## TADCASTER ALBION V BRIGHOUSE TOWN

SPONSORED BY

# Formed in 1892

The club is believed to have been formed in **1892** as John Smith's FC. It wasn't until **1923** that the Tadcaster Albion AFC name was adopted. In the early years the club played in the local York League. In **1948** Albion won the York League. They continued competing in the York League during the **1950's & 60's**.

Tadcaster Albion, in the early days, played home games on the site of the cricket ground on Station Road, before moving to the Ings ground, near to where the present Samuel Smith Brewery Packaging Block now stands.

Changing facilities were in the town, at the rear of the Falcon Public House on Chapel Street, and it was a common Saturday afternoon sight to see nets, corner flags, buckets, oranges, players and officials trekking through the town.

Down the years the club has played in several leagues. In early times, Barkston Ash and later still the Yorkshire and Northern Counties East Leagues.

Football continued on the Ings ground until **1960**, when the club moved 100 yards up river to its present home at the Park.

In **1973** the club joined the Yorkshire League Division 3 and were promoted in **1975 & 1977** to reach Division 1, relegation was to follow in **1979 & 1980**.

In **1982/83** they became a founding member of the Northern Counties East League, originally in the NCEL Division Two North before league reorganisations led them to Division One in **1991**. They rarely finish in the top half of the league in the **1990's** and finished bottom in **2001/02 & 2003/04**.

At the start of **2004/05**, Jim Collis became manager and at this point fortunes on the pitch started to improve dramatically. In his first season, Albion finished 5th in the league, the following year a 3rd place finish meant promotion was missed by one point.

Jimmy Reid took over as manager in **2006**, but his time was blighted by off the field problems. An attempted hostile takeover by dissident committee members took a massive amount of money to fight. Then in Nov **2007**, an attempted arson attack on the clubhouse caused a lot of damage.

Paul Marshall took over at the start of **2008/09**, in his first season he played mostly local players and the team struggled and finished 17th. In **2009/10**, with an influx of a few new key players, Albion won the NCEL Division One title. In **2010**, Rob Northfield, took over as Chairman of Tadcaster Albion (2010) Ltd, and the club became a company limited by guarantee.

Albion finished fourth in their first season in the NCEL Premier Division and won the NCEL President's Cup, beating Farsley AFC 5-1 in the final. That was followed by an 8th place finish in **2011/12** and 6th in **2012/13**. In the **2013/14** season Rob Northfield resigned a few days before the start of the season and i2i Sports Ltd agreed to take effective control of the club and company, with Matthew Gore becoming the new chairman.

In **2014/2015** the Brewers lead the NCEL Premier for most of the season, but a poor run of games. in March led to them finally finishing in third. An excellent run in the FA Vase saw them make history by making it through to the Quarter Final of the FA Vase where they drew a record breaking crowd of 1,307, but were narrowly beaten by High-worth Town. At the end of the season, the club opted not to renew their contract with manager Paul Marshall, two weeks later former Harrogate Railway boss Billy Miller was unveiled as the club's new manager.

In **2015/2016** the Brewers lead the NCEL Premier for most of the season once again, but this time they held their nerve and finished Champions with a 2-1 home win over Armthorpe Welfare. They also made it to the League Cup Final, but were beaten in a thrilling 3-2 game against Cleethorpes Town.

In **2016/2017** the Brewers started their first ever season in the Evo-Stik First Division North. With a mix of old and new players Billy Miller was back in his old stomping ground and his experience and knowledge of this division was needed.

The Brewers started the season well and were in the play-off spots, then injury problems hit the team and the season seemed to run away from them.

They finished 19th in the league. The Brewers had a great chance for silverware in the West Riding County Cup Final, the game finished 1-1 but they lost out to Farsley Celtic 4-2 on penalties.

At the end of the 16/17 campaign the Directors made the tough decision to change the management team from Billy Miller and Matt Heath to Michael Morton and Simon Collins bringing it more in-house. In the 2017/18 season the new-look management team took a couple months to adapt to the league and mould the squad that they wanted. However it didn't take them long to find their feet as the fortunes took a turn for the better after the new year with Michael & Simon steering the club to its highest ever finish reaching the Evo-Stik League play-offs after a dramatic final day. This once again brought massive excitement amongst the club and town but unfortunately it ended in semi-final defeat 2-1 at Bamber Bridge despite taking the lead and putting in a valiant performance.

There's no doubting that the club is going in the right direction as the 2018/19 season sees the Brewers move into the Evo-Stik East Division after the league switched from a North/South divide to an East/West split. Can the club improve again this year...

## Director's · NOTES

Good afternoon and welcome to the i2i Stadium for today's big Evo-Stik East League match against Brighouse Town.

We would like to issue a warm welcome to all of the players, officials, staff and supporters of Brighouse as well as wishing everyone a safe journey home later this evening.

Well, little old Taddy are flying high at the minute on a brilliant unbeaten run in the league. Following on from last time we wrote our notes we have had an excellent 3-0 home victory over Stamford which was backed up by another win on the road at Spalding United. In a game which was largely uneventful, an 89th minute winner from Chris Howarth saw us maintain our outstanding away form and sparked some hilarious scenes with our 'Fancy Dressers' as I'm sure you've all seen by now.

Si, Nathan, Nelly and the team deserve great credit for the job that they are doing, 3rd in the league and playing some great stuff. Having said that, December could be a huge

month for us as in the next three weeks we take on teams all in and around us so it could be all change come the New Year.

We are aware that there has been lots of talk in the town recently about a potential ground move and the truth is this is something we have been looking into for some time now, accelerated by the major flood a couple years back. This shouldn't come as a surprise to many as we've had several fans forums where it has been discussed at length as well as meetings with Tad Magnets, local MP's and many more people/organisations.

Our goal has always been to get Tadcaster Albion in the National League North. We feel it makes sense that we continue to explore alternative options for a new location. This we feel is in the best interests of Tadcaster as a whole. There is still the option of staying where we are of course but we don't feel it's currently the best option. Especially with the continued risk of further flooding in the future. We are unable to secure flood insurance so there's a huge risk attached to staying where we are.

In other news, don't forget that our very own Taddy Lottery is now up and running and ready to join. You could potentially win up to £25,000 before Christmas whilst helping us raise funds. To join please head to our website [www.tadalbion.com](http://www.tadalbion.com)

Finally we would like to say thank you to Ware & Kay Solicitors for sponsoring today's match, they have sponsored a game a season for the past few years and always bring a large following.

Come on Taddy!

Enjoy the match!

## Manager's · NOTES

**Michael Morton & Simon Collins**

Good afternoon and welcome along to TAFAC for today's league match against Brighouse Town.

We would like to extend a warm welcome to Vill and his staff to Tadcaster today as well as wishing everyone a safe journey home.

Looking ahead to today's match, Brighouse always provide a very stern challenge and today will be no different. They are renowned as a strong and physical outfit and taking into account the recent wintery conditions, we will have to be bang at it.

We've been on a good run of late as we continued our unbeaten run at Spalding last week. Well actually, we always looked good value for a point but in all honesty there wasn't much in the game at all, very few chances but we just managed to grab

that late elusive goal courtesy of Chris Howarth. I guess you could say that it was one of those games that you needed to pick up all three points given where Spalding were in the league. It was a lovely little finish through the defender's legs from Howey and a brilliant volleyed assist from Billy [Whitehouse].

The players deserve great praise for the work and effort they are putting in not just in matches but at training too. We haven't been beaten in the league since September 25th at Marske and considering we're into December now, that's not a bad stat at all.

Today sees us start a very tough-looking festive month with three fixtures against sides who are all either in the play-offs or just outside in Brighouse, Lincoln and Sheffield followed by a trip to Carlton

and a Boxing Day clash with neighbours Pickering. We have all the faith in this current crop of the players and who's to say we can't take our unbeaten run into our New Year's Day trip to leaders Morpeth.

Unfortunately Ingy [Michael Ingham] is out injured today after dislocating his thumb last week so this gives an opportunity to James Hodges in his second successive home game.

Thank you to all the fans who travelled away to support us last week at Spalding, it was another memorable fancy dress day and we hope you can join us at Lincoln next week too.

Enjoy the game

# Team · HISTORY

Brighouse Town

The club was originally formed in 1963, as a representative side of the Blakeborough Valve Company of Brighouse and their home games were played on the Woodhouse Recreation Ground, with the side competing in the Huddersfield Works League. The club gained various league honours over the years, the most successful coming in the 1968/69 season, when they won both the League Cup as well as the Halifax District Cup.

Following this success, the club took the huge step of obtaining its own ground at Hove Edge. Whilst at Green Lane, where they played for more than a decade, they achieved two more league titles before taking another major step, in applying for and achieving West Riding County Amateur League status in 1975.

The club thrived there, until their Green Lane ground was developed for housing, upon which they moved to their present ground, just round the corner, on St Giles Road. There followed a period of stagnation, competing mainly in the lower divisions of the WRCAL until 1988 when the demise of the Blakeborough Company resulted in a new outlook, as well as a new name. This change proved to be the catalyst for the most successful period in the clubs history so far.

The newly named Brighouse Town AFC won promotion to the WRCA Premier Division in their first season, as well as winning the WRCAL Division One Cup. In 1991 the Premier Division Championship was won for the first time and in 1992 soon followed the West Riding County Challenge Cup. In 1994 Town won the Premier Division League Cup and were runners up in the

County Challenge Cup, and they were Premier Division Champions again in 1995.

Season 1995/96 was perhaps the most successful season in the clubs history so far. Brighouse Town once again won the WRCAL Premiership title and also completed the double by winning the WRCA League Cup. They also won the Bob Wedgeworth Memorial Trophy.

Season 2008-09, saw the club make the significant step into Semi-Professional football by entering and being accepted into the Northern Counties East League Division One. After only two seasons in NCEL Division One, the Club won promotion to the NCEL Premier Division under the guidance of Mark Brier and Daz Attwood. 2011/12 Season saw the appointment of Paul Quinn as Manager and after 4th and 2nd place finishes in his first two seasons, the NCEL Premier Title was achieved with a record points total in 2013/14 – the Clubs 50th anniversary season.

Promotion to the Evo-Stik Northern Premier League Division One North brought the highest level of football in the history of the Club only six years after leaving the West Riding County Amateur League, and a new and exciting challenge lay ahead. A very respectable 15th place finish was achieved in the Club's inaugural season, and with valuable experience gained, solid foundations have been laid for playing football at this level.

Another 15th place finish but with a far higher points tally for Paul Quinn's side in season 2015/16 brings optimism the Club is still heading in the right direction and coming to terms with

the demands of the NPL. The Club's development side winning the Lancashire League East Division for the first time and supplying a steady stream of players to the First Team, brings hope for further progress in 2016/17 season.

In what ultimately became his final season, Paul Quinn cemented his legacy at the Club with a 9th place 2016/17 finish, the highest position achieved in the Clubs history and a fitting reflection of the tremendous job Quinn and his Assistant Mark Booth have done for Brighouse Town.

2017/18 Season brought a new era with Manager Vill Powell and Assistant Nat Brown taking over the reins and starting to rebuild the squad after a player exodus following Paul Quinn's departure. Powell's appointment just before the start of the season meant that squad rebuilding had to be done as the season went along, never an easy job in such a competitive League. Despite spending time in the lower part of the table during the 2nd half of the season, Town hit top form in the run-in to finish the season in a very respectable 17th position.

Powell has used his first proper pre-season at Brighouse Town to strengthen his Managerial team; confirming Leon Wainman and Stacy Reed as his Assistants, and he has had the majority of his Playing squad already in place for the first training session of the new 2018-19 season. The planning and preparation have made for a positive feel throughout the Club and an anticipation to build on the previous seasons good work.

Congratulations Paddy!

# TAFCA PLAYER INTERVIEW

## December Could Determine Our Season Says Miller

**This week we caught up with November's Player of the Month Paddy Miller to see how he's finding his second spell with the Brewers.**

First of all, how are you enjoying your football in your second spell with Tadcaster Albion?

"Since rejoining Tadcaster I've really enjoyed being back at the club, settling in was never going to be an issue as I've got a lot of friends here. I had a frustrating start after picking up an injury during pre-season but I feel like I've come back stronger and fitter due to the rehab I was doing. The past six weeks I believe the boys have shown the quality we have and hopefully we can maintain those standards from now until the end of the season."

*The lads are currently on a superb unbeaten run which has seen Taddy rise to 3rd, what do you put the upturn in form down to?*

"We've recently gone on a good unbeaten run in the league and seen us progress up the table, we had a few additions to the squad in the summer, me included. This was always going to take time to adapt and incorporate the management team's style of play. During October and November this seems to have clicked, having said that, we are under no illusions that the hard work starts now. We've got a difficult month of games during December which could determine where we will be come April. For me, it's all about how we perform. We've got a very strong group of players, togetherness and team spirit."

The partnership between yourself and Harry Coates seems to be one that comes naturally to you both, would you agree with that?

Hyde and now at Tadcaster. We know how each other plays and it always helps being really good mates away from football. People forget Harry is only 22 and has a massive future in the game, for me he's the best young centre back at this level so this gives us healthy competition to keep pushing each other."

Today's game sees Taddy start a run of fixtures against sides in and around them, how important are the upcoming challenges?

"The upcoming games during the December period are massive for us, these are the matches which will determine our season. It's always important to pick up positive results with the teams challenging for the league. The supporters during our recent unbeaten run have played a massive part, the atmosphere around the club is on a high and the supporters are optimistic for the season. Hopefully we can keep putting in the performances to maintain that buzz."

The climb up the league has certainly been exciting of recent weeks, how are the players with the current successes, feet on the ground still?

"We've had some really good wins and performances recently, you only have to look at the spirit shown against Spalding for the boys to dig in and take the three points in the last minute. The management team of Si, Killy and Nelly won't allow the boys to get carried away though, I know it's a bit of a football cliché but we just have to keep taking one game at a time."

Just looking back at last Saturday's win over Spalding, left it very late but how good was that feeling when Howey stroked home in the last minute?

"Getting all three points last week made the long trip

worthwhile, we would have been disappointed to come away with a point but Spalding played well and made it difficult for us. The celebrations when Howey scored were very funny, it's not often you jump into the crowd hugging a spaceman and Jesus just to name a few. If anything the lads were delighted with the win for the fans also, it was a long trip where they dressed for the occasion and cheered the boys on until the end, so we were delighted for them."

To give fans an insight into training, what role does Nath Kilby possess amongst the group?

"Killer is the assistant manager, he's UEFA B qualified and his sessions during training are of a very high standard. He challenges us within a fun environment and is a genuinely top guy, all the lads have massive respect for him. He is a huge part of our targets for the season and a big part of our dressing room."

Finally, another tough game against Brighouse today, how much do you and the players want a big crowd to cheer you on?

"Like I have said previously and in other interviews, the supporters will play a huge part in our season from now until April. We are all in this together from the board, management, players and volunteers at the club. Us players know how much the football club means to the fans and people of Tadcaster and we will do our best to give them something to cheer and be proud of."

"Thanks to all the supporters for turning out today, I hope you enjoy the game."

## REPORT | Howarth's The Hero As The Fancy Dress Away Day Strikes Again

A last minute winner from Chris Howarth saw Tadcaster Albion extend their unbeaten league run to eight at Spalding United.

by Jay Taylor

In a game of very few chances, a goalless draw seemed nailed on, until Howarth popped up to sweep home Billy Whitehouse's cross in the 89th minute that is. The midfielder proceeded to celebrate with the travelling 'Fancy Dress' supporters as everyone piled in making for jubilant scenes in South Lincolnshire.

Sometimes you wonder if fate writes these scripts as Albion have netted last gasp winners in their last three 'Fancy Dress Away Days' - coincidence?

Simon Collins welcomed Michael Ingham back in between the sticks as well as handing a start at right-back to Josh Barrett. Aiden Savory, Lamin Colley and Ellis Barkworth were all missing for the long trip for various reasons.

Taddy's skipper didn't get off to the most pleasant of returns however after tipping over a cross and dislocating his thumb in the 5th minute. Fortunately physiotherapist Lucy Lendhill was on-hand to pop the thumb back in place allowing him to bravely continue.

In a scrappy opening, the first big chance was carved out by the Brewers. Whitehouse slid Chris Howarth in down the right-hand side, he pulled back to marksman Joe Lumsden who cleverly beat one before he saw his effort blocked by Conor Marshall. The Tulips, who were looking for a reaction after back-to-back 3-0 defeats, were delivering

several dangerous crosses into the box and none more so than on 25 minutes as Ingham could only parry but Paddy Miller managed to clear the lines.

Taddy top scorer Joe Lumsden went incredibly close on the half hour mark after brilliantly beating two United defenders in the box but his resulting shot was deflected agonisingly wide. Leon Mettam was full of running up front for the hosts and his first real sniff came when he was sent racing down the right in the area but Michael Ingham used all of his 6'4 inch wingspan to clutch the cross-goal effort. The first half finished with Spalding appealing for a penalty as Jenk Acar robbed Walters of the ball before going to ground in the box but the referee waved away the protests.

Taddy started the second half on the front pushing for the opening goal as Billy Whitehouse smashed a volley just over after a splendid raking ball over the top by Pete Davidson. Albion were enjoying the vast majority of possession as the match surpassed the hour mark but chances were still at a premium as Lumsden screwed a shot wide of the right-hand post.

On a bobbly pitch, Taddy were adapting their style of play but it seemed to be petering out for a 0-0. Spalding were looking to hold out for a point as the match entered the final stages. Credit to the Tulips, they were

defending resolutely and dealing with everything thrown at them, as were Taddy.

However, in the final minute, Taddy managed to net a memorable last minute winner as Chris Howarth cleverly swept home Billy Whitehouse's first-time volleyed cross. This sparked incredible scenes with every player celebrating with Napoleon, Ghostbuster, Mario & Luigi and co.

It wasn't quite over there though as Spalding squandered a glorious opportunity to equalise right at the death. First Corey Roper put in an outstanding last ditch challenge inside the penalty box before Ben Davison skewed wide from eight yards out.

## Match Preview: Tadcaster Albion vs Brighouse Town

Jay Taylor - TAFAC Media Manager

SPONSOR:  houseproud  
houseproud.york.co.uk

It's 3rd vs 4th in the Evo-Stik East this afternoon as the Brewers look to close the gap on second placed Lincoln United ahead of their meeting next week.

Simon Collins' side come into today's clash on the back of three straight victories propelling them firmly into the play-off picture. An 89th minute Chris Howarth winner at Spalding last Saturday earned Albion a big three points with all teams around them also picking up maximum points.

Brighouse pose a similarly impressive record currently on a five-game unbeaten league run thumping second-placed Lincoln 4-1 last time out.

Today's contest is set to be a pulsating one with both on 29 points after 16 games

played. Taddy have won three at home whereas Town have won three away from home, so something has to give.

Harry Coates and November Player of the Month Paddy Miller will have their hands full trying to contain towering front man Aaron Martin as he's found the net eight times this season. However, Brighouse will do well to keep Joe Lumsden quiet, the striker has gone one better than Martin in the league scoring on nine occasions.

When the two sides met at the i2i Stadium back on New Year's Day, Taddy ran home comfortable winners, 5-0 in fact with Aiden Savory, Tom Corner, Josh Greening and Joe Pugh all amongst the scorers on that day.

## Team News:

Team News: James Hodges to deputise in goal again for Michael Ingham (dislocated thumb). Aiden Savory (arm) unlikely to feature. Josh Barrett expected to keep his place at right-back.

# SPORTS TRAIIDER

CREATING A LEVEL PLAYING FIELD

Sports Traider Charity, Registered Charity No. 1156175

Youth-focused charity offering young people the kit and support they need to discover and fulfil their sporting ambition and potential.

**Sports Traider has established the first chain of charity retail shops in the UK that specialise in sports kit and equipment. The aim is to make clothing and sport equipment affordable to all, and at the same time generate a sustainable source of funding to help disadvantaged young people participate in sport.**

Each year Sports Traider Charity organises a number of events to engage with the sporting community to raise funds and awareness of the charity.

The charity is heavily reliant upon donations, both cash and equipment, from the goodwill of members of the public, and corporate businesses. These are received through UK Virgin Money Giving,

collections, Direct Debit, Standing Order, and through corporate and individual membership of our '100 Club'. Every contribution is most welcome and makes a difference within the donors' local community.
