Date: 16th January 2014**

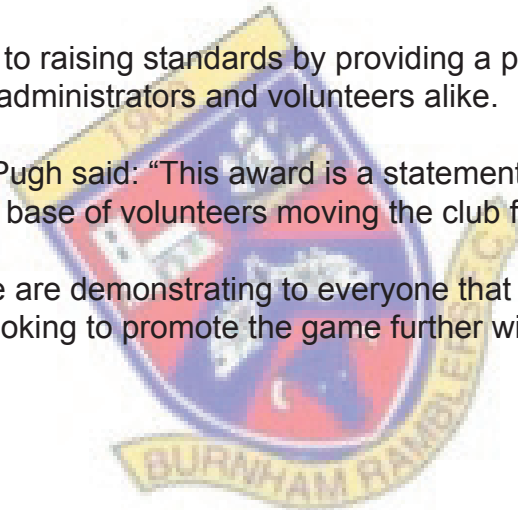

Burnham Ramblers Football Club have today (Thursday 16th January) received notification that their application to become a Football Association Charter Standard Club has been accepted.

The award is given to clubs proven to be well run, sustainable and, importantly, place child protection, quality coaching and safety as paramount.

Burnham Secretary Shaun Pugh said: "This award is a statement that we are a well-run motivated Club, with a good base of volunteers moving the club forward.

"By achieving this status, we are demonstrating to everyone that we are a well-organised and safe club, who will be looking to promote the game further within the community.
