## TADCASTER ALBION V CLEETHORPES TOWN

SPONSORED BY

# Formed in 1892

The club is believed to have been formed in **1892** as John Smith's FC. It wasn't until **1923** that the Tadcaster Albion AFC name was adopted. In the early years the club played in the local York League. In **1948** Albion won the York League. They continued competing in the York League during the **1950's & 60's**.

Tadcaster Albion, in the early days, played home games on the site of the cricket ground on Station Road, before moving to the Ings ground, near to where the present Samuel Smith Brewery Packaging Block now stands.

Changing facilities were in the town, at the rear of the Falcon Public House on Chapel Street, and it was a common Saturday afternoon sight to see nets, corner flags, buckets, oranges, players and officials trekking through the town.

Down the years the club has played in several leagues. In early times, Barkston Ash and later still the Yorkshire and Northern Counties East Leagues.

Football continued on the Ings ground until **1960**, when the club moved 100 yards up river to its present home at the Park.

In **1973** the club joined the Yorkshire League Division 3 and were promoted in **1975 & 1977** to reach Division 1, relegation was to follow in **1979 & 1980**.

In **1982/83** they became a founding member of the Northern Counties East League, originally in the NCEL Division Two North before league reorganisations led them to Division One in **1991**. They rarely finish in the top half of the league in the **1990's** and finished bottom in **2001/02 & 2003/04**.

At the start of **2004/05**, Jim Collis became manager and at this point fortunes on the pitch started to improve dramatically. In his first season, Albion finished 5th in the league, the following year a 3rd place finish meant promotion was missed by one point.

Jimmy Reid took over as manager in **2006**, but his time was blighted by off the field problems. An attempted hostile takeover by dissident committee members took a massive amount of money to fight. Then in Nov **2007**, an attempted arson attack on the clubhouse caused a lot of damage.

Paul Marshall took over at the start of **2008/09**, in his first season he played mostly local players and the team struggled and finished 17th. In **2009/10**, with an influx of a few new key players, Albion won the NCEL Division One title. In **2010**, Rob Northfield, took over as Chairman of Tadcaster Albion (2010) Ltd, and the club became a company limited by guarantee.

Albion finished fourth in their first season in the NCEL Premier Division and won the NCEL President's Cup, beating Farsley AFC 5-1 in the final. That was followed by an 8th place finish in **2011/12** and 6th in **2012/13**. In the **2013/14** season Rob Northfield resigned a few days before the start of the season and i2i Sports Ltd agreed to take effective control of the club and company, with Matthew Gore becoming the new chairman.

In **2014/2015** the Brewers lead the NCEL Premier for most of the season, but a poor run of games in March led to them finally finishing in third. An excellent run in the FA Vase saw them make history by making it through to the Quarter Final of the FA Vase where they drew a record breaking crowd of 1,307, but were narrowly beaten by High-worth Town. At the end of the season, the club opted not to renew their contract with manager Paul Marshall, two weeks later former Harrogate Railway boss Billy Miller was unveiled as the club's new manager.

In **2015/2016** the Brewers lead the NCEL Premier for most of the season once again, but this time they held their nerve and finished Champions with a 2-1 home win over Armthorpe Welfare. They also made it to the League Cup Final, but were beaten in a thrilling 3-2 game against Cleethorpes Town.

In **2016/2017** the Brewers started their first ever season in the Evo-Stik First Division North. With a mix of old and new players Billy Miller was back in his old stomping ground and his experience and knowledge of this division was needed.

The Brewers started the season well and were in the play-off spots, then injury problems hit the team and the season seemed to run away from them.

They finished 19th in the league. The Brewers had a great chance for silverware in the West Riding County Cup Final, the game finished 1-1 but they lost out to Farsley Celtic 4-2 on penalties.

At the end of the 16/17 campaign the Directors made the tough decision to change the management team from Billy Miller and Matt Heath to Michael Morton and Simon Collins bringing it more in-house. In the 2017/18 season the new-look management team took a couple months to adapt to the league and mould the squad that they wanted. However it didn't take them long to find their feet as the fortunes took a turn for the better after the new year with Michael & Simon steering the club to its highest ever finish reaching the Evo-Stik League play-offs after a dramatic final day. This once again brought massive excitement amongst the club and town but unfortunately it ended in semi-final defeat 2-1 at Bamber Bridge despite taking the lead and putting in a valiant performance.

There's no doubting that the club is going in the right direction as the 2018/19 season sees the Brewers move into the Evo-Stik East Division after the league switched from a North/South divide to an East/West split. Can the club improve again this year...

## Director's · NOTES

Good afternoon and welcome to the i2i Stadium for today's first home game of 2019 as we take on Cleethorpes Town.

We would like to issue a warm welcome to all of the players, staff, officials and supporters of Cleethorpes as well as a safe journey back to Lincolnshire later this evening.

Firstly we would like to say that we hope everyone had a wonderful Christmas and New Year, unfortunately it hasn't been the best of festive periods for ourselves not scoring in our last three matches. However, how we haven't scored beggars belief, whether it be missed chances or an inspired goalkeeper, it has just been one of those things.

It isn't a case of poor performances as we have been playing very well as the fans that follow us home and away will vouch for. The Pickering defeat was definitely just one of those strange football games where

the script was already written in the starts, anyone that attended the match would have seen just how much we dominated, it was just a shame we couldn't pinch an early goal. We would like to pass on our congratulations to Paul Marshall and his team, they had a clear game plan and in the end it worked, it had to be Josh [Greening] too didn't it.

The New Year's Day fixture away at league leaders Morpeth was another impressive display, to be honest there was very little in the game but it was us who created more chances on goal, we just failed to take them. It would be a lot more worrying if we were struggling in games, not creating opportunities and not playing well but the performances are still high so hopefully it's just a blip.

The match at Mansfield last Saturday was practically identical to the Pickering game apart from the fact that they had literally zero chances. It was another bitterly frustrating

afternoon as the three points were there for the taking, it massively felt like two points dropped, we must have had 75% possession, but we obviously have to start taking our chances.

Today's game will be very tough too, yes we beat Cleethorpes 5-1 earlier in the season but this was the first time we've ever been victorious against them and now they've had a change of management team and are flying.

Thank you for all of your support across 2018, but we want to see even more of you at the i2i and away from home in 2019

Enjoy the Game

Come on Taddy!

## Manager's · NOTES

Michael Morton & Simon Collins

Good afternoon and welcome along for our first home game of 2019 as we take on Cleethorpes Town.

We would like to extend a warm welcome to Marcus, Dave and their staff to Tadcaster today as well as a safe journey home later this evening.

We hope you had a lovely New Year with your friends and family, let's hope the goals come back this afternoon and we can return to winning ways.

When we travelled to Cleethorpes earlier in the season back in October we were aware that the club had never beaten them in their history which added some pressure but at the same time we knew that any result would be seen as greatly positive. What followed was an excellent day for ourselves and our

supporters, not just a win but a massively emphatic one, to go there and win 5-1 was without doubt one of our performances of the season to date. Yes we were terrific on the day but Cleethorpes were also somewhat off and have now turned their season right around following a manager change.

The first meeting counts for nothing today though, if anything it will galvanise and motivate them to get one back over on us. We have been defensively sound in recent weeks conceding just four goals in our last six outings, it's been at the other end where it hasn't quite happened for us. Why this has happened we don't know, maybe our forwards are lacking in confidence when they cross that white line, because we can assure you they are firing in training. If anything, they are probably over-thinking it in front of goal at the minute, it doesn't take

a genius to work out that we should have beaten both Pickering and Mansfield and taken at least a point off Morpeth, but we are having a bit of a blip.

Having said that, the performances aren't faltering whatsoever, as previously stated we look solid at the back and in midfield, we just need to start scoring more goals and it will definitely come. We have a brilliant forward line and have every confidence in them. We obviously don't want to get ahead of ourselves and we haven't stopped striving for top spot, but with two play-off final winners not receiving promotion, we need to score as many as possible as we currently sit at the wrong end of that league.

Thank you for your continued support, please keep it up home and away!

Cleethorpes Town

The club is in its 20th year and the 20th year sees the club make the step into a new ground which has been hard work from so many as volunteers came together to help the dream become reality.

Last season was the first season in the Evo-Stik and after a great start the side would slip down the table to tenth as the side was deducted 12 points but year was a great learning to make this coming season even better. The 2016-17 season saw the side win the NCEL Premier Division setting new records, also the Lincolnshire Senior Trophy was added in the same season. Then the side made it to the final of the FA Vase where the side lost in the final but the efforts of all to reach the final within 20 years since the sides formation was truly remarkable.

Cleethorpes Town has come a long way in its relatively short history. Initially formed in 1998 as Lincolnshire Soccer School, it was the brainchild of former Grimsby Town player Tommy Watson. The team was an immediate success with both boys and girls across every age group and the club began to grow quickly. In 2003, the club set up a flagship senior team. In the team's first season within the Lincolnshire League they secured a credible fourth place finish for which the foundations for the future were set.

Now rebranded as Cleethorpes Town, the club has

redeveloped into an important community outlet. With over 35 teams competing at every level of local and regional football, the Owls are one of the largest clubs in the area and still continues to expand in all areas. The excellent array of teams and high quality coaching saw the club awarded with Football Association Charter Standard Community Club Status thus further underlining the clubs commitment to providing high quality football coaching alongside enjoyment for youngsters.

The development and evolution of Cleethorpes Town Football Club has been spearheaded by the first team. With the arrival of a new manager during the 2010-11 season it saw the club who were languishing in the lower echelons of the Sills and Betteridge Lincolnshire League go on to finish the season in an amazing third place. In addition, the club collected the Supplementary Cup by defeating Heckington United in the final at Sincil Bank.

The 2011-12 season saw the Owls not only become champions of the Lincs League but also win the Challenge Cup. Additionally the club was accepted into the Northern Counties East League. Our first season in the NCEL saw us finish fourth in the Division 1 table with

Cleethorpes Town

some impressive victories along the way. It was a steep learning curve for the players, management and staff.

The 2013-14 started with a change of management and Marcus Newell was brought in. The season started off at a medium pace but a long unbeaten streak mean the Owls were top of the league at Christmas. However, we had a slow start to the new year and fell 7 points behind with only a handful of games remaining. With the pressure at its highest, others around us felt it most and we managed to secure the title with one game to go.

In 2014-15 the club started life in the NCEL Premier Division in slow fashion and with a mountain of cup games fell behind the main pack. But once the FA Cup exploits had finished, we went on a run of 11 then 9 games without defeat which saw us climb the league table and had the rest looking over their shoulders. We finished the campaign in 4th place, and also got to the NCEL League Cup Final which we narrowly lost.

Cleethorpes Town represented the Northern Counties East League in July 2015 in the Toolstation Cup in Bristol where the team played Willand Rovers. A nine-goal thriller ensued and the Owls lifted the trophy.

The Owls began season 2015-16 in sluggish fashion and sat second bottom in the league table in September.

However, a great run for the rest of the season saw the team finish in third place to record the sides highest ever

league finish. In addition to this Cleethorpes Town reached the last 32 of the FA Vase for the first time and finished the season in style by beating league champions Tadcaster Albion 3-2 to lift the Northern Counties East League Cup in a thrilling cup final.

The club is determined to make further strides to improve and fulfil their immediate ambition of becoming North East Lincolnshire's most successful lower league football club. With construction underway for a new stadium back at the true home of Cleethorpes Town Football Club, the Linden Homes Club, it is a truly exciting time for the Owls as they compete in the Evo-Stik league from the start of 2017-18

## Team · PLAYERS

### David Birch - Goalkeeper

David broke into the first team towards the end of the 2017/18 season and looked comfortable at Evostik level. His shot stopping is a major asset and, having only just turned 20, a bright future in the game awaits. "Birchy" will be hoping to establish himself as the Owls' number one during the coming campaign.

### Matt Bloomer - Central Defender

"Blooms" has been superb in central defence for the Owls in recent times. Matt's vast experience at clubs such as Grimsby Town, Lincoln City and Harrogate Town allows him to read the game very quickly and he also acts as a great example to younger squad members. Excellent fitness and dedication are a trademark of the evergreen defender.

### Oli Donald - Defender

Following his transfer from Bottesford Town in 2017, Oli has been impressive during his first year with the Owls. A good reader of the game, his athleticism allows him to gain an advantage on opposing strikers. With time very much on his side, Oli has a bright future ahead.

### Mark Gray - Defender

Mark signed for the Owls in November 2017 from North Ferriby United. The big defender is very imposing and can be relied upon to dominate aerial exchanges. Whilst his duties are first and foremost at the back, Mark can also cause havoc from set-pieces and grabs the occasional important goal.

### Tim Lowe - Defender

Tim has made the right-back position his own in recent times and is a vital member of the Owls' defensive unit. Quick and agile, he also gets forward with great regularity. There was a well deserved double honour for Tim in May 2018. As well as scooping the "Fans' Player of the Year", he was selected in the Evostik South "Team of the Season".

### Laurence McKay - Defender

After starting his career in the youth set-up at Rotherham United, Loz has primarily played in the full-back position, although his pace allows him to also operate on the left of midfield.

Having scored a memorable winning goal at Frickley Athletic, Loz will be keen to gain more regular first team exposure this campaign.

### Paul Walker - Defender

A close season signing for the Owls, Paul has National League experience under his belt with Grimsby Town.

Paul's pre-season displays have shown plenty of promise and his pace, coupled with his comfort on the ball, should prove to be a major asset.

### Kieran Wressell - Defender

Kieran made a welcome return to the first team towards the end of the last campaign. He is sure to provide a selection dilemma for the management team in the coming months. Strong in the challenge and commanding in the air, the young central defender will be looking to make up for lost time, after some injury problems.

### Lewis Collins - Midfield

A real coup for the Owls has been the signing of rising star Lewis from Mansfield Town. His commanding presence in midfield, coupled with an unhurried style, earmarks the young player as one to watch in this season's Evostik East. Lewis already has two goals in pre-season and has impressed the fans with his early performances.

### Tom Davie - Midfield

Left-sided player Tom attracted plenty of attention when he left Gainsborough Trinity and the management team were delighted to secure his services. Starting off in the youth set-up at Dagenham & Redbridge, Tom has the potential to become a valuable member of an Owls' promotion push.

### Jack Richardson - Central Midfield

Jack is a talented young midfielder, who can be relied upon to give a consistent level of performance. He comfortably coped last term with the step up to Evostik level. Competition is now intense for a place in the Owls' midfield. However, there is absolutely no reason why Jack cannot be an influential figure in 2018/19.

### Alex Flett - Central Midfield

Alex is Club captain and he certainly leads by example. Having started his career in the Football League with Bradford City, it is no coincidence that his six years at Clee has seen the Owls' meteoric rise. Strong in the challenge and deceptively quick, "Fletty" also scores his fair share of important goals.

### Jonathan Oglesby - Wide Midfield

"Jonboy" is a rapid left-winger who can terrorise opposing full-backs. His ability to beat a man and cross into the danger zone has resulted in many goals. He can also operate on the right flank. Not just a provider, Jon is always keen to take on responsibility for a shot and has netted some memorable strikes.

### Josh Batty - Striker

Josh enjoyed a prolific season last term at Hall Road Rangers in the NCEL. His goals caught the eye of the Owls' management, who were quick to secure his signature. Already on target in his debut against Grimsby Town, Josh is a young player who can quickly establish himself at Evostik level.

### Danny North - Striker

Danny returned to the English game with a bang, netting 25 times in his first season with Clee. After enjoying successes with both our neighbours Grimsby Town and in Ireland, serious injury threatened to curtail the striker's career. Thankfully this was not the case and, with his keen sense of positioning and poacher's instinct, Danny will surely bag many more goals for the Owls.

### Brody Robertson - Striker

Brody rose through the junior ranks with the Owls before helping fire the senior side to unparalleled success, scoring a hatful of goals in the process. After a spell with Alfreton Town, everyone is delighted to see the striker back in a blue and black shirt. A pivotal season awaits Brody, who can show why he should be considered one of the top forwards in the Evostik

### Andy Taylor - Striker

Andy has pace to burn and no defence will relish playing against the lively striker. He was a key member of the FA Vase run to Wembley, with a stand-out performance at Billingham Town. More of a peripheral figure than he would have liked last season, "Tayls" undoubtedly has the ability to make an impact in the Evostik East.

### Scott Vernon - Striker

Scott has an impressive pedigree, with spells in both the English League and Scottish top flight at Aberdeen. He has well over 400 appearances at a professional level to his name. A good target man, Scott will be keen to show that he still has plenty of goals left in the locker. The big forward was last at our neighbours Grimsby Town and his signing shows the Owls' ambition.

### Luke Aldrich - Striker

Luke is a striker who shows a tremendous amount of promise. His physical presence unsettles defences and he also has an eye for goal. The youngster will be looking for more opportunities in 2018/19 and he has the potential to become a first team regular.

# TAFC PLAYER INTERVIEW

## Hodges Lauds Skip's Tips

This week we caught up with goalkeeper James Hodges to see how he's finding life at Taddy....

"I'm very much enjoying my time at Taddy" started Hodges.

"It was clear from the get go that the management team, players and fans were all very welcoming and I could tell from my first training session here that the quality of the squad is of a very high standard."

The former Hyde United stopper has an impressive record during his short spell with TAFC keeping three clean sheets out of six.

"Obviously I'm very pleased with that record but what helps me achieve that is the quality of the back four that I have in front of me every game. I've hardly been exposed to many clear cut chances for the opposition to score, let's hope the clean sheet ratio improves through."

The 19-year-old was called upon when number one Michael Ingham dislocated his thumb in the away victory at Spalding.

"It was slightly easier when I joined Taddy because I've known Paddy and Harry previously from Hyde and I know what they both think of me which has helped me play with more confidence. As for the other players they were all very welcoming also which set me up perfectly for my debut."

Hodges wasn't worried about filling the void of the experienced 'Ingy' though and has actually thrived on the former Sunderland man's coaching.

"They are obviously very big boots to fill because not only is he very experienced but he's also the club captain which does add pressure to perform to his high standards. However, one thing that I've enjoyed the most is him giving me guidance and tips whilst he watches me play as I feel that has improved my game and has also given me more confidence to perform well."

After recording three consecutive blanks, goalkeeper Hodges is certain that the goals will return this weekend at home.

"I think everyone in the dressing room will tell you that it's been frustrating but that's football sometimes, we have been creating more than enough chances to go on and win games but we just haven't quite got the rub of the green. As for goals conceded I feel like we limited Pickering and Morpeth to very few chances which just adds to the frustration but I 100% feel the goals are coming."

Focusing back on today's crunch clash with Cleethorpes, Hodges insists that a reaction is integral.

"Every game is huge for us as we push for promotion, but due to recent results, yes, Saturday's match against Cleethorpes is a must win. I hope to see a lot of the fans out in force as I do believe goals will return this weekend and hopefully we can kick on from there."

## REPORT | Bulls Hold On To Frustrate Brewers

Tadcaster Albion failed to find the net for a third consecutive match after playing out a goalless draw at AFC Mansfield.

by Jay Taylor

TAFAC made a couple of changes to the side that was unlucky to leave leaders Morpeth Town empty handed on New Year's Day as Aaron Hardy and Aiden Savory both earned recalls.

Albion seem to be doing everything but put the ball in the back of the net at the minute, however that's the all important part of 'The Beautiful Game' of course. Having said that, this encounter could not possibly be described as 'The Beautiful Game', far from it in fact. On a pitch which was never going to allow fast-flowing slick interplay, Taddy started on the front foot and were almost ahead on 12 minutes when Casey Stewart's teasing cross was sliced inches wide of his own goal by Jordan Annable.

After suffering with a goal drought of late, the Taddy fans weren't necessarily bothered as to how the net was struck, they just wanted to score again and Aiden Savory couldn't have gone much closer two minutes later. The versatile forward must have thought he'd done enough on his return to the side when Hardy curled into the box and Savory flicked a header towards the near post only for goalkeeper Jason White to superbly tip onto the inside of the upright. Fortunately for the plucky hosts, no blue shirts were on hand to turn home from a couple of yards.

With Albion dominating proceedings, Simon Collins was forced to make an early change as defender Paddy Miller tweaked his groin slightly which led to him being replaced by Josh Barrett on a precaution measure. The cycling track around the Forest Town Arena was denying any real flow as twenty minutes passed with about ten minutes of actual match time. Nevertheless the woodwork was being rattled for a second time eight minutes from the break. Casey Stewart once again got the better of Jimmy Ghiachem down the right before crossing to Chris Howarth at the back post who could only head on to the top of the crossbar. Albion really should have been in front at this point as goalkeeper Jason White had been bypassed and the number ten just had to hit the target.

Josh Barrett and Harry Coates were having very little to do in the Bulls' half as Taddy continued to press hard for the opening goal. Casey Stewart was instrumental in creating another good chance again on 41 minutes when he cleverly spun away from Ghiachem setting Howarth in down the right but Corey Roper couldn't generate enough power to head past White.

The second half followed in similar vein with the Brewers the only side looking like scoring. Having said that, the feeling of it's going to be 'one of those days' started to reverberate amongst the Tadcaster supporters as AFC to their credit were determined not to be beaten. Joe Lumsden, who was the last player to find the net on December

22nd, went close to ending the duck bending a free-kick narrowly wide from 27 yards out.

As the match surpassed the hour mark, it started to open up with greater gaps appearing all over the pitch. It was still one-way traffic though as Lumsden couldn't quite connect with a volley in the box before Howarth fired over after galloping into a plethora of green grass. It was the two aforementioned players that carved out arguably the best chance of the afternoon though as Howarth excellently slid Joe Lumsden clean through on goal only for an immense and equally crucial touch from Jason White deflected the ball agonisingly wide.

Northampton Town loanee Joe Iacofano netted a hat-trick for Mansfield last week and he showed glimpses of his ability after a clever sequence almost saw the striker break Taddy's back-line, but Barrett and Coates were solid in defence. As time hurried along, frustration only grew as Tadcaster huffed and puffed in the final third. Goalkeeper White was proving to be a real thorn in Taddy's ranks as he made another impressive stop, this time with his foot to once again keep out Lumsden after Corey Roper found the front man with a divine ball.

Tadcaster earned their first point of 2019 but it strangely felt like a loss as they couldn't make their dominance count once more, against a Mansfield side who held on for a terrific goalless draw to help their survival bid.

## Match Preview: Tadcaster Albion vs Cleethorpes Town

SPONSOR:  houseproud  
houseproud.york.co.uk

The Brewers welcome Cleethorpes Town to the i2i Stadium today for the first home game of 2019.

Taddy are without a win or a goal in their last three after a frustrating festive period whereas the travelling Owls are in fine form enjoying a six-game unbeaten streak.

Simon Collins' side know that they created more than enough chances to beat both Pickering and Mansfield as well as at least getting a point at the leaders Morpeth on New Year's Day but confidence seems to be low in front of goal of late.

Cleethorpes last tasted defeat on December 1st at Loughborough Dynamo but have since beaten Morpeth, Spalding, Lincoln and Pontefract as well

as drawing with Ossett and Frickley. A corner appears to have been turned after a woeful start to the 18/19 season as play-offs are now well and truly in their sights being just five points adrift.

**Last Time Out:** The Brewers travelled to the Linden Club for the first time in October knowing that they had never beaten the Owls, well that changed that day as goals from Billy Whitehouse, Harry Coates, Casey Stewart, Lamin Colley and Joe Lumsden saw Albion run riot, 1-5.

**Ones To Watch:** Strikers Joe Lumsden (Tadcaster) & Scott Vernon (Cleethorpes) have both netted 12 times this campaign, whoever is more clinical is likely to come out on top.

### Team News:

Michael Ingham (thumb) still out, a return in February is looking more likely. Josh Barrett (shoulder) out for several weeks after undergoing surgery this week.

## TAFAC NEWS

### Club legend Josh Barrett had an operation on Tuesday which could see him sidelined for up to eight weeks.

The versatile defender has featured 25 times so far this season, 16 of which have been starts, but an ongoing issue with his shoulder continuing to dislocate has forced him to have an operation.

"It's just been really annoying me to be honest and I just need to get it done" Barrett stated. Into his sixth season with the Brewers, Barrett is set to be in a sling for 3-4 weeks before facing a further 4-6 weeks doing rehab.

"I hope I'm back sooner rather than later, I will work extremely hard with my rehab to make sure I can return and hopefully help the team."

We would like to wish our longest serving player a full and speedy recovery.

## REPORT | Albion Begin New Year With Hard To Take Defeat At League Leaders

In a game which saw little between the two sides, a second half goal from Jeff Henderson handed Morpeth Town all three points at Craik Park. **by Jay Taylor**

Morpeth Town 1 - 0 Tadcaster Albion

Tadcaster Albion AFC (The Brewers)

For the first game in 2019 Taddy named the same side that were shocked by Pickering Town on Boxing Day with one change to the bench in Aiden Savory dropping out of the squad following the birth of his second child.

On a cheek-bitingly cold afternoon in Northumberland, it was Simon Collins' Tadcaster side who started the livelier of the two outfits and could have taken the lead inside seven minutes. Joe Lumsden pounced onto a Paddy Miller clearance racing in behind Morpeth's defence, he spotted goalkeeper Dan Lowson off his line but the striker couldn't execute the desired technique.

As the first half began to unfold, it was clear to see why both sides are currently occupying spots at the top end of the Evo-Stik East League; very well organised, strong defensively and tricky going forward. As a result of this there were limited chances on display with Taddy continuing to see the majority of possession.

However, the Brewers went perilously close to breaking the deadlock again just short of the half hour mark. Classy central midfielder Pete Davidson started the move off with a lovely ball out to Billy Whitehouse, he then cleverly jinked inside and curled a cross right on the money only for Lowson to get the faintest of touches taking it away from Casey Stewart arriving at the back post.

The league leaders finally woke up from this moment as their first noteworthy chance saw Wayne Phillips divert Joe Walton's power-blaster well wide of the goal. The 2016 FA Vase winners were growing in confidence in front of their home crowd with David Carson, Ben Sayer and Phillips all trying to engineer an opening goal. Nevertheless Taddy were defending well as Paddy Miller and Harry Coates continued to impressively marshal danger-man number nine Liam Henderson. Former Hull City pro Ellis Barkworth was also defending admirably as he did outstandingly well to head two dangerous free-kicks away to safety, taking an almighty whack on the second occasion.

Eight minutes into the second half and the hosts were in front though, but it wasn't without controversy. There was nothing dubious with the goal itself, just the free-kick that was awarded as Jack Walters robbed the ball cleanly off of Carson only for referee Jonny Irwin to give a foul. After the Albion protestations were quickly shut down, James Hodges made a brilliant stop to initially deny Liam Henderson but it was his namesake Jeff who popped up to head home the rebound.

Taddy were feeling aggrieved but they simply had to regroup and push the hosts for a way back into the contest. Casey Stewart went close to equalising on 64 minutes when he broke out on a counter

at electric pace driving all the way into the penalty area and getting his shot away but Lowson was equal to it pushing it clear.

Taddy's performance was impressive and professional yet again but goals were still proving hard to come by. Pete Davidson could only fire down Dan Lowson's throat after a neat one-two with Casey Stewart. A minute later and the travelling Taddy fans thought this was to be the moment as Joe Lumsden superbly wriggled beyond a Town defender but again the shot was comfortable for the goalkeeper.

As darkness descended and time started to run out, the Brewers continued to push increasingly hard for a goal that they will have certainly felt was deserved. Paddy Miller came remarkably close to scoring his second free-kick of the season as he whipped agonisingly over the bar on 74 minutes. Billy Whitehouse was having a quiet afternoon as far as his standards go but he too had a good chance to level 11 minutes from time curling towards the bottom corner with his weaker left foot but Lowson got down well once more.

In the end the Highwaymen managed the game well and showed why they are where they are seeing the win out in front of a packed bumper crowd.

# SPORTS TRAIIDER

CREATING A LEVEL PLAYING FIELD

Sports Traider Charity, Registered Charity No. 1156175

Youth-focused charity offering young people the kit and support they need to discover and fulfil their sporting ambition and potential.

**Sports Traider has established the first chain of charity retail shops in the UK that specialise in sports kit and equipment. The aim is to make clothing and sport equipment affordable to all, and at the same time generate a sustainable source of funding to help disadvantaged young people participate in sport.**

Each year Sports Traider Charity organises a number of events to engage with the sporting community to raise funds and awareness of the charity.

The charity is heavily reliant upon donations, both cash and equipment, from the goodwill of members of the public, and corporate businesses. These are received through UK Virgin Money Giving,

collections, Direct Debit, Standing Order, and through corporate and individual membership of our '100 Club'. Every contribution is most welcome and makes a difference within the donors' local community.
