is saved in a PC drawing package, ideally Illustrator. Please ensure that all text is converted to paths/curves as this helps greatly in processing your order efficiently.

Many of our customer's designs require redrawing unless supplied in vector format, which ensures no loss of resolution when increasing or decreasing size. For artwork supplied in vector format, AI, EPS or PDF, we do not apply an artwork charge. If artwork is supplied in another format such as JPG, BMP, TIF etc and hourly artwork fee will be charged for turning the supplied artwork into a usable format.

IMPORTANT

- ORDER CHECKLIST FOR CUSTOM PRINTING
- Type of printing - Stretchprint or Directprint
- Colour(s) of printing on garments, bags etc
- Colour(s) of printing on goalkeeper clothing
- There may be an artwork charge if the quality is not suitable for reproduction
- Designs are resized to the maximum size permitted by F.A. regulations unless otherwise specified

GARMENT AFTERCARE

TAKING CARE OF YOUR GARMENT AND WASHING ADVICE

Our garments are made using high quality materials under strict quality control conditions. It should be noted that most fabrics discolour due to staining by substances such as mud and grass which may not be entirely removed by washing. We recommend removing as much mud from the garment as possible before soaking/washing.

Follow detergent manufacturers' instructions particularly with powders/liquids designed for heavy stains. Avoid products containing chlorine bleach that may damage fabrics, trims and decoratives.

Soaking garments in water and detergent as soon as possible can reduce discolouration. Use at least an equal amount of water by volume to that of the garments being soaked/washed. Make sure all parts are fully immersed. Pale garments such as White, Yellow, Sky and Tangerine may require more attention and the use of prewash soakers will assist in the removal of stains.

Do not overfill the washing machine with garments since if the ratio of water to garments is too small, dirt can easily be re-deposited. This can stain all the garments grey.

We do not recommend fabric conditioners on jerseys and shorts which may cause a build up of film on fibres. This can prevent the washing process from penetrating filaments and dislodging dirt. However, socks will benefit from fabric conditioners and softeners.

Prostar will not accept liability for discolouration or damage to garments which is attributable to staining caused by elements foreign to the materials used in manufacture.

CUSTOMISING YOUR GARMENT

Please check your order carefully before printing/embroidery as we are unable to exchange goods after customisation.

We will not accept responsibility for goods incorrectly supplied which are then printed or embroidered nor for goods incorrectly printed or embroidered by sources other than ourselves.

Many of our garments are manufactured using high quality sublimation print processes. Only trained operators should carry out any further process involving inks or heat.

We are unable to offer advice on the application of decorative products other than those it supplies and will not accept liability for any damage and/or discolouration attributable to decorative products applied by others.

CARE INSTRUCTIONS

SHINGUARD CARE INSTRUCTIONS

Mitre shinguards should be wiped clean using luke warm water and be allowed to dry naturally at room temperature. In order to prevent damage to the shinguard do not place on hot surfaces such as radiators.

BALL CARE INSTRUCTIONS

INFLATION

Care should be taken when inserting the inflation needle into the ball to prevent damaging the valve and bladder. Mitre Glycerine should be used to allow the needle to be inserted smoothly. This is particularly important on the initial inflation as the wall of the bladder can be punctured if the needle is pushed too far before the air is pumped in.

PRESSURE

The amount of pressure in the ball will significantly affect the performance and durability of the ball. Pressure should be checked regularly as not only do balls gradually lose air through the wall of the bladder, but temperature can also alter the pressure by 1 psi for every 10°C.

The recommended pressure is printed on the ball and this should be checked regularly using a Mitre pressure gauge.

AFTER CARE

If the ball gets wet during play, it should be dried in an airy place and not force dried with heat as this will damage the ball.

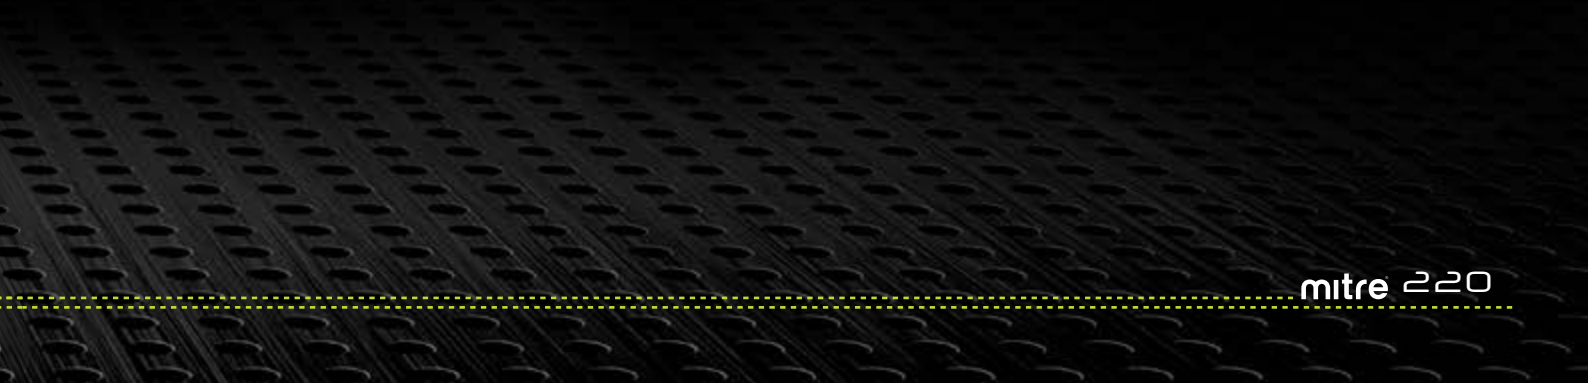

GOALKEEPER GLOVES CARE INSTRUCTIONS

The latex rubber used to manufacture Mitre gloves is of the finest quality giving optimum performance in both wet and dry conditions. Please take great care as due to the soft nature of the material we cannot guarantee high and sustained abrasion.

To ensure the best grip, latex should be washed in warm water prior to first use. Never use detergents or soaps and never use water above 30°C.

All latex palms should be moistened with clean, warm water before each use.

Hang gloves individually. Do not dry gloves in direct heat or near radiators.

Whether it's 5 a-side, 7 a-side or futsal, these formats of football have increasingly become an integral part of the modern game. With over 1.5m adults playing every week and 30,000 teams playing in organised and competitive leagues, Mitre have created a range that ensures that you maximise your potential every time you step out onto the pitch.
