

## TSC LTD MEMBERS - ANNUAL SUBSCRIPTION RATES 2023-2024

### Annual member TSC Ltd subscription fee due for the period to 1<sup>st</sup> April 2023 to 31<sup>st</sup> March 2024.

As a Community Sports Club, Member annual subscriptions and sports sections fees, form a key part of our annual income to enable us to run and develop our shared facilities and run all our sporting programmes.

For playing members annual fees to play sports at Timperley Sports Club are made up of two elements:

1. **Timperley Sports Club subscription** ('TSC Subs') are used to run and develop our shared Club facilities and services, including: the clubhouse and bar, pitches and grounds, and all the associated costs of running the Club for members' benefit.
2. **Additional Sports Section fees** are used by section committees to run our four sports (Cricket, Hockey, Lacrosse and Football) including: coaching costs, fees, sporting body affiliations, equipment etc. These are collected through a section fee collected section fees and or match fees.

As with all organisations we have experienced a significant increase in our running costs and despite actions to reduce costs, and generate other income, we have to increase TSC Subs for 2023-24. In recognition of wider pressures on members, the Board has agreed to contain the increase in TSC Subs as much as possible on the basis that Sections and members support the club through payment of subs on time, use of the bar, facilities and by engaging in events and fundraising. We have also introduced a discount for playing members aged 18-24 to support this group of members who do not qualify for a concession rate.

The TSC Ltd Board has agreed the following member annual subscription fees in line with the Timperley Sports Club Ltd Rules and following consultation with our Sports Sections.
