TADCASTER ALBION V SPALDING UNITED

SPONSORED BY

Formed in 1892

The club is believed to have been formed in **1892** as John Smith's FC. It wasn't until **1923** that the Tadcaster Albion AFC name was adopted. In the early years the club played in the local York League. In **1948** Albion won the York League. They continued competing in the York League during the **1950's & 60's**.

Tadcaster Albion, in the early days, played home games on the site of the cricket ground on Station Road, before moving to the Ings ground, near to where the present Samuel Smith Brewery Packaging Block now stands.

Changing facilities were in the town, at the rear of the Falcon Public House on Chapel Street, and it was a common Saturday afternoon sight to see nets, corner flags, buckets, oranges, players and officials trekking through the town.

Down the years the club has played in several leagues. In early times, Barkston Ash and later still the Yorkshire and Northern Counties East Leagues.

Football continued on the Ings ground until **1960**, when the club moved 100 yards up river to its present home at the Park.

In **1973** the club joined the Yorkshire League Division 3 and were promoted in **1975 & 1977** to reach Division 1, relegation was to follow in **1979 & 1980**.

In **1982/83** they became a founding member of the Northern Counties East League, originally in the NCEL Division Two North before league reorganisations led them to Division One in **1991**. They rarely finish in the top half of the league in the **1990's** and finished bottom in **2001/02 & 2003/04**.

At the start of **2004/05**, Jim Collis became manager and at this point fortunes on the pitch started to improve dramatically. In his first season, Albion finished 5th in the league, the following year a 3rd place finish meant promotion was missed by one point.

Jimmy Reid took over as manager in **2006**, but his time was blighted by off the field problems. An attempted hostile takeover by dissident committee members took a massive amount of money to fight. Then in Nov **2007**, an attempted arson attack on the clubhouse caused a lot of damage.

Paul Marshall took over at the start of **2008/09**, in his first season he played mostly local players and the team struggled and finished 17th. In **2009/10**, with an influx of a few new key players, Albion won the NCEL Division One title. In **2010**, Rob Northfield, took over as Chairman of Tadcaster Albion (2010) Ltd, and the club became a company limited by guarantee.

Albion finished fourth in their first season in the NCEL Premier Division and won the NCEL President's Cup, beating Farsley AFC 5-1 in the final. That was followed by an 8th place finish in **2011/12** and 6th in **2012/13**. In the **2013/14** season Rob Northfield resigned a few days before the start of the season and i2i Sports Ltd agreed to take effective control of the club and company, with Matthew Gore becoming the new chairman.

In **2014/2015** the Brewers lead the NCEL Premier for most of the season, but a poor run of games in March led to them finally finishing in third. An excellent run in the FA Vase saw them make history by making it through to the Quarter Final of the FA Vase where they drew a record breaking crowd of 1,307, but were narrowly beaten by High-worth Town. At the end of the season, the club opted not to renew their contract with manager Paul Marshall, two weeks later former Harrogate Railway boss Billy Miller was unveiled as the club's new manager.

In **2015/2016** the Brewers lead the NCEL Premier for most of the season once again, but this time they held their nerve and finished Champions with a 2-1 home win over Armthorpe Welfare. They also made it to the League Cup Final, but were beaten in a thrilling 3-2 game against Cleethorpes Town.

In **2016/2017** the Brewers started their first ever season in the Evo-Stik First Division North. With a mix of old and new players Billy Miller was back in his old stomping ground and his experience and knowledge of this division was needed.

The Brewers started the season well and were in the play-off spots, then injury problems hit the team and the season seemed to run away from them.

They finished 19th in the league. The Brewers had a great chance for silverware in the West Riding County Cup Final, the game finished 1-1 but they lost out to Farsley Celtic 4-2 on penalties.

At the end of the 16/17 campaign the Directors made the tough decision to change the management team from Billy Miller and Matt Heath to Michael Morton and Simon Collins bringing it more in-house. In the 2017/18 season the new-look management team took a couple months to adapt to the league and mould the squad that they wanted. However it didn't take them long to find their feet as the fortunes took a turn for the better after the new year with Michael & Simon steering the club to its highest ever finish reaching the Evo-Stik League play-offs after a dramatic final day. This once again brought massive excitement amongst the club and town but unfortunately it ended in semi-final defeat 2-1 at Bamber Bridge despite taking the lead and putting in a valiant performance.

There's no doubting that the club is going in the right direction as the 2018/19 season sees the Brewers move into the Evo-Stik East Division after the league switched from a North/South divide to an East/West split. Can the club improve again this year...

Director's · NOTES

Good afternoon and welcome to the i2i Stadium for today's Evo-Stik East League match against Spalding United.

We would like to issue a warm welcome to all of the players, staff, officials and supporters of Spalding as well as a safe journey back home to Lincolnshire later this evening.

First of all, we won at Wembley! As we are sure you are all aware by now, it was announced at 4pm last Saturday that we were victorious in the Buildbase Transfer Deal seeing us scoop £25k's worth of building materials. This is a massive boost for TAFAC and we are absolutely delighted to have been chosen as the FA Trophy participating club to win the competition. Buildbase are actually in attendance today to formally present us as the winners so we hope they enjoy their day at the i2i Stadium.

Andy Charlesworth, Danny Gore, Nelly Sanderson and Jay Taylor put a great deal of work into the presentation and

ensuring that our story was put across in the correct manner to the panel. Every person associated with our club represents it in fantastic light and we are now looking forward to building a new external toilet block, hospitality area and storage facility for the juniors. We are also working with Selco to develop a new outside food court and club shop. Two new standing pods are in construction too so there's lots of new developments going on at the ground.

Turning back to events on the field, it was another good win last Saturday beating Wisbech Town 2-0. Yes it probably should have been more of a convincing victory than what it ended as but the three points is all that matters at this stage of the season.

Joe Lumsden continues to prove what a big signing he's been for us netting his 21st goal of the season before Paddy Miller scored one of the best free-kicks seen down at Taddy for a long time.

On the down side it's a shame to see Jack [Walters] ruled out for the season and also Corey [Roper] also sidelined for a couple of weeks, hopefully we've got enough to come away with the right result again today.

Don't forget that Tadcaster Albion now have their very own Lottery in which you can support the club as well as being in with a chance of winning £25,000! It costs just £1 a week, if interested just head to our website www.tadalbion.com for full details and information on how to sign up.

We hope you enjoy today's match!

Come on Taddy!

Manager's · NOTES

Michael Morton & Simon Collins

Welcome to Tadcaster Albion for this afternoon's match as we take on Spalding United looking to continue our winning run.

All at TAFAC would like to extend a warm welcome to everyone connected with Spalding United to Yorkshire today as well as wishing them a safe journey back home later this evening.

We are expecting another tough encounter today against Spalding, you can forget about league positions, you only have to look at the match where we went there earlier in the season and snatched the three points thanks to Howey's last gasp winner. That was a real tough afternoon for us as Ingy dislocated his thumb inside five minutes but managed to soldier on and we are expecting a similar affair today.

At the minute it feels good to keep ticking the games off with only eight left to play now but we can't take our eye off the ball so to speak as we can't really afford anymore

slip-ups from now until the end of the season. Yes we are in a good position as it stands but our points per game ratio isn't in our favour so ideally we just need to keep winning, it's as simple as that.

We were excellent in the first half last week against Wisbech and actually should have taken a healthier lead into the break. Yet again we managed to score at crucial times in the game too; Joe [Lumsden] getting another on 10 minutes after some great interplay between Ellis & Casey before Paddy struck that unbelievable free-kick just four minutes into the second half. It was an absolutely brilliant strike and worth every bit of praise that it receives.

Unfortunately we broke the news this week that Jack Walters has been ruled out for the season with a torn medial ligament in his knee which is a big blow for us as he's been excellent in his first season. Corey Roper is likely to be out for a couple of weeks too after going into a heavy challenge last

week. However we have the squad to fill the gaps with quality and we are looking at strengthening the squad if possible ahead of the deadline.

Just touching briefly on the play-off points per game commotion if we can, all we can do is keep winning games, what will be will be at the end of the day and we have to live with it. We got into the play-offs last season due to the league restructuring which is still being sorted out this year meaning two teams will miss out on promotion despite winning their play-off final. We've won our last four and we just want to keep this run going for as long as possible.

Thank you for your continued support, we need you more than ever right now!

Enjoy the game!

Spalding United

For decades it has been documented that Spalding United FC was formed in 1921, but recent research into club history has revealed that in fact, its existence goes back much earlier!

A chance sighting of an early team photograph on social media prompted some investigation and evidence gained shows that the club was formed back in 1905 following the amalgamation of the Fulney Institute and Victorias clubs was confirmed at a meeting in a local hostelery when it was decided that the name should be Spalding United.

A committee was formed and the home ground as to be the Low Grounds, but references were also made of games being played on Pinchbeck Road (Black Swan Field) which is now known as The Sir Halley Stewart Playing Field.

In the early days the club, fielding A and B teams, played in the Boston League and progressed to the Spalding and District League and to the Peterborough League winning a number of trophies and were runner-up to Boston in the Lincolnshire FA competition before a crowd of 4,000 fans. Their first honours, however, came in 1933 when they won the Lincolnshire Junior Cup. The feat was repeated in 1938 and they progressed to senior level and won the Lincolnshire Senior B Cup in 1951.

In 1952 the Tulips recorded their ground record attendance when playing Peterborough United, then a Midland League side, in a qualifying round of the FA Cup. A crowd of 6,973 packed into the ground and saw Spalding leading 2-0 with ten minutes to play but Posh fought back to equalise and went on to win the replay 3-0. Further progress followed with success in the Lincolnshire Senior A Cup in 1953.

The club has reached the first round proper of the FA Cup on two occasions. In 1957/58 they lost 3-1 to Durham City and in 1964/65 they played Football League opposition for the first time, being beaten 5-3 in a thrilling encounter at Newport County. Spalding became United Counties League champions for the first time in 1955, having been runners-up in 1951, 1952 and 1953. They joined the Eastern Counties League but were without success and

joined the Central Alliance League. They stayed just one season before transferring to the re-formed Midland League in 1961. In 1968 they rejoined the United Counties League and won the title for a second time in 1975.

Spalding changed competitions once more in 1982, joining the Northern Counties East League. They were champions in 1984 but again returned to the United Counties League in 1986. A third title was won in 1988, a season which also saw them lift the Lincolnshire Senior A Cup. This time their success earned promotion to the Southern League and their first two seasons in the Midland Division saw them finish eighth and sixth in the table. In 1989/90 Spalding enjoyed an excellent run in the FA Vase, progressing to a home quarter-final tie with Guiseley, who included former Leicester City and England striker Frank Worthington in their side. A crowd of 2,020 saw Guiseley win 3-1 in extra time, having equalised in stoppage time.

Things took a down turn with relegation back to the United Counties League the following season. The club went into decline, but recovery came in 1995 when Spalding won the League Knockout Cup and in 1997 they were runners-up in the league, as well as reaching the last-16 of the FA Vase when they were defeated by Taunton Town.

In 1998 they finished third in the league and again reached the quarter-final stage of the FA Vase, losing 2-1 at home to eventual winners Tiverton Town in front of 2,038 spectators.

In 1998/99 the club won the United Counties League championship, the Lincolnshire A Cup and the Hinchingsbrooke Cup. As UCL champions Spalding regained membership of the Southern League and competed in the Eastern Division for season 1999/2000. They finished in a creditable 15th position.

The next three seasons proved less successful and despite narrowly avoiding relegation they eventually returned to the UCL. Season 2003/4 saw a revival in fortunes, winning the the UCL championship and the East Anglian Cup for the first time, beating Aveley 3-1.

Spalding United

2004/5 was the club's debut in the Northern Premier League, and despite only finishing 18th they managed to retain the East Anglian cup, beating Lowestoft 4-2 in the final.

The debut season in the UniBond League was one of highs and lows but too many defeats by a single goal resulted in the team finishing in 18th position, however they ended the season on a high by beating Lowestoft Town 4-2 to retain the East Anglian Cup.

The following season proved less successful and it wasn't until the 2006/07 season that saw the Tulips return to the Southern League for a third time. But in the final phase of FA restructuring the club was relocated back to the UniBond League for the 2007/08 season, competing in Division One (South). The club then experienced a number of difficult seasons trying to maintain their status at step 4.

Year (2011/12) started on a high with a partnership deal with top local junior club Spalding Athletic JFC, putting us in contact with age group football from under-7 to under-18. Sadly the season ended in relegation but despite this set back they aimed at a return to step 4. In 2012/13 they narrowly missed winning promotion by one point but won the UCL Knockout Cup, beating promoted St Ives Town 4-0 in the final.

The UCL championship trophy, however, was brought back to town in convincing style in 2013/14 season with the title secured with four matches of the season remaining. Looking to build on the success of winning promotion to Level 4, the "Boardroom" was strengthened by the appointment of a Chief Executive Officer in local businessman and former player, Malcolm Gray. With the formation of a reserve side and a commitment to strengthen the club as part of the local community, the club look forward to the challenge of establishing itself at step 4.

A return to the Evo-Stik NPL for the 2014/15 season was highly successful with the team always placed in the leading group and eventually finished in a very respectful seventh position in Division One South. The season also saw the introduction of an under-18 team.

The end of season brought changes off the field with chairman and director Chris Toynton stepping down and a consortium of local investors taking up the reins with the aim and challenge of taking the club forward. Andrew Gay was appointed as the new chairman.

November 2015 saw the resignation of manager Pat Rayment after almost four years in charge and replaced by his assistant Marcus Ebdon, who resigned at the end of the season. David Frecklington, who played for the Tulips at the end of the 1990s, and who had been at the helm of Lincoln United for the past three seasons, returned to the Sir Halley Stewart Field as Ebdon's successor.

However, Frecklington moved on in mid February, joining Gainsborough Trinity. His assistant with the Tulips, Chris Rawlinson, was appointed his successor.

The 2016/17 campaign evolved as their best ever, finishing in their highest ever placing in the modern Football Pyramid. The Tulips finished in third position in NPL First Division South, just missing out on promotion from Level Four when losing by the odd goal in three away to second placed Witton Albion. The Tulips had, in fact, never been outside the top three all season. In addition the club had three players – Nathan Stainfield (for the third time), Michael Duggan and Bradley Wells named in the South division team of the year.

An Under-21 Development squad was introduced into the ranks. for the 2017/18 season they ended up as runners-up in the south section of the Lincs FA League. The successful senior team however, began to break up with a number of players moving to higher grade clubs. A reduced budget mid-season also curtailed manager Chris Rawlinson's rebuilding plans to a degree but under-21 squad members were given their opportunity to play level-4 football and they did not let the club down. A 13th position at the end of season was considered highly satisfactory. Following an indifferent start to the 2018/19 season manager Chris Rawlinson and chairman Andy Gay mutually agreed to part company. Assistant manager Matt Easton was put in temporary charge of the team but formally took over the reins towards the end of September..

WINNERS! Taddy Scoop Buildbase Grant

Danny Gore, Andy Charlesworth and Nelly Sanderson (pictured) recently ventured down to Wembley Stadium to pitch for Buildbase's building materials against two fellow FA Trophy participating clubs in AFC Rushden & Diamonds and Felixstowe & Walton United. The good news broke on Saturday and everyone associated with Tadcaster Albion are over the moon to have been chosen as winners as this will go a long way with ground improvements.

In a statement released by the building merchants, the judging panel and The FA selected Tadcaster Albion because the bursary will enable the club to renovate its facilities that were devastated in the floods of 2015. The much-needed materials will be put to great use developing an external toilet block as well as creating a hospitality area, first-aid room and junior storage facilities.

Tadcaster Albion's Chairman, Andy Charlesworth said: "This means that we can maintain our facilities and position in the league so we can stand proud in our local community. Supporting grassroots football is really important. Buildbase has championed an excellent programme which is really important to clubs like us, enabling us to pitch for much needed refurbishment."

Ian McConville, Procurement Director at Buildbase said: "Tadcaster Albion was decimated by floods, so this club really needs investment to provide basic facilities at a local level.

"Our £100k Transfer Deal is brilliant for grassroots football, the clubs, volunteers, players and fans. When you see the extent of time and commitment volunteers give up, we're very proud to do as much as we can to help these clubs locally."

Trophy and Vase in 2016. So far, building materials worth up to £200,000 has been given away. Previous winners include Hanwell Town, Cleethorpes Town, Cheadle Town and Needham Market.

We would like to say a massive thank you to all at Buildbase UK and we look forward to work closing with your York store to enhance our facilities at the i2i Stadium and sustain our position in the footballing pyramid. The Buildbase £100k Transfer Deal is a fantastic initiative which offers crucial ground improvements for Non-League clubs. We love how passionate they are about Non-League football and they understand just how much time and effort volunteers put into their beloved clubs.

Finally, thank you to everyone who took the time out to vote for us in the initial stages of the competition. Remarkably, due to the incredible nature of the Leeds United fans, we received over 3,000 votes, almost treble the amount of the team which finished in second place.

Keep an eye on our social media pages for updates on the progression of this ongoing project.

TAFC PLAYER INTERVIEW

Paddy Discusses That Free-Kick, Retirement & PPG

After his worldie free-kick last Saturday, we could only speak to one man this week, Paddy Miller.

1. Another game ticked off last Saturday, what did you make of the performance as a whole against Wisbech?

"Overall I thought Saturday was a professional performance from the lads, we created numerous chances, kept a clean sheet and maintained our recent good run in form."

"We've been very creative and on the front foot over the past four games, when it gets to this stage of the season it's not necessarily the performance that matters it's all about the result. There's been times this season where we have played very well and got nothing from the game, it's always nice if you can get both but nothing matters more than the three points."

2. We could have easily been three or four up at the break, does it concern you that we aren't making it more comfortable when it probably should be?

"Not at all, I would be concerned if we were struggling to create chances but that's not the case, it's rare you see teams win four or five nil every week, except from Manchester City."

"In the past four games we have scored 9 and conceded 2, with figures like that I am not concerned at all. We have a lot of quality in our attacking options and I believe since Luke (Porritt) came on loan he's given us a different dimension going forward. Joe and Sav's have been brilliant playing together up top recently and both scored goals, with Casey playing some of the best football I've seen him play at the club and getting himself a lot of assists."

3. We have to talk about your stunning goal, I mean, the one at Belper was good but this was next level, you can't have scored one better than that in your career surely?

"Yeah free kicks is something I've worked on a lot this season to be honest, the one against Belper was a decent one but the one last Saturday is the best goal I've scored in non-league, as soon as I struck it I knew it was in. I'd come close the week before against Stocksbridge hitting the crossbar also. Some of the lads joked after that I should retire now after scoring that one, hopefully it's not my last one before I hang up my boots."

4. Touching on your decision to retire at the end of the season, for people that don't already know, what made you come to that conclusion at this time?

"Retirement was something I actually thought about last season at Hyde, but after speaking to Si and Mikey I wanted to finish my career at Tadcaster by hopefully helping the club gain promotion. Everyone knows how much the

club means to me and I've always felt like I had unfinished business here. The demands of non-league football is hard to juggle with work now for me, I've been lucky enough to play since I was 16 years old so it's been a massive part of my life. Anyone who has played or worked with me knows I always give 100% to every training, match and how busy I am with the gym etc away from football. Next season I would not be able to commit 100% due to work commitments and I don't think you can give anything less to be successful."

5. Eight games to go, how important is Saturday's game against Spalding given that we have a week off the following week?

"I know it is a cliché but every game is a cup final, we just have to take each game one by one. Hopefully we can continue our recent good form and maintain our high standards which we set ourselves, and if we do that I don't think we will be far away from our targets and ambitions we set at the start of the season. We are expecting a really difficult game today against a strong Spalding side, so we will have to start the game bright and perform well to get a positive result."

6. Finally, with only 5 out of 7 teams at Step 4 eligible for promotion out of the play-offs and with ours currently one of the lower ones, how do you as players feel about that going into the final few games?

"Regarding the points per game we've hardly even spoke about it, at the end of the day the outcome of the season is completely in our own hands. We just need to keep our heads down, work hard and take each game as it comes. If you look through our side we have a very good mix of experience and youth, there are around 10 players who have all won promotions from various divisions in non-league. From a mentality aspect I think that could play a big part in how we perform, its massive that us experienced players keep everyone relaxed, calm and just play our own game and don't change our style of play due to pressure. It's key that the lads enjoy playing and keep doing what we have done for the majority of this season."

"I hope everyone enjoys today's game, make yourselves vocal and cheer the boys on because the supporters will play a huge part in how successful our season will be. We are all in this together. The lads thank you for the support today and in recent weeks."

REPORT | Two's Company For Taddy Who Move Up To Fourth

Another goal for top scorer Joe Lumsden and a stunning free-kick from Paddy Miller saw Tadcaster Albion defeat Wisbech Town at the i2i Stadium

by Jay Taylor

The victory was Albion's fourth in a row as well as a second straight shut-out as eight games remain in the race for play-offs.

Simon Collins named the same starting eleven for the third match running as his side looked to solidify a place in the Evo-Stik East play-offs.

There was a return for James Hodges and Jake Buckle on the bench whilst Jack Walters and Jake Rose were ruled out through injury.

On a piercingly bright but breeze afternoon in Yorkshire, Taddy started on the front foot with on-loan winger Luke Porritt causing problems from the off. His powerful pace is a danger to any full-back and he was sent galloping in behind on 6 minutes after a lovely flick around the corner from Joe Lumsden. As Porritt was forced wide, he crossed to Casey Stewart at the back post but he lost his footing at the crucial moment.

It was a frenetic opening to the contest with both sides bellowing at one another trying to gain an early advantage. There was a spot of controversy on 8 minutes too as Toby Hilliard went to ground in the box wanting a penalty which angered the Albion men as they felt it was clear simulation. Rightly so it appeared too as Miller pulled out of the challenge and referee James Unwin agreed it wasn't a spot kick but clearly didn't feel it was a booking worthy dive as play was allowed to go on.

Anger quickly turned to delight for the Brewers though who broke the deadlock on 10 minutes. Neat interplay between Ellis Barkworth and Casey Stewart down the right-hand side before Jonathan Fairweather failed to clear the cross allowing lethal marksman Joe Lumsden to slide home from close range. Sweeping low underneath keeper Dan Swan, goal number 21 for the season for Lumsden.

Wisbech's first sighting at goal arrived six minutes later as many red shirts swarmed forward on the break, a dinked cross found Michael Frew who went for the spectacular, but volleyed wide of the mark. This was a rare moment of danger for Taddy as they quickly regained their dominance as Pete Davidson went close to adding a second. The Yorkshire Pirlo headed Stewart's corner goalwards only for Dan Swan to impressively push wide of his left-hand upright.

Simon Collins' side were in full-flow in the brisk wind as a second goal seemed only a matter of time. A cute clip in behind from Corey Roper released Lumsden in behind but he was denied by the onrushing Dan Swan, the loose ball dropped to Aiden Savory who just couldn't adjust his feet accordingly to scramble over the line.

Tempers soon flared once again when Jack Keeble went flying into Casey Stewart in an incredibly dangerous challenge which saw the Town man leave the ground. However referee James Unwin allowed play to continue. This clearly disgruntled the Brewers as both sides clashed in the next phase of play. Corey Roper stormed into two full-blooded 50-50's before an altercation broke out on the floor seeing many pile into a pushing match ending with the Albion midfielder being cautioned.

With calm finally restoring Lumsden was threatening again as Luke Porritt curled in behind setting the striker racing into the penalty area, but his attempted nutmegs was just cut out by the recovering Sam Gaughran.

Wisbech Town Manager Gary Setchell clearly wanted a response from his side in the second half as he made two substitutions at the break sending in Thembelani Nkala and Sam Murphy. Sticking with substitutions, Taddy were forced into making their first change three minutes into the half as Corey Roper picked up a knock, this allowed Jason Mycoe to come on for his first appearance since November.

The visitors' hopes of a comeback were dealt a huge blow a minute later when Paddy Miller scored a contender for goal of the season. Standing over a free-kick in a central area 30 yards from goal, the experienced defender struck a thunderbolt which screamed into the top corner leaving Dan Swan with absolutely no chance in the Town goal. This was one of the superbly struck left-footed efforts that Julian Dicks, Thomas Hitzlsperger and Teemu Taino would have been proud of.

Following on from the worldie of a free-kick, Taddy were looking to put the game to bed completely eliminating any chance of a Wisbech comeback. Casey Stewart showed great pace to blow past Oliver Gale latching onto Ellis Barkworth's ball but Joe Lumsden saw his scuffed shot blocked.

Taddy let the game slip out of their grasp ever so slightly allowing their opponents to push further up the field. The second half was far less controlled by the home side as Wisbech huffed and puffed without really troubling Michael Ingham. Nevertheless Harry Coates and Joe Lumsden did both fire headers on target but couldn't beat Swan in the Town goal.

It took Wisbech 87 minutes to carve out a clear cut chance on goal and they really should have found the net as Toby Hilliard did brilliantly to burst past two yellow shirts and break through the Taddy back-line before screwing comfortably wide of Ingham's goal. Unfortunately the match ended on a sour note as both sides clashed again on the touchline after another altercation which culminated with Town boss Gary Setchell being dismissed.

Tadcaster Albion look to record their fifth straight victory this afternoon as Spalding United make the long haul up to the i2i Stadium.

With the Brewers having no fixture next weekend, they'll be determined to keep their winning run going before encountering a big play-off clash against Pontefract Collieries on the 30th March.

It was another good day for Taddy last week beating Wisbech Town 2-0 to move up to 4th. Joe Lumsden scored his 21st goal of the season to get the ball rolling before Paddy Miller scored a stunning free-kick from 30 yards to add a bit of daylight between the two sides.

In their most recent fixture back on March 2nd, Spalding had the unenviable task of travelling to the league leaders last week but in actual fact were well in the game before two red cards swung the momentum into the Highwaymen's favour. Goalless on the hour mark, Rudy

Misambo and James Cullingworth were both dismissed in quick succession giving them a mountain to climb. Morpeth inevitably ran away with the contest from this point winning 3-0 thanks to strikes from Joe Walton and Sean Taylor as well as an own goal.

Today's travelling Tulips are in a dog-fight down at the bottom of the Evo-Stik East League sitting in 17th place just two points off the relegation zone. Any points picked up today would be an added bonus ahead of a crucial crunch clash with 19th placed Stocksbridge Park Steels next week. Taddy on the other hand are looking to maintain their place in the play-off places and after a sticky start at home, have won their last two at the i2i Stadium rediscovering that winning formula on their patch.

When Albion travelled to the Sir Halley Stewart back in November on their annual fancy dress away day, an 89th minute winner from Chris Howarth sent the travelling fans into raptures returning home with a hard-fought 1-0 victory.

Team News:

Team News: Jack Walters (knee) ruled out for the season. Corey Roper (ankle) expected to be out of action for a couple weeks, Jason Mycoe may deputise. Jake Rose (achilles) back in training and may return today.

SPORTS TRAIIDER

CREATING A LEVEL PLAYING FIELD

Sports Traider Charity, Registered Charity No. 1156175

Youth-focused charity offering young people the kit and support they need to discover and fulfil their sporting ambition and potential.

Sports Traider has established the first chain of charity retail shops in the UK that specialise in sports kit and equipment. The aim is to make clothing and sport equipment affordable to all, and at the same time generate a sustainable source of funding to help disadvantaged young people participate in sport.

Each year Sports Traider Charity organises a number of events to engage with the sporting community to raise funds and awareness of the charity.

The charity is heavily reliant upon donations, both cash and equipment, from the goodwill of members of the public, and corporate businesses. These are received through UK Virgin Money Giving,

collections, Direct Debit, Standing Order, and through corporate and individual membership of our '100 Club'. Every contribution is most welcome and makes a difference within the donors' local community.
