From the Dugout

Gary Alexander @29Gazalex

Good afternoon and welcome to Greenwich Borough for today's game against my former club and some former players, for the 3rd time this season. I'm sure were in for another tough game.

This week has not gone as we'd hoped, having suffered a defeat at the hands of Punjab, in a game where you can't gift teams goals, and we did, and we also gave away sloppy goals - do it early, as we did, and it gives the opposition something to hang on to. Then when chances come along, we need to be more clinical in front of goal, not just our forwards, but all over the pitch. Then onto Tuesday, Corinthian away, was probably the worst conditions to play football in and we ended up on the wrong side of a 3 - 2 scoreline, against a real hard working side. At times, I felt we matched them for work rate, but ultimately I felt we were 2nd best and it seems to take us to go behind before we up our energy and desire and this cant be the case, as it needs to be from the 1st whistle. Again gifting teams soft goals .

However, we need to stick together as a squad, work hard and find a way to get back to winning ways quickly.

Stick with us - keep believing and get behind the boys

Thanks for the continued support

Chairman's Corner

A very warm welcome to everyone from Greenwich Borough.

This is the first ever league Fixture to be held at Foxbury Avenue between the two sides.

A big thank you to Grace for organising the visit from The Sun 'Dreamteam FC ' last weekend. Firstly the guys, loved our club and secondly the amount of positive publicity we received was enormous .You can read their report on their visit in this programme.

Unfortunately our last 2 league fixtures have ended in defeat . Both were perfectly winnable matches ,yet we still give easy goals to the opposition and fail to convert our chances . Everybody is aware that our aim this season is promotion . It is not yet doom and gloom, however we are going to have to up the anti, and start to win a series of very tough matches . This starts today against a side that always causes problems .

Congratulations on the under 15 and 16 sides reaching the 1/4 finals of the London Cup

Today's match is our last home fixture before Christmas. I'd like to wish you Seasons Greetings at this time of the year.

Lets get behind the Foxes today , and cheer us on to to a much needed 3 points

Warm Regards

Rocky

A huge thank you to everyone @glebefootball for an absolutely incredible welcome today! We met so many amazing people. A fantastic club which I'd highly recommend visiting! Thank you especially to @GraceMcM22 for inviting us along. We had a fantastic time despite the result.

It was great to welcome Chris and Liam, a ground hopping Dad and Son, who visited Glebe last weekend. You can follow their journey on twitter and hopefully they will come back to the SCEFL again.

Senior Honours

Winner 2015/16 London FA Senior Trophy

Winners 2015/16 Kent Invicta League Cup

**Champions 2016/17 Southern Counties Eastern
Football league 1st Division**

Glebe FC were founded in 1995 by the present Chairman & his wife, Rocky and Grace McMillan.

From humble beginnings with just 1 U8 team, the club has progressed at various stages, today hosting over 20 Junior Teams, 1 Vets Side, 1 Ladies Senior Side, and of course the First XI. We now have over 300 club members.

We are based in Chislehurst Kent, with 15 acres of grounds comprising of 5 pitches, a new stadium pitch, floodlit training area, multi-purpose gym and a modern bar and reception rooms

It hasn't always been easy. For years Glebe were nomads, winning every Junior Trophy that could be won, including 10 London County Cups at various ages, but never seemingly able to find 'a home of its own'. However, we never gave up and moved into our 'New Home' in September 2014.

Also in 2014 Glebe FC won the prestigious 'London FA Standard Charter Community Club of the Year Award', voted by the Executive Committee of the London FA.

After progressing through the age groups and becoming a regular feature in Kent Youth Leagues, it was decided by the Committee, back in 2010, to form a Senior Section. We are now in our 5th Season. The initial 2 years we ground-shared at Holmesdale FC.

When Old Elthamians Rugby Club experienced differences with the Landlords, we were quick off the mark and signed a 25 year lease at Foxbury Avenue. With the help of the FSIF (Football Stadia Improvement Fund), we have built a stadium which we are really proud of.

Glebe FC continues to make new friends in its venture as a Senior Club. Having narrowly missed out on promotion in 2015/16 (where the winners of Sheppey v Glebe went up) Glebe went on to win step 6 by 12 points in 2016/17 as well as Runners Up in the London Senior Trophy. This is our third season in the Premier Division

We have a brief yet exciting history as a Senior Club, which follows an exceptional history as a Junior Club. Hopefully more trophies will be added in the years to come, in addition to the Cups and League success.

Today's Visitors

Formed between the two Wars, in 1928, the current incarnation of Greenwich Borough began life as the rather wordier Woolwich Borough Council Athletic Club and enjoyed instant success by winning the Woolwich and District League title in their first season of existence. However, after an unspectacular stint in the Kent County Amateur League in which they suffered more relegations than successes, the club dropped into the South London Alliance and enjoyed a huge upturn in fortunes, winning eight league titles in eleven years. A change in the London Borough boundaries was reflected in the club's renaming as London Borough of Greenwich Football Club in 1965 and, in 1977, a change of leagues as they moved up to the London Spartan League where they remained until 1984. It was in 1980 that the club's identity underwent its final switch and by the end of the decade Greenwich Borough had established themselves as one of the county's premier sides, having by now transferred back to the Kent League. But despite winning back-to-back league titles, they were prevented from being promoted to the Southern League when the council refused permission for the necessary ground improvements to take place. With just a couple of exceptions, Borough were annual top-half finishers from the late 1990s through to the latter part of the noughties, until their championship success of 2016 earned them promotion to the Isthmian League. After a few troubled years on and off the field Borough now return to the SCEFL Premier Division with a new Manager, a new home ground, but still the same hunger for success.

SCEFL NOTICE

"The Southern Counties East Football League strongly support recent FA statements that there should be a zero tolerance approach against racism and all forms of discrimination, accordingly any form of discriminatory abuse whether it be based on race or ethnicity, sexual orientation, gender, faith, age, ability or any other form of abuse will be reported to the relevant County Association for action by that Association."

"The Southern Counties East Football League supports the 'Swearing – Let's Tackle It' campaign and strongly condemns the use of foul and abusive language at football matches"

FRONT LINES This 8th tier club is doing much more than just producing England's next stars

Glebe FC make it their mission to take kids off the street and offer a route into the beautiful game

“When I was a kid in East London you could go to the park and put your jumper down and play football. When I got back from 15 years away, times had changed.”

Local communities and football clubs can often feel light-years apart, but Glebe FC owner Rocky McMillan is using the beautiful game to benefit youngsters living locally to the club he founded back in 1995.

The corporate boxes at Old Trafford are a stone’s throw away from Moss Side, an area of Manchester where young lives can easily go to waste.

Roman Abramovich can probably see the World’s End estate from his box at Stamford Bridge, but the gulf between the billion dollar industry and young would-be players appears chasmic at the top of the football pyramid.

Keen to ensure his children could develop in a safe and professional environment, Rocky – who had spent 15 years in the Middle East – took matters into his own hands upon his return to the capital.

He started Glebe FC to offer children some friendly training and competition in the Chislehurst area.

As a part of our [Football’s Front Lines](#) series we headed to South London to see the change the club has made to the community and what the future holds for the mighty Glebe FC.

Rocky and his wife Grace launched a single U8 side, originally for their sons, but the club has snowballed from a park for kids to come and play in to a 15-acre site with over 20 junior sides, one veteran’s side, a ladies team and the first XI.

Little did they think any of their players would go on to reach the very top of the English game like Arsenal’s Emile Smith-Rowe or Charlton’s Lyle Taylor.

The sense of community is there for everyone to see upon arriving at Foxbury Avenue;

DREAM TEAM

kids of all ages either training or watching the first team, friends and family in the well presented club house where you can have a chat with the manager or the chairman.

We managed to grab a word with the man himself who explained to us why he started Glebe back in the 90s.

Rocky explains it all began with a group of dads looking for a place where their sons could properly train away from school.

“As the dads got together a few of us just said, this isn’t really good enough, can we do something?” he says. “The school that boys went to had lovely facilities so we started there, training at the school. We were in fact called ‘Glebe Trotters’ because we’d trot around south east London playing football.”

15 years down the line and Rocky has created his own brand with hundreds of players, sponsorships and incredible facilities considering their lower league status.

Football at this level can appear pedestrian to an outsider, a place where players can turn up after a night on the sauce before lumping seven shades out of the opponent.

Nothing could be further from the truth for Rocky and Grace, who spend seven days a week at the club; whether with the youngsters of the first XI.

Alexander scored 'Wembley's best goal' during a play off game in 2009

Smith Rowe started his journey at Glebe

Competing in the Southern Counties East Football League (England's 8th tier) may not sound all that glamorous, but this Glebe side are not only looking for promotion through the South East's regional leagues... they have Wembley in their sights too.

A place at the national stadium is on offer for reaching the final of the FA Vase, the third tier cup competition run by the FA, and Glebe have hired a manager who knows a thing or two about the home of football.

Gary Alexander, [who scored the greatest goal at Wembley](#) – as voted for by the fans – has been head coach since September having previously managed at a similar level with Chatham Town and Ashford United.

The chairman claimed the appointment of the former Milwall and Leyton Orient forward was a giant leap forward for the club.

Rocky added: "It's a massive coup that we've got Gary at this level.

"Without doubt regarded as the best manager at this level, I'm using Gary in a nice way while I've got him because I don't know how long he'll be here.

"If he is taken away from you it means he's done a good job. He throws himself in 24/7. He is hugely respected by everyone in the league from the players to fellow coaches. He deserves to and will go much higher."

The aim for the club this season, and every season, is promotion, such is the hunger of the chairman.

Speaking to us before the game, Gary claimed it was Rocky's ambition that attracted him to the club.

"It wouldn't be a fit if I came to a chairman who said 'I've got no interest in being promoted, I've got no interest in moving the club forward, I just want to run a football club,'" he said.

"This club wants to move forward. It's a fantastic place."

The league title or promotion is still a realistic aim despite the 2-1 defeat to Punjab United FC we saw on Saturday.

DREAM TEAM

Glebe are through to the last-32 of the FA Vase and, despite being drawn against the favourites, Stowmarket Town, the chairman believes the team should be dreaming of a day out in north west London.

Speaking to us about their chances he said: "I think we are a fantastic bet at 100/1! Someone's got to get there so why can't you dream? We believe we are one of the best teams in the country on our day. To me the glass is always half full. Once that glass is half empty, I've got to give up because that's what drives me on."

It has been hard work for Rocky and Grace to get their club to where they are today and that 'glass half full' attitude is vital to the club's progression.

Grace quipped that she's had to swap new handbags for new turnstiles as the couple prepare the club for life in higher divisions.

Originally formed as a place for young players to keep themselves occupied at the weekend, Glebe has become not just a place for kids, but a beating heart for the community.

The U10s co-manager and Glebe fanatic, John Ebers has been with the club for five years and, despite being a West Ham season ticket holder, says it's the difference in atmosphere that keeps pulling him back to the club.

He even states Glebe is often prioritised over his beloved Hammers.

Serious commitment

“When West Ham are at home we go and watch them but we have given up our tickets and come down here before. We’ve been home and away with Glebe,” he said.

John’s devotion to the Foxes has been made permanent on his leg, with the club’s emblem etched in ink on his right leg.

Glebe are a shining example of how a lower league club should be run but they are not alone in the division.

We were fortunate enough to have a chat with the chairperson of the SCEFL, Denise Richmond, who has helped the league make strides to be as professional as possible.

Speaking about the funding the league has brought to clubs like Glebe, she had this to say before the game: “We’ve provided, as a league, things like the substitute vests so people are recognised in the dugout and it makes you look more professional.

“A lot of clubs in communities have 30 to 40 teams for different age groups so it’s actually keeping children occupied on Saturday and Sunday mornings”

“We’ve also provided the substitute board; we’ve got the electronic board so that when people are changing on the pitch, even if you don’t know their names, you know what number has gone up so you can track that afterwards.”

Those sort of changes enhance the experience for the players and fans alike in trying to reduce the gap between the top leagues and the regional divisions.

The beauty of clubs like Glebe and others in the league are not the technological advances, but the social opportunities they offer for young players.

Denise was quick to echo Rocky’s point on the role football clubs can play in young people’s development.

She said: “A lot of clubs in communities have 30 to 40 teams for different age groups so it’s actually keeping children occupied on Saturday and Sunday mornings.

“For adults it’s a football path so it’s moving up from U6, U7s to U16s, U18s and then hopefully adult football. Not everybody is going to be a professional, are they?”

DREAM TEAM

Smith Rowe and Taylor are two examples of when the club has unearthed some rare gems.

While hundreds of others will never have gone pro, their progression shows the importance of leagues like the SCEFL offering chances to those who aren't in academies at 14.

It is hard to measure the impact a club like Glebe can make in a community until you visit.

Seeing people from all ages, creeds and colours come together for the sake of something they can feel a part of is refreshing to see.

Grace and Rocky are, and should be, extremely proud of where they have taken the club so far.

With upgraded facilities, an experienced manager and some former Football League players in the roster, the only way is up... hopefully with a quick stop-off at Wembley this spring.

Saturday 7th December, Punjab Utd at Foxbury – Sea Pioneer SCEFL Premier

A goal early in each half matched with an ability to hang on meant an unexpected win for Punjab Utd who have taken points off the Foxes. For much of this encounter it was pretty much one way traffic with Glebe pouring forward. But Punjab knew how to hang on to their lead and packed their own area. The Foxes had their chances but too often the ball passed the wrong side of the post with the goalkeeper beaten. Glebe did hit back when Jamie Philpot got his head to the ball to nod it over the line from a good foot! That eighty-third minute strike set things up for a grandstand finish but Glebe could not find a second and with The Sun Dreamteamfc present, Punjab were in dream land.
