

Saturday 23<sup>rd</sup> April – St. George's day

Is this a day that Dragons can win and pull off a survival miracle!

What a season CB Hounslow Utd 1<sup>st</sup> team have had to endure.

We at the club can only thank the management of team which unfortunately this season has seen 5 managers in one season.

Never in the history of the club have we ever seen such a management turn around.

But still, we can't look back, we can only look to the present and the future.

We must say a big thanks to Dave Hunt, Danny James, Thomas Kanek, Alex Wines & James Key who have done all they can to stabilise the 1<sup>st</sup> team without a budget. The vast number of players they have gone through, trying to find a good balance this season has been amazing. Players just playing for a badge and just for the game at that level has truly gone. Loyalty is a thing of the past at step 5 & 6 "money talks" unfortunately. But! For all those players they came to CB and tried their best, we thank them all.

Moving on. Whether we stay up or go down. Which depends on The FA movements. We will be making a senior management appointment to the 1<sup>st</sup> team, and we hope that TK, Alex & James stay on and work with the new appointment. We have a few talented players in the squad and we hope they stay on look to progress and improve upon their game.

A Club statement will be released on Monday 25<sup>th</sup> of the new appointment.

In other news. The club is fast growing back to its pre pandemic levels with additional adult sides and 6 additional new Youth sides.

Being back at Green Lane, we look forward to seeing a hive of activity for the coming seasons
