

Club Referee Development

(including a club linesman workshop)

An Evening of Refereeing for Club Officials

This workshop will be divided into two parts, starting with a basic introduction to refereeing a football match, especially if you are required to officiate the match!

This will include, managing and controlling the game, whistle techniques, keeping a record of the game and administering cautions/dismissals and reporting misconduct.

The second session will assist you with 'running the line' as a club linesman, with specifics on your involvement, flagging techniques and a guide to the offside law.

Course Learning Outcomes

This workshop is suitable for parents, coaches, managers and club officials who wish to have a basic knowledge of the Laws of The Game and to use that knowledge to officiate a match when no qualified referee has been appointed.

It would also be useful for anyone who would like to increase their knowledge and learn more about the game as a taster to a full referees course.

Also as a club linesman you'll be able to assist the referee with some basic signals and an understanding of the offside law.
