

CLUB STATEMENT – WOMEN'S RUGBY

As some of you may already know Emma and Jon Santer have decided to step down from their roles running and coaching Women's Rugby at TRFC, and whilst we wish them all the best for the future, their presence will be a huge void to fill.

Emma has worked tirelessly over the last 3 years to build from a scratch team after Covid, to an established, enthusiastic and immensely tight team of some 40 players. She has single handedly encouraged, welcomed, cajoled and befriended many new players with some superb fun and exciting initiatives, which has understandably led to her being appointed to a similar development role at Dorset & Wilts Women's Rugby.

The challenge now is to support this group within the club as they move from a "new" team into an established force within TRFC and the wider county. Emma has laid the foundations, and the Women's group are establishing a committee of players to run things and share out what she has somehow managed to do single handedly over the years.

It has been my absolute pleasure to work with and support Emma and Jon over the last three years and their legacy will be one of the closest, most inclusive and friendly Women's teams that any club could wish for.

Derek Tucker
Chairman
Trowbridge Rugby Club
