“the brewers” John Smith's FC Tadcaster Albion AFC

1892

The club is believed to have been formed in **1892** as John Smith's FC. It wasn't until **1923** that the Tadcaster Albion AFC name was adopted. In the early years the club played in the local York League. In **1948** Albion won the York League. They continued competing in the York League during the **1950's & 60's**.

Tadcaster Albion, in the early days, played home games on the site of the cricket ground on Station Road, before moving to the Ings ground, near to where the present Samuel Smith Brewery Packaging Block now stands.

Changing facilities were in the town, at the rear of the Falcon Public House on Chapel Street, and it was a common Saturday afternoon sight to see nets, corner flags, buckets, oranges, players and officials trekking through the town.

Down the years the club has played in several leagues. In early times, Barkston Ash and later still the Yorkshire and Northern Counties East Leagues.

Football continued on the Ings ground until **1960**, when the club moved 100 yards up river to its present home at the Park.

In **1973** the club joined the Yorkshire League Division 3 and were promoted in **1975 & 1977** to reach Division 1, relegation was to follow in **1979 & 1980**.

In **1982/83** they became a founding member of the Northern Counties East League, originally in the NCEL Division Two North before league reorganisations led them to Division One in **1991**. They rarely finish in the top half of the league in the **1990's** and finished bottom in **2001/02 & 2003/04**.

At the start of **2004/05**, Jim Collis became manager and at this point fortunes on the pitch started to improve dramatically. In his first season, Albion finished 5th in the league, the following year a 3rd place finish meant promotion was missed by one point.

Jimmy Reid took over as manager in **2006**, but his time was blighted by off the field problems. An attempted hostile takeover by dissident committee members took a massive amount of money to fight. Then in Nov **2007**, an attempted arson attack on the clubhouse caused a lot of damage.

Paul Marshall took over at the start of **2008/09**, in his first season he played mostly local players and the team struggled and finished 17th.

In **2009/10**, with an influx of a few new key players, Albion won the NCEL Division One title.

In **2010**, Rob Northfield, took over as Chairman of Tadcaster Albion (2010) Ltd, and the club became a company limited by guarantee.

Albion finished fourth in their first season in the NCEL Premier Division and won the NCEL President's Cup, beating Farsley AFC 5-1 in the final. That was followed by an 8th place finish in **2011/12** and 6th in **2012/13**.

In the **2013/14** season Rob Northfield resigned a few days before the start of the season and i2i Sports Ltd agreed to take effective control of the club and company, with Matthew Gore becoming the new Chairman.

In **2014/2015** the Brewers lead the NCEL Premier for most of the season, but a poor run of games in March led to them finally finishing in third.

An excellent run in the FA Vase saw them make history by making it through to the Quarter Final of the FA Vase where they drew a record breaking crowd of 1,307, but were narrowly beaten by Highworth Town.

The Brewers also broke many other records throughout the season – taking more than 200 fans away to Armthorpe Welfare on a cold Tuesday night where they went on to win 10-0.

At the end of the season, the club opted not to renew their contract with manager Paul Marshall, and two weeks later former Harrogate Railway boss Billy Miller was unveiled as the club's new manager.

i2i SPORTS

Welcome to today's match against Rainworth Miners Welfare. We're all very much looking forward to an enjoyable game. A big welcome to everyone who has made the long trip up from Nottinghamshire.

Rainworth joined the NCEL Premier after being relegated from the EvoStik South. The club have undergone some major changes over the course of the summer – from a new management team to a new squad. The Wrens started the season strongly with wins against Staveley Miners and Cleethorpes Town, but have lost their momentum in recent weeks with four defeats in a row. We won't be taking anything for granted however, and we know from previous experience that there can be nothing worse than playing a team which is smarting from the sting of consecutive defeats.

We've been delighted with our recent home attendances, which are consistently higher than the crowds we were attracting at this stage of the season last year. To get 276 against Pontefract Collieries on a Tuesday night is a huge achievement, and it's definitely proving to be a great boost for all the players. We'd love for our attendances to continue increasing, so please encourage your friends and family to come along and help cheer on the Brewers.

These high attendances wouldn't be possible without our fantastic team of volunteers who continue to amaze us with their dedication and generosity. A big thank you to everyone who gives up their time to ensure our game-days run so smoothly and efficiently. We're always on the lookout for more volunteers, so if you'd like to get involved please email info@tadalbion.com

Next Saturday we travel to our old rivals Barton Town Old Boys. Our Supporters Club is in the process of organising a coach, so keep an eye on our social media in the next couple of days for the full details.

Enjoy the game and thanks again for all your support.

TAFC Manager's Notes

Billy Miller
TAFC Manager

Good afternoon everyone and welcome to the i2i for today's NCEL game against Rainworth Miners Welfare. We would like to extend a warm welcome to the management and players. We hope they enjoy their afternoon and more importantly have a safe journey home.

Tuesday night's victory against a physical Pontefract Collieries side saw us return to the top the league, although it is still very early in the season. It took a lot of patience, hard work and resilience to break them down, but given the number of chances we created it was a pleasing performance overall.

With the midweek fixtures behind us for the time being it will be nice to establish a little bit of recovery time for the players. We have come through a really tough test - playing 12 competitive fixtures in just 35 days. The lads have also trained alongside the games, an important aspect of ensuring we are physical ready for the demands of the season. It is at this time of year that teams start missing training for a number of reasons. We will not do this, unless exceptional circumstances dictate. Training is

as important as the games themselves; socially, physically, technically and tactically, we can always improve our game.

The squad is starting to settle and I am well aware that there has been movement across the squad from last season. Hopefully the players coming in have in most cases excited you and delivered good attacking football. We should also mention the back five have now kept five clean sheets; evidence that when they get it right they form a great foundation for our attacking force. Will there be more movement? I would hope now it will be minimal, but this is non-league football and players do move for a number of reasons.

Finally the last word must go to the faithful. 276 on a Tuesday night is priceless. Your numbers and vocal support for the players is well above our current level. The players and staff appreciate all the hard work, the flags and indeed colours on display. Long may it continue!

Yours in Sport, **Billy** #tadallover

We welcome this afternoon the fans, players and officials of Rainworth Miners Welfare. This is The Wrens first season back in the NCEL Premier since 2009/10 after their relegation from The Evostick Division One South. In that 09/10 season, they were runners up in The NCEL Premier behind Bridlington Town.

So far this season they have taken 12 points from 8 games played. Their last 3 league games have been defeats to Clipstone, Pontefract and

Handsworth, all at home in an 8 day period. They are currently in 9th place in the table, 11 points behind The Brewers but with 2 games in hand. Worksop Town are today at home to Maltby Town and Handsworth Parramore are away at Thackley. I will go for a 1-0 win for The Brewers in a close game to keep the title challenge moving forward.

A NEW START AS WRENS REGROUP

RAINWORTH MW are back in the Toolstation Northern Counties East League after five seasons of plying their trade in the Evo-Stik Northern Premier Division One South.

The Wrens were proud to be the first and only Miners' Welfare club to have played at Step 4 of the National League system, but were increasingly finding the cost of competing against clubs of the ilk of Stafford Rangers, Leek Town etc beyond them.

They therefore decided to take a voluntary step back to step 5, where they were placed by the FA in the NCEL Premier, in which they had spent just one season before being promoted to the Evo-Stik League as runners up to Bridlington Town in 2010, Brid having turned down promotion.

The new start sees virtually a completely new team under new manager, former Sheffield Wednesday and Luton Town defender Julian Watts and assistant Ady Smith. It was this pairing, in reversed roles, that led the Wrens' reserve side to the Central Midlands Reserve Supreme Division title in 2014 before the side was axed as an economy measure. Last season they took the reins at Shirebrook Town who had made a poor start to the season, and lifted them to the verge of promotion from NCEL Division One - a promotion which would certainly have been achieved had the club had the same points per game record before their arrival at Langwith Road.

WEMBLEY AND THE EARLIER HISTORY

Rufford Colliery FC, as they were styled until the 1970s, were founded in 1922, but it was not until 1976 that they really began to take off with the arrival of Brian Phillips, the former Middlesbrough and Mansfield Town centre half, as manager. Phillips succeeded the club's first ever manager, Tony Porter, whose appointment made Rainworth the first Notts Alliance club to take this step, although it was a move which other clubs in the league soon copied.

Phillips, whose death at the age of 80 was mourned by the club during the 2012 close season, led the side to runners-up spot in 1976, and then followed six successive league championships. They also enjoyed consistent success in the League Cup, and won the Notts Senior Cup twice.

The League, League Cup and Senior Cup were all won in 1982, but the icing on the cake came in the FA Vase. It was only the third time the club had entered the national competition, but they went all the way to the Wembley final before losing 3-0 to Forest Green Rovers - who now play at the highest level of non-League. A crowd officially returned as 12,500 (many still believe this was woefully understated) at Wembley included 10,000 who made the journey down from Nottinghamshire, and although in the end they could not lift the Vase itself they did have the honour of being only the second true amateur club, paying subs to play, and the only Miners' Welfare team, ever to grace the final.

The home leg of the semi-final was, in its own way, even more memorable than Wembley itself. After a goalless first leg draw at former finalists Barton Rovers, Dave Hallam popped in two goals in the home leg to give the side a 2-1 victory before a crowd of 5,071, which remains a competition record outside the final to this day.

The 1980s saw Rainworth, reach the last 16 of the Vase on three more occasions, plus further appearances in the Notts Senior Cup final, but after 1983 it was not until 1991 that silverware again graced the trophy cupboard in the form of the Notts Alliance championship, as Rainworth became the club everyone wanted to beat.

Successive managers had to work in the shadow of that great side. They included former Bolton, Burnley, Birmingham, Oxford and Mansfield forward Neil Whatmore, John Slater - himself a member of that 1982 team - who after leading Clipstone Welfare to three successive titles made it a nap hand by winning the next two as Rainworth manager - and another former Mansfield player, Gary Saxby. In between, Brian Phillips also had another spell in charge aided by Mick Gould and John Wallhead, whose contacts brought a number of new and fondly remembered players to the club.

The arrival of Sandy Pate heralded the dawn of the 21st century, and although his first season in charge saw the club down to 10th place - the lowest position for at least 20 years - the up side of the story was the number of promising youngsters he brought to the club to replace the aging old guard. The following season those young players, aided by a touch of experience, came of age and mounted a serious title challenge before finishing second.

In their final Alliance season before joining the Central Midlands League they finished fifth, and reached the League Cup semi-final before bowing out to eventual champions Radcliffe Olympic.

By this time many of the established Notts Alliance clubs had seen greener grass in the Central Midlands League, and while Rainworth remained faithful to the Alliance which had served them so well for so long, the loss of so many of their traditional rivals to the CML made it perhaps inevitable that they should ultimately follow suit.

OUT OF THE SHADOWS WITH FUNK AND MILLAR

In the five seasons leading up to promotion to the Northern Premier League, Rudy Funk and Billy Millar had brought about a revolution at the club with those three promotions, to lift the Wrens to their highest ever level of competitive football, making them the first and still the only Miners' Welfare club in the country to achieve Step 4 status, and finally bringing the club out of the shadow of that 1981-82 achievement.

Rudy and Billy arrived during the summer of 2005 when the club was at a very low ebb. Previous manager, former Mansfield Town favourite Sandy Pate, had led the club from the Notts Alliance into the Central Midlands Premier Division and then won promotion to the Supreme Division in third

place at the first attempt.

But midway through that first season in the Supreme Division the club was devastated by the sudden and unexpected death of highly-rated coach Mark Hallas. It was a blow from which they could not recover, they plummeted down the table, and finished in a relegation position - the only time in the club's history until last season that this had ever happened. Fortunately for Rainworth the failure of other clubs to meet the floodlighting deadline meant that they were reprieved and preserved their Supreme Division place.

A brand new start was desperately needed. Sandy, broken-hearted, stood down from the club he had come to love, and Rudy - a former coach at Rainworth during his predecessor's period in charge - returned as manager vowing to turn the club around and ultimately bring what was then UniBond League football to Kirklington Road—a promise he fulfilled before his shock resignation.

In their first season Rudy and Billy steadied the ship and achieved ninth place, before going for and winning promotion to the NCEL Division One the following year, finishing third behind Bottesford Town and Barton Town - all three made the step up, fully 12 points clear of the rest of the pack.

A successful first season in the NCEL saw the Wrens finally finish fourth, falling away slightly at the death, largely as a result of an horrendous injury list, after looking likely promotion contenders for most of the campaign. That season also marked the first year back in the FA Cup for over half a century, and they reached the penultimate qualifying stage before very unluckily bowing out at then Southern League Chasetown - who went all the way to the third round proper and lost to eventual finalists Cardiff City.

Missing out at the end of that season made the management all the more determined to go one better next time around, and they won promotion as runners-up to runaway champions Scarborough Athletic - who had risen out of the ashes of the former Football League club and, ironically, where Funk subsequently became manager.

Rudy boldly proclaimed prior to the start of the next season, in the NCEL Premier Division, that Rainworth were not in the division just to make up the numbers and, after a slightly uncertain start, they embarked on a club record breaking 16 successive league wins which saw them top the league.

Unfortunately, with the league record of 21 straight wins held by Guiseley in sight, they then hit an indifferent spell and played 10 games in all competitions without a win, before ending the season with another run of seven victories on the bounce to claim runners-up spot behind Bridlington Town.

There was only one promotion place, but Brid, who finished the season 11 points clear after the Wrens hit that sticky patch, declined it because of the expense of travelling, so Rainworth gratefully accepted promotion instead.

THE EVO-STIK LEAGUE YEARS

Rainworth were placed in Division One South of the Evo-Stik League, and the management team opted to give the promotion-winning squad a chance to prove themselves at the higher level, but they made a difficult start to life at Step 4, and Rudy decided to step down part way through that first season. He had led the club from the bottom of the Step 7 Central Midlands League Supreme Division to the Evo-Stik League winning three promotions in four years so, although they were finding it hard going and had lost nine successive matches, the manager's decision to go was a bolt from the blue. It was a sad end to a great era, but life went on, and between them Billy and promoted club captain Lee Wilkinson set about a massive repair job. At the time the Wrens looked deep in relegation trouble, but so much did the tide turn under the new management that, although they only finished one place above the relegation zone, there was a 19-point gap over next to bottom Shepshed Dynamo by the end of the season. And, for good measure, the club won the Fair Play award for Division One South.

Unfortunately hopes that that improvement could be carried into the next campaign were unfilled. Indeed, between Kevin Gee's appointment as manager and his first match in charge the club slumped to the bottom of the table. Gee was given just one task to fulfil – to avoid relegation. Although the club still struggled to score goals mathematical safety was achieved by the end of March, thanks largely to the best defensive record in the division outside the top three. The previous season's league placing was bettered by one, and 14 points parted the club from the bottom two.

Season 2013-14 had marked the start of yet another new era in the club's chequered history. Towards the end of their third season in the Evo-Stik NPL the Wrens took stock, faced up to the agonising realisation that in their circumstances they were punching above their weight financially at Step 4 of the National Leagues System, and notified the league of their intention to withdraw at the end of the season and take a voluntary drop to Step 5.

It was not that the club were in debt – far from it. But some key funding initiatives were drying up, and it was felt that to continue and remain competitive in Step 4 was unsustainable.

It was ironic that it had been the Wrens' best season since their promotion from the Northern Counties East League. But when the story of their resignation broke it was read by Mansfield Town director Mark Hawkins, who resigned his post at the One-Call Stadium, just as the Stags regained their Football League place from the Conference as it was then called, and offered his services to Rainworth, saying that the club had worked too hard in achieving their status to let it go.

Mr Hawkins' arrival marked the start of a closer relationship with their Football League neighbours less than four miles away, and among the new initiatives brought about by Mark's arrival was a brand new major sponsorship by Green

Energy Power Solutions.

Rainworth made a sound start to the next season as Gee brought in a number of new players, but a disappointing run of results during early September culminated in Gee's resignation after he had turned the club from perennial strugglers into a respected Step 4 outfit. Scott Rickards, who had joined as a player during the close season, was handed his first taste of management as Gee's successor, after a short but successful caretaker-ship.

Money was still tight though, and a cut in the playing budget midway through the season meant the departure of several of the experienced Northern Premier players that Gee had brought to the club. The fact that neither Rickards nor his assistant Matt Clarke lived locally hampered their ability to bring in suitable replacements, and the season petered out to a disappointing conclusion with a 15th-place finish, having looked like potential play-off candidates earlier in the campaign. And while a successful Notts Senior Cup run to the final provided some welcome relief, the final itself was a disaster as a badly depleted side scored first and last against Carlton Town, but conceded six in between.

With Clarke moving on at the end of that season he was replaced as Rickards' number two by Dean Short, who had some success as Sutton Town manager. The hope was that Short would fill the blanks in Rickards' knowledge of local players capable of making the step up, but Rickards himself stunned the club just two days before the start of last season by walking out of the job. Most of the remaining senior players left with him, and Short was left in an impossible position with a team of basically Step 6 players with no more experienced men to guide them. Short brought in Dean Mitchell to help him, but with the two Deans not familiar with Step 4 football and therefore unable to attract enough of the right calibre of player, results suffered dramatically, to the extent that they and the club parted company by mutual agreement in mid-September.

A new management team of Gary Sucharewicz and Ian Robinson were quickly appointed in their stead, and within a couple of days they had recruited several new players who they believed were able to be competitive at this level. Although it was largely a new team thrown together without the benefit of a pre-season, results immediately improved, and the club were optimistic that they could achieve respectability again.

Sucharewicz unfortunately lasted only a few weeks before a change in his day job left him unable to continue, so John Knapper joined Robinson as his replacement. However, that early promise was never quite maintained as the managers were unable to establish a settled squad, and although the side were close to being capable of challenging at the top end too many unlucky single goal defeats cost them dearly.

Meanwhile Mark Hawkins had resigned from the chairmanship to return to Mansfield Town, although the sponsorship of Green Energy continued, but as costs of remaining competitive as

a Step 4 club mounted the club again took the decision to resign from the league – and this time there was no going back.

Unfortunately the news of the decision was released by the league in a most unsatisfactory manner before the management and players could be informed, performances in the final weeks of the season suffered in consequence, and the club plummeted to next to bottom. While this was a relegation position a reprieve would almost certainly have been granted, but the resignation stood, and so ended five years of Step 4 football. At least now, if the chance ever presents itself again, the club will be more clued up about life at that level, and that knowledge will stand them in good stead.

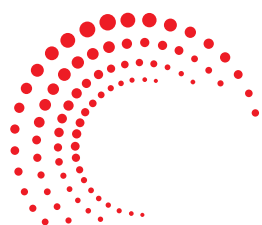

THE KIRKLINGTON ROAD STADIUM

At the time of the Wembley season there was no covered accommodation at Rainworth, and the main pitch was merely roped off.

Looking at the ground now it is hard to visualise how such a vast crowd could have been accommodated for that Vase semi-final, but in those days there were huge banks behind the Kirklington Road goal and on the allotments side – which included some rudimentary railway sleeper terracing—and 'Health and Safety' was not such a big issue then as it is nowadays.

The ground was essentially three sided, with a cricket square and a second pitch with training lights opposite. Eventually, in 1991, floodlights were put in – the club had a reputation as trail-blazers, having already been the first Notts Alliance club to appoint a manager, enter the Vase, and the joint first to begin producing a matchday programme, and now they were the first to install lights. New FA Vase requirements meant that covered accommodation was needed so the small stand on the allotments side was put in, at a stroke cutting the ground capacity, and this eventually included seating.

When application was made to join the NCEL a number of grading issues were raised, not least the need for new dressing rooms adjacent to the pitch to replace those which stood some 25 yards away, and enclosure of the main arena which was made possible by the removal of cricket. All this was completed, along with a brand new seated stand, hard standing all around the pitch, a new pitch barrier acquired from Nuneaton Borough's old ground, turnstiles, hospitality suites, tea bar, manager's office, and press room. Few visitors to Rainworth fail to compliment the club on their excellent facilities. The old dressing rooms and second pitch continue in use by Sunday and youth sides, while the new dressing rooms are of Conference standard. Capacity is 2,201 with 211 seats (the seating capacity was cut to 159 from 221 when the 62 seats in the Allotments Side stand were removed at the behest of the ground graders to provide more covered standing space. Since then 52 of those seats have been re-installed in a small new stand, still to be covered, adjacent to the pavilion at the Kirklington Road end of the ground).

TAFC Jay Looks Back

Taddy went to the top of the league after a 2-0 win over Pontefract Collieries thanks to goals from Jimmy Beadle and Adam Baker. Worksop Town don't play this midweek but have a game in-hand over The Brewers so could go back to the top with a win.

Liversedge suffered their second home defeat in four days as they were comfortably beaten by Staveley Miners Welfare. Goals from Ellis Wall, Kurtis Morley, Courtney Hastings and a brace from Adam Scott saw Staveley jump above The Sedge and into tenth place.

Handsworth Parramore moved up to third place in the NCEL Premier Division on Tuesday night with a 2-1 away win at Rainworth Miners Welfare. First half goals from Kieran Wells and Sam Denton was enough to see off the recently relegated Rainworth side. Parramore are now five points behind Worksop Town with two games in hand and seven points behind ourselves with three games in hand.

Albion Sports continued their impressive start to the season as they won 4-1 away at Nostell Miners Welfare. James Firth and Alex Cusack started things off for Sports but Nostell were back in it when Josh Whitley reduced the deficit in the 69th minute. However, Omar Habib and Marcus Edwards made sure of the three points in the last couple of minutes.

The final game on Tuesday night in the NCEL Premier Division saw Pickering

Town play out a 2-2 'Desmond' against Retford United. Pickering were pegged back twice in the match as Adam Carter cancelled out George Bissett's first half goal then just as Ryan Cooper gave Paul Marshall's side the lead, Brad Kerr was on-hand to give both sides a point.

TAD'S History

By Ian Tyssen

The NCEL Years 2003-2004 Season

The 2003/4 season brought many movements in and out of the Northern Counties East Football League (NCEL), with membership growing to 38 clubs.

Bridlington Town had been promoted to the Northern Premier League and Eastwood Town came in the opposite direction.

Within the NCEL, Mickelover Sports were promoted to the Premier Division at the end of the 2002/3 season. Their place in Division One was taken by Garforth Town, who suffered relegation.

Two clubs moved down the non-league football pyramid from NCEL Division One - Louth United withdrew from the league and Hatfield Main moved to the Doncaster & District Senior League.

The top three clubs from the Central Midlands League's Supreme Division - Carlton Town (1st), Sutton Town (2nd) and South Normanton Athletic (3rd) - were promoted to the NCEL Division One, joining the Brewers.

Tadcaster Albion's season didn't start well, with no wins from the first four games but then they picked up a 2-1 victory at Winterton Rangers.

Although a further three defeats followed, there was reason for optimism when they had two good home wins in consecutive games - 3-2 over Sutton Town and 1-0 against Gedling Town, who would finish the season fourth and fifth in the league, respectively.

Three wins and two draws from nine games in November and December was a respectable set of results for the Brewers. The wins came at Staveley Miners Welfare (1-0), against Carlton Town (2-1) and over Worsbrough Bridge Miners Welfare (1-0). However, 0-4 and 2-6 losses against South Normanton Athletic were a sign of things to come.

Despite being well placed going into the new year, Albion lost 13 and drew two of the final 15 games of the season. This culminated in a 1-5 home loss against champions Shirebrook Town on the final day of the season. Other heavy defeats included 0-5 at Maltby Main and 1-4 at Shirebrook Town.

The Brewers slipped down the league and finished 18th and last, with 23 points from 34 games.

There was a preliminary round exit in the FA Cup, following a 0-4 reverse at home against Winsford United.

Albion won 1-0 in the FA Vase first round qualifying at Norton & Stockton Ancients but were then beaten 3-0 by Esh Winning in the next qualifying round.

Fellow Division One club, Pontefract Collieries, ended the Brewers' hopes in the League Cup, when they won 2-1 at Ings Lane.

Another home defeat came in the Wilkinson Sword Trophy, with Hall Road Rangers winning 3-1.

The final chance of cup glory disappeared after the NCEL Premier Division club, Glasshoughton Welfare, won 2-1 at Tadcaster in the West Riding County Cup.

The second XI endured a similarly poor season and finished 12th and bottom of the Reserve Division, with only 13 points from 22 games.

Just four victories were picked up by the reserve team and two of them came in the final two games. They did complete the double over seventh placed Thackley.

The Brewers reserves conceded nine goals on three occasions - Garforth Town (1-9), Harrogate Railway (0-9) and Emley (3-9). They also lost 1-8 and 0-7 against ninth placed Ossett Albion.

The Reserve Division champions, Harrogate Railway, narrowly beat their Tadcaster counterparts in the Reserve Team Cup.

This afternoon's opponents, Rainworth Miners Welfare, finished third in their first season in the Central Midlands League's Premier Division and were promoted to the Supreme Division. They also progressed through two qualifying rounds of the FA Vase before losing 1-2 against Retford United in the first round proper.
