

***Find out what's been happening at the Club and plans for the coming months as we move forward with the new club legal structure and planning for Project 18.***

We had one of the biggest turnouts for a club meeting in recent memory on 28<sup>th</sup> March with over 45 members attending the EGM. Thank you to everyone who came along to find out more about the changes to the Club's legal structure and for positive news on how Project 18 is progressing.

Members were updated on progress to fully implement the new legal structure, the new structure for Timperley Sports Club Limited and Project 18.

Good news had been received prior to the meeting with confirmation from HMRC for TSC Ltd to be recognised as a Community Benefit Society with exempt charity status – similar to TSC's current CASC status.

Progress is also being made to complete the legal transfer of the TSC Lease with Trafford Council to TSC Ltd. However, this is taking more time than anticipated, and along with some other legal and operational technicalities has impacted our planned date to Dissolve TSC. The specific members vote to Dissolve the TSC has had to be moved to the summer and will now be part of the 2019 TSC AGM

The EGM voted unanimously in favour of all the other resolutions put to the meeting and work continues to finalise all the transfer activities to enable TSC Ltd to start trading hopefully by the end of June (subject to completing the Lease transfer).

So, for now we will need to continue to operate both TSC and TSC Ltd in parallel whilst we complete the legal aspects of the transfer but we're nearly there !

The changeover should be fairly seamless to members and we've already launched the new membership forms for TSC Ltd with the Cricket section. Find out more about 2019- 20 subscriptions and completing a new membership form to join TSC Ltd later in this update.

We had intended to hold a Members Forum on 25<sup>th</sup> April but due to the delay in completing the transfer of the lease this will now be rolled up into the 2019 TSC General Meeting.

**TSC Annual General Meeting - Thursday 20<sup>th</sup> June 2019, 7.30pm**

A revised Dissolution Resolution will be put to the meeting so we can complete the final steps of the legal changes. The Notice for the meeting will be sent to members in early May. The AGM will include the normal Club and Section Reports and progress on the phasing of Project 18.

## Project 18 Progress

Work on Project 18 continues and we hope to be in a position to share the potential phasing and developments at the AGM on 20<sup>th</sup> June on the next exciting phase of the Club's development of our facilities. Positive progress is being made with Trafford Council including sharing ideas and opportunities to develop our vision of meeting sporting, health and wellbeing needs of the local community.

The Astro Turf Pitches and Lighting are being surveyed in the next few weeks to feed into planning the replacement timetable and options.

Work is also progressing well to look at how we manage traffic across the site, parking and the environment.

This all shows really positive progress to draw together our masterplan for Project 18 including the extension of the building, planning permission, phasing and funding.

As the overall plan takes shape we will be also focusing on launching a range of fund-raising activities and looking for Sections and Club members to get involved.

## 2019 – 20 Subscriptions

The EGM supported the Executives recommendation that there should be no increase to Subs for 2019-20 season (up to 31<sup>st</sup> March 2020) reflecting the changes taking place. **In summary Subs for the coming season are as follows:**
