# Formed in 1892

The club is believed to have been formed in **1892** as John Smith's FC. It wasn't until **1923** that the Tadcaster Albion AFC name was adopted. In the early years the club played in the local York League. In **1948** Albion won the York League. They continued competing in the York League during the **1950's & 60's**.

Tadcaster Albion, in the early days, played home games on the site of the cricket ground on Station Road, before moving to the Ings ground, near to where the present Samuel Smith Brewery Packaging Block now stands.

Changing facilities were in the town, at the rear of the Falcon Public House on Chapel Street, and it was a common Saturday afternoon sight to see nets, corner flags, buckets, oranges, players and officials trekking through the town.

Down the years the club has played in several leagues. In early times, Barkston Ash and later still the Yorkshire and Northern Counties East Leagues.

Football continued on the Ings ground until **1960**, when the club moved 100 yards up river to its present home at the Park.

In **1973** the club joined the Yorkshire League Division 3 and were promoted in **1975 & 1977** to reach Division 1, relegation was to follow in **1979 & 1980**.

In **1982/83** they became a founding member of the Northern Counties East League, originally in the NCEL Division Two North before league reorganisations led them to Division One in **1991**. They rarely finish in the top half of the league in the **1990's** and finished bottom in **2001/02 & 2003/04**.

At the start of **2004/05**, Jim Collis became manager and at this point fortunes on the pitch started to improve dramatically. In his first season, Albion finished 5th in the league, the following year a 3rd place finish meant promotion was missed by one point.

Jimmy Reid took over as manager in **2006**, but his time was blighted by off the field problems. An attempted hostile takeover by dissident committee members took a massive amount of money to fight. Then in Nov **2007**, an attempted arson attack on the clubhouse caused a lot of damage.

Paul Marshall took over at the start of **2008/09**, in his first season he played mostly local players and the team struggled and finished 17th. In **2009/10**, with an influx of a few new key players, Albion won the NCEL Division One title. In **2010**, Rob Northfield, took over as Chairman of Tadcaster Albion (2010) Ltd, and the club became a company limited by guarantee.

Albion finished fourth in their first season in the NCEL Premier Division and won the NCEL President's Cup, beating Farsley AFC 5-1 in the final. That was followed by an 8th place finish in **2011/12** and 6th in **2012/13**. In the **2013/14** season Rob Northfield resigned a few days before the start of the season and i2i Sports Ltd agreed to take effective control of the club and company, with Matthew Gore becoming the new chairman.

In **2014/2015** the Brewers lead the NCEL Premier for most of the season, but a poor run of games. in March led to them finally finishing in third. An excellent run in the FA Vase saw them make history by making it through to the Quarter Final of the FA Vase where they drew a record breaking crowd of 1,307, but were narrowly beaten by High-worth Town. At the end of the season, the club opted not to renew their contract with manager Paul Marshall, two weeks later former Harrogate Railway boss Billy Miller was unveiled as the club's new manager.

In **2015/2016** the Brewers lead the NCEL Premier for most of the season once again, but this time they held their nerve and finished Champions with a 2-1 home win over Armthorpe Welfare. They also made it to the League Cup Final, but were beaten in a thrilling 3-2 game against Cleethorpes Town.

In **2016/2017** the Brewers started their first ever season in the Evo-Stik First Division North. With a mix of old and new players Billy Miller was back in his old stomping ground and his experience and knowledge of this division was needed.

The Brewers started the season well and were in the play-off spots, then injury problems hit the team and the season seemed to run away from them.

They finished 19th in the league. The Brewers had a great chance for silverware in the West Riding County Cup Final, the game finished 1-1 but they lost out to Farsley Celtic 4-2 on penalties.

At the end of the 16/17 campaign the Directors made the tough decision to change the management team from Billy Miller and Matt Heath to Michael Morton and Simon Collins bringing it more in-house. In the 2017/18 season the new-look management team took a couple months to adapt to the league and mould the squad that they wanted. However it didn't take them long to find their feet as the fortunes took a turn for the better after the new year with Michael & Simon steering the club to its highest ever finish reaching the Evo-Stik League play-offs after a dramatic final day. This once again brought massive excitement amongst the club and town but unfortunately it ended in semi-final defeat 2-1 at Bamber Bridge despite taking the lead and putting in a valiant performance.

There's no doubting that the club is going in the right direction as the 2018/19 season sees the Brewers move into the Evo-Stik East Division after the league switched from a North/South divide to an East/West split. Can the club improve again this year...

## Director's · NOTES

Good afternoon and welcome to the i2i Stadium for our first game of the season as we take on Carlton Town.

We would like to issue a warm welcome to all of the players, officials, staff and supporters of Carlton as well as a safe journey home later this evening.

It's always exciting at the start of a new season; clean slate, new faces, new ideas, new feels and this year new teams, a lot of them too! Obviously we have seen the new faces in action across the course of pre-season but once points and positions are up for grabs it's a completely different kettle of fish as intensity is increased drastically.

After last year's exciting climax of reaching the play-offs and achieving the highest finish in the club's history, we are confident of making another good account of ourselves in the new look Evo-Stik East Division. We have bolstered our squad with players who have been there and done it already as well as keeping hold of last year's squad.

It's going to be enjoyable visiting plenty more new grounds, hopefully because we'll be leaving with points on many occasions that is.

We do hope that you get behind the team and in particular support the boys away from home this year. We have a mini bus which will more often than not be available for every away day so contact the club on social media or email [info@tadalbion.com](mailto:info@tadalbion.com) to book your seats.

Don't forget we are back at the i2i next Saturday for a big FA Cup tie against Shildon. The prize money for each round has now kindly been doubled making the world-renowned competition even more lucrative this season. We saw what Hyde did last year getting through to a BBC televised fixture, that will no doubt set them up for a couple of seasons so here's hoping that it could be our turn this year, who knows.....

We do need all of your support though so don't miss out!

Enjoy the game and we wish you all a safe journey home.

## Manager's · NOTES

Michael Morton & Simon Collins

Good afternoon and welcome along to Tadcaster Albion AFC for our first game of the season against Carlton Town.

Pre-Season feels like it gets longer every year but we are finally here and are ready and raring to go for today's season opener. We played eleven games in the build-up for what the next nine months is going to throw at us and we can't fault any of the players' dedication and commitment. The lads have been top class to sometimes play back-to-back days and the rewards are clear to see as fitness has definitely improved since last season which could turn out to be crucial in the long-run.

It's great to be able to start in front of our fans today but we just hope that we start on a positive note to take us into Tuesday night. With moving into the Evo-Stik East Division this year, it will see us come up against a lot of unknown quantities but none more so than today with Carlton Town as we have no idea where everyone is at. What we do know is that we need to be bang at it from the first whistle as there will be no easy games in this division that's for sure.

Obviously it isn't ideal that Ingy [Michael Ingham] misses the first game of the season due to a holiday but these things happen, I'm sure other players will miss games too for various reasons. Having said that, we are pleased to be able to bring in a young goalkeeper from Leeds United called Harrison Male who has featured for Leeds United's U23's and has also represented England. He certainly has a

big future ahead of him. With Mikey now working at Leeds it allows for the two clubs to link in ways just like this and we are thankful for all involved for allowing the deal to go ahead.

We are very much looking forward to the season ahead though and we hope you are too. The first few months of last season was a bit up and down with it being our first few weeks in charge but post New Year felt like a true reflection of the squad and style of play that we want to stamp down here. We have fought off interest to keep some of our big players at the club as well as bringing in some exciting new additions like Joe Lumsden, Jack Walters and Harry Coates who will no doubt hit the ground running.

Another new/old face that we didn't mention there was of course Paddy Miller. It was great shame to see him pick up a nasty injury in the charity match which is going to rule him out of action for up to eight weeks. Paddy is a professional in how he works so no doubt he will be back sooner rather than later.

Keep up your support again this year, here's to a successful season.

Enjoy the game.

# Team · HISTORY

Carlton Town

The Club was founded in 1904 under the name of Sneinton FC and for much of the 20th century played its football in the local leagues of Nottinghamshire.

The Club led somewhat of a nomadic existence, playing at various grounds, and only settled at its current location of Stoke Lane, Gedling, in the early 1990s. This move coincided with the ambition from within the Club to progress beyond the confines of local parks football and the Club took the bold step of joining the Central Midlands Football League for the 1995-96 season, a move previously undertaken by only two other Nottingham parks sides. It is perhaps from this point that the modern-day Carlton Town FC really started to take shape.

The first season in the CML was reasonable, but at the start of the 1996-97 campaign the Club was left with just three players and no manager. In a desperate quandary, chairman Bill Stokeld turned to former players Tommy Brookbanks and Neil Cooper who agreed to take over the managerial reigns at Sneinton, and there began a period of outstanding success.

Brookbanks led the club outstandingly for 14 years from 1996 – 2010 with the club gaining four promotions under his stewardship. He took just two years to gain promotion from the Premier Division to the Supreme Division of the CML, and three years later only ground

grading issues prevented elevation into the Northern Counties (East) League.

Chairman Mick Garton of local company MSR Newsgroup took over the hot seat at Stoke Lane in 2002 and with his financial input (well over £200,000 has been spent during his tenure) the ground was brought up to Step 4 standard to ensure ground grading would never again deprive the team of the fruits of its labours.

Also in 2002 the club changed its name to Carlton Town and in its first season under its new monicker it duly won the CML title and gained promotion to the First Division of the NCEL.

The Millers spent three years in this division before winning the league in 2005-06 and gaining promotion to the NCEL Premier Division. However, by this stage the club was without club President and legend Bill Stokeld, who passed away watching the Millers on 23 October 2004. Bill had been involved with the Club for over 50 years and a player, secretary, chairman and president and without his financial assistance and sheer effort, the Club simply wouldn't exist today. It is fitting that his name lives on through the name of the stadium itself.

Having taken three years to rise one level within the NCEL it took only 12 months to gain yet another promotion and join the Northern Premier League at step 4 of the pyramid. The club had begun the 2006-07 season with no

ground, as a new link road was being built through the middle of the old ground and the new site, adjacent to the old one, wasn't ready in time. Nonetheless, despite starting the season with a run of away games, the team enjoyed an excellent campaign and travelled to Garforth on the last day of the season in a winner-takes-all game for the final promotion spot.

Dean Gent was Carlton's hero, scoring a 94th minute winner to secure a 2-1 win in front of 560 to secure Brookbanks's fourth promotion in 11 years into the NPL First Division South, where the Millers have remained ever since, until this year's reorganisation.

Carlton's first season at this level saw them finish a creditable 10th, and in 2008-09 they finished fourth and made the play-offs, where a certain Jamie Vardy was amongst the scorers as Stocksbridge Park Steels won 5-2 in South Yorkshire.

Another top half finish followed in 2009-10 before Brookbanks decided to move on to Premier Division Hucknall Town. He took with him most of the players and the Academy set-up so when new manager Les McLannet arrived, he had to recruit an entire squad of players. None of the starting eleven in the first match of the 2010-11 season had been at the club the previous season.

With most Carlton fans expecting a relegation battle McLannet's side made a fantastic start to the campaign, losing just one of the opening

Carlton Town

15 games and finishing in eighth place. The club also made it to the final of the Notts Senior Cup for the first time before being well beaten by Conference North Eastwood Town.

If Carlton fans thought that was impressive, the next three seasons brought even more success. 2011-12 saw the Millers finish second in the table, their highest ever placing to date, score 101 league goals and only go out of the play-offs after a penalty shoot-out against Leek Town.

The league form dipped in 2012-13 but McJannet brought silverware to the Club in the form of a first ever Notts Senior Cup success, beating his former club Sutton Town 5-2 in the final, even though centre-half Grant Brindley had to play in goal due to an injury crisis. The club also made it through the third round qualifying of the FA Cup for the first time before going out to Bradford (Park Avenue).

The Millers made a great start to 2013-14, winning their opening five matches without conceding a goal. However, McJannet struggled to put out a settled side and results suffered, with Carlton eventually finishing tenth in the table. Once again, the team save its best

performances for the cup competitions, with another third qualifying round appearance in the FA Cup and a best-ever semi-final showing in the League Cup in a run which saw Carlton beat three Premier Division sides including a memorable quarter-final win at home to FC United of Manchester. The Millers also retained the Notts Senior Cup in some style, beating Rainworth MW 6-2 in the final.

2014-15 was a huge disappointment. The Millers opened with three defeats and never really recovered, spending far too much of the season flirting uncomfortably with relegation, eventually finishing in 18th position and failing to win any of their last 13 matches. Early exits were made in all cup competitions and at the end of the campaign McJannet decided to call it a day.

He was replaced by his assistant Wayne Scott who had led the under 21s to an impressive second place in their division in McJannet's final year. Scott's first two seasons in charge were almost identical, with Carlton starting poorly and hovering around the relegation zone for the first six months of the season before hitting their stride in February or March,

putting together excellent winning runs, and pulling well clear of the drop in points terms at least.

Those seasons saw 18th and 19th placed finishes in the league but Scott's second season at the helm ended in spectacular style with the manager leading the club to its third win in the Notts Senior Cup, beating local rivals Basford Utd 4-1 at Notts County's Meadow Lane.

2017-18 saw an excellent start, with 10 points from the first five games and 20 points reached by mid-November. However, a horrendous run of postponements allied to a habit of conceding late goals saw the Millers slip down the table, albeit with games in hand. The postponements plainly had an effect with Carlton having to play their final 12 matches in the last 24 days of the season, and without a win in the last 10 they once again finished 19th.

With the side venturing into new territory in the Evo-Stik East division, the challenge for Scott's team is to maintain the early season form of the last campaign over an entire season, as well as try and put together a run in one of the FA competitions, not enjoyed by Millers fans for some seasons now.

### JACK STEGGLES - GOALKEEPER

A member of the successful Carlton Town Under 21s team where he was converted to a goalkeeper. His father Carl was an outstanding 'keeper in local football for many seasons and his Uncle Mark, a member of the Carlton Town Committee was a local Referee in Nottinghamshire football. Has been rewarded with a further contract and will continue to improve under the Gaffer's guidance.

### DANIEL FLETCHER - FULL BACK

Returned to the Club half-way through season 2015/2016 after a spell at Basford United. Experienced and tough tackling defender who has made a vast improvement to Carlton Town's defensive options in one of their weaker positions. Scored the Club's Goal of the Season in 2015/2016 with his match winning left foot drive away at Stamford in the League Cup.

### KIERAN WALKER - DEFENDER

Joined Carlton Town in the early part of Season 2015/2016 having previously been at Sheffield. Made a number of outstanding performances both at full back and centre back. His reliability made a must keep player for last season and accordingly a deal was reached between player and Manager for that to take place. Was made Club Captain and he led by example in his performances.

### NIALL DAVIE - STRIKER / MIDFIELD

Another arrival at the start season 2015/2016, as part of the Wayne Scott revolution having arrived from Harrowby. Niall has made a great impact in his time at the Club playing for Carlton Town Under 21s and as a result he has been given an opportunity with the first team. Awarded for his efforts with a contract and the Club have high expectations for the player in the forthcoming

season.

### KYLE STOVELL - STRIKER

Kyle now in his fourth season with Carlton Town having made good performances with the Under 21 side scoring a number of key goals. Serious injury has limited his opportunities at the Club. Has returned fit at the start of last season and become a regular member of the first team squad. Now needs to take his chance at a higher level and prove he can score regularly.

# Stewart Ready To Kick-On

This week we spoke to Casey Stewart about the upcoming Evo-Stik East League season.

After breaking into the first-team back in January, Stewart went on to shine scoring nine goals and catching many an eye in the final few months of the season. This led to the young forward going on trial with recently promoted National League side Harrogate Town.

"It was a great experience for me training full-time with some very good players. I learnt a lot there, obviously it's that little bit sharper so you have to be that bit brighter."

"It's slightly more physical as well but you can't hide, you have to constantly want the ball. I felt that I could still do it at that level and higher though but obviously it didn't work out."

"Yes I was frustrated not to be a part of their plans, a bit because of the way I performed and trained, I was expecting to sign because I thought I did really well."

"But for me it's not really a set-back because if I'm not in their plans that's only their opinion on me."

As Harrogate decided not to sign Stewart, he returned back to the Brewers looking to kick on once more.

"I'm delighted to be back at Tadcaster, it's a great club that is on the up and going places."

"This season I want to get at least 20+ goals and plenty of assists (15+) too. For me though it's not just about myself doing well it's about the team being successful. I believe we can get promotion if we start the season well but we have to make sure we stick together."

Stewart is not just targeting a successful campaign in the league as he sets his sights on a cup run.

"I also want to do very well in the FA Cup as it's a massive competition and has all the best teams involved."

Taddy welcome Shildon to the i2i Stadium next Saturday 25th August in the Preliminary Round of the Emirates FA Cup.

"I'm buzzing for the new season to start, I can't wait to get going. It's been a very long pre-season and seeing most teams start has been frustrating to watch."

Stewart along with Harry Sheppard, now at

Sheffield United, broke into the side from the U21's at the same time and states the importance of youth development.

"It's great that we integrate youth into our first-team as we've shown we can do well. I love that a lot of the fans like me too as I love the club and everyone involved with it."

"I feel like I've come on a lot this pre-season and I can only get better. I've got a lot more to bring and there's a good feeling about the squad this year and what we can achieve."

"We've got a great bunch of lads this year, everyone has been working hard and pushing each other. Everyone has to fight for their position because of how many good players we have. We've also brought in some top quality players who will undoubtedly strengthen us."

"We are all on the same path wanting to achieve the same goals."

## Pre-Season Recap | Albion End Pre-Season On A High

A Billy Whitehouse header ensured that Tadcaster Albion rounded off pre-season with an impressive victory over higher league North Ferriby United.

by Jay Taylor

North Ferriby United 0-1 Tadcaster Albion

Tadcaster Albion AFC (The Brewers)

**The only goal of the game came half way through the first half when Casey Stewart's inch perfect cross allowed Billy Whitehouse to power home a header.**

The win will no doubt instil greater confidence amongst the Brewers who now cast their attention to the opening game of the season at home against Carlton Town next Saturday.

It was the hosts who in fact started the brighter in the final friendly as former Scarborough Athletic defender Joe Lamplough headed off target after escaping his man on a corner kick.

Ferriby went even closer on five minutes as captain James Piercy saw his looping header canon off the top of the crossbar.

Taddy came out of the early Ferriby pressure unscathed and had a good chance to break the deadlock in their first venture forward on eight minutes. Casey Stewart has been like a new signing after arriving back from his trial with Harrogate Town as he gracefully glided past a trio of green shirts before playing a neat one-two with Aiden Savory but goalkeeper Lewis Exall stood tall.

The couple of early headers signalled promise for the Villagers but that's as good as it got for the home side as the Brewers dominated possession with the utmost of confidence and coolness.

It was an increasingly impressive display from Tadcaster and they scored

the only goal of the game on 22 minutes. Casey Stewart dangerously drove at the Ferriby back-line before deftly chipping a brilliant cross on to the head of Billy Whitehouse who powered into the bottom corner leaving Exall with no chance whatsoever.

Following on from the goal Albion just persisted on maintaining complete control on the contest as the back three of Jack Vann, Jason Mycoe and Ellis Barkworth quickly swept the ball back and forth with Mitch Langton and Pete Davidson offering a helping hand in midfield.

Eddie Rogerson had a rare attempt on goal for North Ferriby but his strike from 30 yards was never troubling the former Northern Ireland International in Michael Ingham.

Ingham's opposite number Lewis Exall almost gave Taddy a helping hand to a second goal as his poor goal kick was put back in behind the defence by Pete Davidson allowing Billy Whitehouse to drive into the penalty area but the Ferriby stopper made amends.

Taddy continued where they left off at the start of the second half with Jack Vann going close with a back-post header. Seven minutes in and the Brewers were awarded a penalty kick as Joe Lamplough was the guilty party barging Billy Whitehouse to the ground after Hardy's cross caused problems.

Billy Whitehouse stepped up after scoring two spot kicks already in

pre-season but he couldn't make it three out of three as his low side-footed effort was pushed clear by Lewis Exall.

North Ferriby finally started to turn the screw somewhat after making a whole host of substitutions injecting some much needed urgency into their play. Luke Lofts and Josh Walker in particular looked lively for the home side when coming on and the latter was found by a brilliant Alex Knox ball but as the forward pulled the trigger Jack Vann stormed across to superbly block the shot.

This was their only opportunity to draw level though as the final twenty minutes dwindled down without a noteworthy moment. Taddy look good ahead of next week's season opener with goalkeeper Michael Ingham unbeaten in pre-season.

## Pre-Season Preview: Tadcaster Albion vs Carlton Town

Jay Taylor - TAFCA Media Manager  
@JayTaylorMedia1

#ATAW

**The wait is finally over! The Brewers kick off the 2018/19 Evo-Stik East League campaign today at home against Carlton Town.**

Mikey & Si have been preparing their squad since the first session back at the end of June, now after eleven friendlies, the talking can stop and the real action can start.

Taddy are coming into today's contest confident following last Saturday's impressive display against North Ferriby United winning 1-0. It was more the manner of the victory that caught the eye though as Albion dominated the contest with their patient ball retention style of play.

Carlton on the other hand opted for a different approach in organising friendlies against teams in higher leagues, bar one. This may not have filled their ranks with belief though after winning just one of their seven pre-season matches but it will have potentially made them stronger for the upcoming campaign. We all know that these results are irrelevant anyway and often prove to be meaningless.

In the 2017/18 season, the Millers finished 19th in the Evo-Stik South recording 41 points from 42

games, six points off relegated side Romulus. It was a hectic final couple of months for Wayne Scott's side who ended up playing three times a week more often than not. This led to the club dropping closer towards the bottom of the league and they only just managed to survive despite winning only one game across March and April.

Jordan Wilson was Town's main man for goals after finishing last year as top scorer with fifteen goals but the forward has since moved on. On top of that, their second and third highest scorers have also left the club meaning Scott will be hoping his new faces make an immediate impact.

Taddy will look to new signing Joe Lumsden for the majority of their goals after the forward netted 55 in his past two seasons with Stocksbridge Park Steels. They will also be boosted by the return of enigmatic youngster Casey Stewart who has returned from the club following a trial with Harrogate Town.

The Brewers snuck into the play-offs last year and just missed out on a place in the final, how far can they go in the new look Evo-Stik East Division...

### Team News:

Taddy come into today's curtain raiser without their number one goalkeeper in **Michael Ingham** as he's away. No matter who the replacement is, the giant Northern Irishman is tough to replace. **Chris Howarth** is also unavailable for selection today (away) along with the injured **Paddy Miller** (calf). New signings **Harry Coates** and **Joe Lumsden** likely to start. **Aaron Hardy** and **Jason Mycoe** are both doubts with knocks.

CLUB

Tadcaster Albion JUNIORS U11'S

Tadcaster Albion JUNIORS U14'S

Tadcaster Albion JUNIORS U19'S

## Tadcaster Albion Juniors

Club was formed in approx. 1986, its affiliated to the West Riding County FA (WRCFA). Currently hold Charter Standard status. We have approx. 245 players through from Kinders age 4 to U19.

We aim to be the club of choice for kids who want to play football in the Tadcaster area. We are an inclusive club, especially at the lower age groups, but for the older teams we strive for success on the pitch and attempt to balance the two.

### The key objectives of our club are to:

- To provide a safe environment.
- To promote good sportsmanship.
- For all our players to reach their full potential.
- For everyone involved with the club to enjoy themselves and have fun.

Anyone interested in playing or coaching can contact the relevant team manager via our website

# SPORTS TRAIIDER

CREATING A LEVEL PLAYING FIELD

Sports Traider Charity, Registered Charity No. 1156175

Youth-focused charity offering young people the kit and support they need to discover and fulfil their sporting ambition and potential.

**Sports Traider has established the first chain of charity retail shops in the UK that specialise in sports kit and equipment. The aim is to make clothing and sport equipment affordable to all, and at the same time generate a sustainable source of funding to help disadvantaged young people participate in sport.**

Each year Sports Traider Charity organises a number of events to engage with the sporting community to raise funds and awareness of the charity.

The charity is heavily reliant upon donations, both cash and equipment, from the goodwill of members of the public, and corporate businesses. These are received through UK Virgin Money Giving,

collections, Direct Debit, Standing Order, and through corporate and individual membership of our '100 Club'. Every contribution is most welcome and makes a difference within the donors' local community.
