

The members of the rugby club are always very willing to give their time to community activities including the four annual '.....in the City' events organised by BRAVO Brechin.

City of Brechin and Area Partnership

Brechin Rugby Club members are always supportive and keen to lend a helping hand to any organisation putting on an event. They have been involved through the provision of personnel and, when available, equipment for the various ".....in the City" events, help out at the Angus Show and, this year, were involved in volunteering on the day at the inaugural Brechin Music Fest.
