## TADCASTER ALBION V PICKERING TOWN

SPONSORED BY

# Formed in 1892

The club is believed to have been formed in **1892** as John Smith's FC. It wasn't until **1923** that the Tadcaster Albion AFC name was adopted. In the early years the club played in the local York League. In **1948** Albion won the York League. They continued competing in the York League during the **1950's & 60's**.

Tadcaster Albion, in the early days, played home games on the site of the cricket ground on Station Road, before moving to the Ings ground, near to where the present Samuel Smith Brewery Packaging Block now stands.

Changing facilities were in the town, at the rear of the Falcon Public House on Chapel Street, and it was a common Saturday afternoon sight to see nets, corner flags, buckets, oranges, players and officials trekking through the town.

Down the years the club has played in several leagues. In early times, Barkston Ash and later still the Yorkshire and Northern Counties East Leagues.

Football continued on the Ings ground until **1960**, when the club moved 100 yards up river to its present home at the Park.

In **1973** the club joined the Yorkshire League Division 3 and were promoted in **1975 & 1977** to reach Division 1, relegation was to follow in **1979 & 1980**.

In **1982/83** they became a founding member of the Northern Counties East League, originally in the NCEL Division Two North before league reorganisations led them to Division One in **1991**. They rarely finish in the top half of the league in the **1990's** and finished bottom in **2001/02 & 2003/04**.

At the start of **2004/05**, Jim Collis became manager and at this point fortunes on the pitch started to improve dramatically. In his first season, Albion finished 5th in the league, the following year a 3rd place finish meant promotion was missed by one point.

Jimmy Reid took over as manager in **2006**, but his time was blighted by off the field problems. An attempted hostile takeover by dissident committee members took a massive amount of money to fight. Then in Nov **2007**, an attempted arson attack on the clubhouse caused a lot of damage.

Paul Marshall took over at the start of **2008/09**, in his first season he played mostly local players and the team struggled and finished 17th. In **2009/10**, with an influx of a few new key players, Albion won the NCEL Division One title. In **2010**, Rob Northfield, took over as Chairman of Tadcaster Albion (2010) Ltd, and the club became a company limited by guarantee.

Albion finished fourth in their first season in the NCEL Premier Division and won the NCEL President's Cup, beating Farsley AFC 5-1 in the final. That was followed by an 8th place finish in **2011/12** and 6th in **2012/13**. In the **2013/14** season Rob Northfield resigned a few days before the start of the season and i2i Sports Ltd agreed to take effective control of the club and company, with Matthew Gore becoming the new chairman.

In **2014/2015** the Brewers lead the NCEL Premier for most of the season, but a poor run of games in March led to them finally finishing in third. An excellent run in the FA Vase saw them make history by making it through to the Quarter Final of the FA Vase where they drew a record breaking crowd of 1,307, but were narrowly beaten by High-worth Town. At the end of the season, the club opted not to renew their contract with manager Paul Marshall, two weeks later former Harrogate Railway boss Billy Miller was unveiled as the club's new manager.

In **2015/2016** the Brewers lead the NCEL Premier for most of the season once again, but this time they held their nerve and finished Champions with a 2-1 home win over Armthorpe Welfare. They also made it to the League Cup Final, but were beaten in a thrilling 3-2 game against Cleethorpes Town.

In **2016/2017** the Brewers started their first ever season in the Evo-Stik First Division North. With a mix of old and new players Billy Miller was back in his old stomping ground and his experience and knowledge of this division was needed.

The Brewers started the season well and were in the play-off spots, then injury problems hit the team and the season seemed to run away from them.

They finished 19th in the league. The Brewers had a great chance for silverware in the West Riding County Cup Final, the game finished 1-1 but they lost out to Farsley Celtic 4-2 on penalties.

At the end of the 16/17 campaign the Directors made the tough decision to change the management team from Billy Miller and Matt Heath to Michael Morton and Simon Collins bringing it more in-house. In the 2017/18 season the new-look management team took a couple months to adapt to the league and mould the squad that they wanted. However it didn't take them long to find their feet as the fortunes took a turn for the better after the new year with Michael & Simon steering the club to its highest ever finish reaching the Evo-Stik League play-offs after a dramatic final day. This once again brought massive excitement amongst the club and town but unfortunately it ended in semi-final defeat 2-1 at Bamber Bridge despite taking the lead and putting in a valiant performance.

There's no doubting that the club is going in the right direction as the 2018/19 season sees the Brewers move into the Evo-Stik East Division after the league switched from a North/South divide to an East/West split. Can the club improve again this year...

## Director's · NOTES

Good afternoon and welcome to the i2i Stadium for today's festive North Yorkshire derby against our nearby neighbours Pickering Town.

We would like to issue a warm welcome to all of the players, officials, staff and supporters of Pickering as well as a safe journey home later this evening.

First of all it's great to be facing Pickering competitively once again following their promotion out of the NCEL last season. Our former chief Paul Marshall has done an excellent job with the Pikes and appears to be acclimatising to life at this level and no doubt will be a settled Evo-Stik side in no time. The league restructuring last year certainly helped them out in achieving promotion going up in second but we also gave them a huge helping hand of course as the goal that sealed their fate was scored by our very own Casey Stewart. However the same could be said for ourselves as without the restructuring we wouldn't have made the

play-offs, which could have also lead to the same outcome.

Nevertheless we've bounced back very well from that play-off heartache in May sitting in a healthy position at the half way stage of the season. We have all been very impressed with the work that Simon Collins, Nathan Kilby and the rest of the team have done in the past few months and it was great to see them rewarded with the Evo-Stik East Club of the Month award for November. It's certainly not an easy job keeping everyone happy amongst a squad but they've brought together a great bunch of lads who are keen to be successful.

The Sheffield game was a bitterly disappointing one for us all, it was in fact a problem with electricity in the Yorkshire area rather than an issue with our floodlights. We weren't even given the option to continue with visibility still more than okay, it was frustratingly taken out of our hands. It was a shame that our opponents weren't keen to

play on as we were up for it and could have put another three points on the board.

Anyway, it's been another exceptional year for Tadcaster Albion with the club continuing to go from strength to strength. Our moment of 2018 has to be the dramatic final day of the season where we beat Mossley and made the play-offs with thanks to results elsewhere.

Thank you for all of your fantastic support this year, we could do with you all again at Morpeth on New Year's Day.....

We hope everyone had a wonderful Christmas and enjoys the New Year!

Come on Taddy!

## Manager's · NOTES

Michael Morton & Simon Collins

Good afternoon and welcome along to Tadcaster Albion for today's Boxing Day fixture against our good friends Pickering Town.

We would like to extend a warm welcome to Paul, Denny and their staff as well as a safe journey home later this evening.

Let us start by saying that we hope you all had a lovely Christmas and fingers crossed we can top it off today by picking up a big three points. We should probably be sitting on more points than we currently are after the farcical afternoon of the Sheffield abandonment. It genuinely looked as though no one fancied it apart from us so it was certainly frustrating seeing it called off so early when it was a power-outage in the area.

We obviously know a lot of the Pickering guys from their time at Tadcaster when we were working under Marshy [Paul Marshall] and we aware that we'll have to be at our very best to come away from the contest victorious. We are all expecting them to raise their game tenfold as it's their biggest fixture of the season so we have to be aware of that and match their intensity. This is the first time that we've come up against Paul in a competitive match since working in the same dugout, he's a great guy and we still remain friends now. There's no doubting that they have some very good players at their disposal; Biss [George Bissett], Thomo [Nick Thompson] and Josh [Greening] to name a few who are dangerous as they showed during their time at Tadcaster.

Being at the half-way stage of the season, we are pleased with how things have gone, our away form in particular has been excellent. If we can stay consistent with this and improve on our home form slightly then we are confident of being in and around it come April. We don't fear anyone that's for sure, we'll just keep doing things right and hopefully keep ticking the games off one by one.

We hope you are enjoying the season so far, we will all continue to work hard and hopefully you keep on supporting the club home and away. There should be a fantastic crowd this afternoon and we are looking forward to the occasion

Enjoy the game and have a Happy New Year!

Pickering Town

Pickering Town Football Club were first established in 1888, for many years the club competed in the local football leagues. One of the local leagues they competed in was the York Football League which they joined Division Two, in 1953–54. They were promoted to the league's top division after only one season.

In the early 1950s, the York League was heavily contended between York Railway Institute, Market Weighton and Pickering Town. Indeed, these were the teams in the top three when Pickering Town first won the York League in 1955–56.

The club dropped in form for the rest of the decade in comparison (although they did always finish in the top eight). During the 1959–60 season, they finished as league runners-up to Dringhouses.

## Yorkshire and Northern Counties Leagues

Pickering eventually joining the Yorkshire Football League Division Three in 1972. They started well in the league, and during their second season were promoted to Division Two as champions. Pickering Town finished as runners-up to Bridlington Town in the 1974–75 season and thus were promoted to the top division of the Yorkshire League.

They dropped in form a couple of seasons later, getting relegated in two successive seasons. For the rest of the decade Pickering lingered around the mid parts of the Yorkshire League Division Three. In 1982 they became founding members of the Northern Counties East Football League and were in the NCE Premier Division from 1992. It was around this time that the club first entered the FA Challenge Cup, they knocked out Penrith before losing to North Yorkshire rivals, Northallerton Town in the next round.

A few seasons later in 1996–97, they knocked out Pontefract Collieries 2–1 in the competition, but lost to Bishop Auckland in the next round. In terms of the draw, the club has had very bad luck in the competition, as every time they reached the 1st Qualifying Round, they were forced to play away from home. In 1999 Pickering were relegated to the NCE First Division. This was to last only two seasons and promotion back to the Premier Division came in 2001.

## Jimmy Reid transformation

The club underwent a great transformation with manager Jimmy Reid and his assistant Steve Brown in charge. Reid was a former player with St Johnstone and York City and Brown a former "Pikes" player and coach at the Leeds United Academy. At the end of 2001–02 season Jimmy Reid left the club and Steve Brown took control.

At the start of the 2002–03 season

Pickering Town

## Team · HISTORY

Pickering Town

5 first team regulars were lost for a variety of reasons which left the club struggling for much of the season. The hard work and dedication of Brown, his management team and the players was rewarded towards the end of the season as it all started to come together and with only 4 defeats in the last 15 league games the club finished the season in 13th position.

2003-04 season was an exciting one for the club as they were in the top half of the league table all season and for much of it, with games in hand, looked possible championship contenders. However, with a glut of fixtures, and possibly with the knowledge that promotion to the re-structured Northern Premier League was not an option due to ground grading, at the season's end the club were not able to capitalise and finished in a creditable 5th position.

Early into the season 2004-05 owing to ever increasing business commitments Steve Brown stepped down as Manager to be replaced by ex-Ipswich Town and Newcastle United striker Alex Mathie, veteran of over 200 league games and 20 years as a professional.

After much ground improvement work in recent years, including the erection of floodlights, a new 120 seater stand, covered standing accommodation and more recently an additional 100-seater stand behind the "scoreboard end" goal, the club now possess one of the best grounds in the league.

### Recent events

In the 2005-06 season the club reached the quarter finals of the FA Vase the furthest in the club's history. The team eventually lost out to Nantwich Town.

After an encouraging start in the 2006-07 season, results took a turn for the worse over the winter period, and a run of one win in eleven games led to the resignation of Mathie as manager on 6 January 2007. Within a week, the board announced they had appointed ex-Pickering player and Mathie's assistant Mark Wood as the new manager.

The 2007-08 season saw the club finish in third in the NCEL Premier Division, their highest league position in over a decade. Off the pitch the club saw significant change and Pickering applied for promotion to the Northern Premier League. The club erected a removable fence for the cricket pitch side and improved the existing exterior toilet facilities. Ground development has continued with the club resurfacing and floodlighting the car parking facilities, adding new goals, corner flags and dugouts and improving the drainage of the pitch.

Mark Wood stepped down as manager early in the 2010-11 season and he was replaced by Scarborough FC legend Mitch Cook. Cook oversaw a change in philosophy mainly focussed on youth and passing football. This approach had mixed success but the club eventually finished in a very respectable 7th.

Cook resigned just before the end of the season to take up the vacant managerial role at rivals Bridlington Town taking with him much of the playing squad.

Following Cook's resignation the club invited applications and eventually offered the job to former York City player and coach Peter Vasey.

They reached the Second Round Qualifying of the FA Cup 3 times (1999-00, 2001-02 and 2003-04).

On 30 April 2013, the club won the North Riding Senior Cup for the first time in their history following a 3-0 win over Marske United. The goals were scored by Liam Shepherd, Liam Salt and Joe Danby in the second half. The game was played at the headquarters of the North Riding County FA in Stokesley in front of 439 spectators.

### Paul Marshall era

In the summer of 2015, Paul Marshall left the manager's job at Tadcaster Albion and was swiftly appointed as manager of Pickering Town. Denny Ingram joined him as a player and assistant manager. Pickering finished sixth in the first season under Marshall and second in 2017, behind only champions Cleethorpes Town. They reached the final of the North Riding Senior Cup in 2017, losing 3-1 to Whitby Town in the final at Middlesbrough's Riverside Stadium.

# TALKING TADDY

## With Robin Derry.....

### 1. How long have you supported the Brewers?

*Since birth! I didn't have a choice. Back in the days when we were called the reds...or the robins!*

### 2. Favourite current player?

*Pete 'Yorkshire Pirlo' Davidson.....or for the simple fact he's a Taddy legend and his commitment to the club for all these years, Josh Barrett.*

### 3. Favourite ever player?

*Nick Thompson has to be in with a shout. Top lad and always put in a shift for the club over a number of seasons. But plenty of others that deserve a mention. Maybe I should do a Brewers 1-11 one day.....*

### 4. Player you'd most like to go on a night out with?

*I'm still due a Cosmo all you can eat buffet night with Milney.....he's still one of us!*

### 5. Best goal you've ever seen at TAFC?

*Wow I've seen hundreds of goals over the years and some real crackers. But one that sticks in mind and not for the quality but for what it meant to the club - Braithwaite vs Hemsworth (see question 11 below)*

### 6. Funniest player played for the club?

*I once played a few games for the reserves...that was hilarious.*

### 7. Best player you've ever seen at TAFC?

*Jono Greening takes some beating. Made it look so easy. Also an on form Matty Howgate was great to watch.*

### 8. Most valuable TAFC employee?

*Supposed I'd better say Jay haha. But honestly the work he puts in is unbelievable.*

### 9. Most valuable TAFC volunteer?

*I know I'm biased but got to say El Presidente Kevin Derry...what he's done for this club over the years is outstanding. Would not be where we are today without the likes of him and Nobby.*

### 10. Most memorable moment?

*Lifting the NCEL Premier League Champions Trophy on the pitch with KD has to be up there.*

### 11. Most memorable match?

*The Brewers 2 - 1 Hemsworth. 2009/10. Last game of season. Only a win was good enough to get promoted. 85 min Braithwaaaaaaaite!!!*

### 12. And finally, why do you love the Brewers?

*It's in the blood. And you just have to love non-league football and the banter that goes with it.*

## MATCH ABANDONED | Plenty Of Lighty, But No Likey For Some...

Tadcaster Albion's final game before Christmas was abandoned after quarter of an hour due to sporadic floodlight glitches at the i2i Stadium.

by Jay Taylor

On a literally freezing afternoon in Yorkshire, Harry Coates nudged the Brewers ahead against Sheffield FC in the third minute heading home Pete Davidson's cross. However as the ball nestled into the net, several floodlights went out. Referee Akeel Ahmed was confident there was still enough light to continue with the match so play did get back underway.

Having said that though, Mr Ahmed brought a halt to proceedings again just two minutes later as the dreary dull sky became slightly more gloomy. After a brief discussion between officials, the players headed back down the tunnel and into the changing room to play the old waiting game.

If there was to be a fifteen minute break on any afternoon, this wasn't it as the freezing sleet and rain swept across the terraces of the i2i Stadium. After a quick flick of the switch, lights eventually gleamed once again as both sets of players remerged for a second sharp warm-up.

Once play did get back underway at 15:21pm, Aiden Savory headed a Billy Whitehouse cross just wide as Taddy continued to look the brighter of the two, if you pardon the pun. Four more minutes of action passed the extremely cold spectators by before another slight electrical slip forced the contest into a second stoppage.

Ahmed and assistants congregated on the pitch again and following a thirty second exchange of words, the teams were then ordered to walk off once more with the abandonment confirmed soon after. By all accounts the visitors weren't happy with the light situation and were keen not to continue with the contest.

15:30pm and the match was then confirmed as abandoned. A new date for the fixture will be revealed in due course.

Warmth was a welcomed early boost for all attendees.

## THROUGH THE LENS..... With club photographer Matthew Appleby

1. What was your first game covering TAFAC and what were your first impressions of the club and ground?

*It was a pre-season friendly against a Premier League XI a couple of seasons ago. I hadn't been to any non-league game before that so there were some notable differences from the Premier/Football League. Mostly how welcome you feel as a regular or a newcomer. The pitch was immaculate as usual and the new main stand had just been opened.*

2. What has been the most difficult TAFAC game to cover as a photographer and why?

*I think perhaps some of the early away night games with my old camera were the most frustrating. I was still very new to photography and struggled to get many shots I would be happy with nowadays. Games like the abandoned Sheffield game recently where the conditions were not at all pleasant also provide a different type of challenge.*

3. What game stands out as the best match and why?

*My third competitive match, Scarborough in the FA Cup Qualifying Round. 2-0 down at half-time, come back to win 3-2 with a late winner. Big crowd and the game didn't disappoint. Should also mention the 4-3 against Trafford, another late winner, and the 5-0 win over Bamber Bridge was a complete demolition of a top quality side. Will Annan's the man.*

4. How did you get into photography?

*I've always had a vague interest in it, it was even one of my modules at uni, but it wasn't until a few years back that I took it more seriously, got myself a decent entry level DSLR camera and I've loved it ever since. I couldn't recommend it highly enough, as a hobby or whatever you'd like to take from it.*

5. What's the most rewarding part of your role?

*Being able to meet a wide range of people and experience all the ups and downs of non-league football has been a fascinating and enjoyable journey. It's also nice to get recognition for the work you're doing, whether that's through publications or receiving some incredibly flattering feedback.*

6. What's the biggest challenge photographing football?

*I've covered quite a few different sports now and football is still up there as one of the fastest and hardest to shoot. It definitely gets easier with experience, but it's a constant test of your reactions and your eye for a good shot. The ultimate challenge for any football photographer is any celebration shots and that's all down to positioning, preparedness and a whole lot of luck. Another challenge I set myself is to get at least one photograph of every player each match, if that means sacrificing the odd celebration picture then so be it.*

7. And finally, which Taddy player do you enjoy snapping most?

*Pete Davidson and Corey Roper are always good value for some let's say interesting facial expressions/general reactions.*

I'm sure you'll all agree that Matthew's pictures are nothing short of excellent.

## Match Preview: Tadcaster Albion vs Pickering Town

Jay Taylor - TAFC Media Manager  
[@JayTaylorMedia1](#)

#ATAW

SPONSOR:  houseproud  
houseproud.co.uk

Tadcaster Albion welcome Pickering Town and former boss Paul Marshall to the i2i Stadium this afternoon for an intriguing Boxing Day clash.

For the past two seasons Taddy have faced Scarborough Athletic for the annual festive fixture but 2018 provides a new local derby with many connections between the two clubs.

At the time of writing the Pikes sit in 17th place in the Evo-Stik East League accumulating 17 points from 16 games and will be looking to pull away from the dreaded bottom two. After a somewhat slow start, Town appear to be adjusting to life at Step 5 following several positive results as well as a terrific run in the FA Trophy.

The Taddy faithful will be delighted with how the first half of the season has panned out sitting in the play-off places and not out of

distance of league leaders Morpeth, ahead of a New Year's Day trip to the North East.

When Albion and Pickering used to go head-to-head in the NCEL, it was Tad who had the upper-hand winning the two most recent meetings. Back in October 2015, two Jimmy Beadle penalties sandwiched in between goals from Josh Greening and Adam Baker saw the points wrapped up at half-time with Ryan Cooper's second half strike merely a consolation. However, the most recent meeting between the two teams was one of the most memorable in Taddy's history as three late goals courtesy of Andy Milne, Jimmy Beadle and Adam Baker played a huge hand in the NCEL title win.

We are looking forward to seeing all of the familiar faces back at the i2i Stadium again in what should be a fantastic afternoon.

Enjoy the game!

## TALKING TADDY With Campbell White.....

I started coming to watch Tadcaster Albion because I had nothing to do on a Saturday afternoon and it was free for i2i boys at the time. Some of the i2i coaches play for Tadcaster so we went to support them.

My first Tadcaster Albion match was Tadcaster Albion vs Spennymoor in a pre season friendly on 1 August 2015 because my uncle's friend plays for Spennymoor and he was going to come and watch.

My favourite player is Michael Ingham because he is my goalkeeper coach and he gave me his goalkeeper gloves in the playoff against Bamber Bridge. He helps me improve my goalkeeping so it is nice that I support him at Tadcaster when he is playing. Sometimes I am his ball boy and get the ball for him when it goes behind the goal.

My other favourite players include Corey Roper and Jake Rose because they have been my i2i coaches too. I also like Josh Barrett.

I choose to come and watch Tadcaster Albion

because I enjoy football and know lots of the players and staff. I bring my friend Joe too because we bought him a season ticket for his birthday so we can have a kick about sometimes when we are allowed. I also like getting my half time food from Anna.

My Mum usually brings us but all of my family have season tickets. My Mum likes coming too as she likes football. I have been asked to be a mascot but I'm shy so haven't done it yet. I might when I am older. I have been in the background of some photos too.

My favourite Tadcaster Albion game was the play off against Bamber Bridge last year. I was upset that we lost but we played well and were unlucky not to win. At the end of the match Ingy gave me his gloves, it made my mum cry. The gloves are very special to me and I still have them now.

CLUB

Tadcaster Albion JUNIORS U11'S

Tadcaster Albion JUNIORS U14'S

Tadcaster Albion JUNIORS U19'S

## Tadcaster Albion Juniors

Club was formed in approx. 1986, its affiliated to the West Riding County FA (WRCFA). Currently hold Charter Standard status. We have approx. 245 players through from Kinders age 4 to U19.

We aim to be the club of choice for kids who want to play football in the Tadcaster area. We are an inclusive club, especially at the lower age groups, but for the older teams we strive for success on the pitch and attempt to balance the two.

### The key objectives of our club are to:

- To provide a safe environment.
- To promote good sportsmanship.
- For all our players to reach their full potential.
- For everyone involved with the club to enjoy themselves and have fun.

Anyone interested in playing or coaching can contact the relevant team manager via our website

# SPORTS TRAIIDER

CREATING A LEVEL PLAYING FIELD

Sports Traider Charity, Registered Charity No. 1156175

Youth-focused charity offering young people the kit and support they need to discover and fulfil their sporting ambition and potential.

**Sports Traider has established the first chain of charity retail shops in the UK that specialise in sports kit and equipment. The aim is to make clothing and sport equipment affordable to all, and at the same time generate a sustainable source of funding to help disadvantaged young people participate in sport.**

Each year Sports Traider Charity organises a number of events to engage with the sporting community to raise funds and awareness of the charity.

The charity is heavily reliant upon donations, both cash and equipment, from the goodwill of members of the public, and corporate businesses. These are received through UK Virgin Money Giving,

collections, Direct Debit, Standing Order, and through corporate and individual membership of our '100 Club'. Every contribution is most welcome and makes a difference within the donors' local community.
