Rochford Hundred Rugby Club

Welcome to Rochford Hundred Rugby Club

Our Club History

Rochford Hundred was the brainchild of John Roden and Ernie Mills and was first discussed in November 1961 when the two met at the White Hart in Hawkwell. John had played at Ilford Wanderers and Ernie was an Old Tottonian, so both were keen to play on their own doorstep. The inaugural meeting was held on the 4th of January 1962 at the Bull Inn, Hawkwell, and was attended by a small group. The club now needed a ground and the assistance of County Councillor, later Alderman, Bill Wright was sought. He was appointed Chairman of the Club and very quickly secured the use of Rocheway School which had been closed due to its proximity to Southend airport.

This of course gave the club changing rooms and rugby pitches immediately. To get players, an advert was placed in the Southend Pictorial and no less than 45 replies were received. Old Westcliffians had seen the advert and invited the new committee to a beer and cheese evening at the Gables. From this Rochford secured a fixture and an introduction to the London fixture Exchange. The first fixture was in fact against Billericay and not Old Westcliffians however. The name of the club had been suggested by John Roden after he saw a poster by Rochford Hundred Licensed Victuallers Association in the White Hart. Rochford Hundred was after all the name of the district.

The club also managed to secure a clubhouse in the car park of the Horse & Groom thanks to Mrs Innell, the licensee, and quickly set to work to make it ready for use for season 1962/63, although it was in use from March 1962.

It is worth noting that the first games were played in March and April 1962 and that Bob Light was captain. Bob was Head of PE at the local comprehensive school and brought along many pupils from the school

to play for Rochford.

In Season 1962/63 the club fielded 2 senior teams and a Colts team which is remarkable for a first full season. It is recorded that over 70 fixtures were arranged for this first season. Tony Davies was the 1st XV captain in this season. The Colts team was made up of several players from Rochford Comprehensive School (now King Edmund), Rayleigh Secondary Modern School (now Fitzwimarc) and Sweyne School. Indeed David Allen (founder of DHL and then a 16-year-old) remembers being at one of the formation meetings at the Bull when he was still at school.

The first few years were not particularly successful, but things changed when the likes of Mike Treasure came onto the scene. He was captain in 1965/66 and 1966/67 and was our first full Essex cap. His team went unbeaten for 18 months and were one of the highest scoring teams in the country. He was fortunate in having players of the calibre of Peter Coster, who was a great centre.

With playing success there came a desire to move to our own ground and in 1968 Jim Sowter, who used to write a column in the local press, printed a story that the club wished to purchase a field in the Rochford district big enough for pitches and a clubhouse. He received a letter from the lady secretary of Southend Manor Football club stating that they had an option on 10 acres of land in Magnolia Road. They were unable to raise the money to proceed and suggested that we might like to take over the option. Jim arranged a meeting between her, and Ernie Mills. Ernie liked what he saw and took up the option. The land cost £3,200 and the purchase was completed in March 1969. The Rugby Football Union provided a loan of £2,100 towards the purchase.

Rochford Hundred Rugby Club – Telephone 01702 544021 – Website www.rochfordrugby.com

Rochford Hundred Rugby Club

The lengthy process of obtaining finance, building the clubhouse, and preparing the pitches could now be started. In September 1970 a grant of £5,592 was offered by the Ministry of Housing and Local Government and this was supplemented by grants and loans from the Essex Playing Fields Association and the National Playing Fields Association. In July 1971 the Club gave the go-ahead to Muggleton's to start building based on an estimated cost of £11,320 of which we had raised only £8,000. The clubhouse was officially opened by Dickie Jeeps in April 1974 when the 1st XV played against a strong Eastern Counties XV.

In 1971/72, when Malcolm Fleming was captain, there were two memorable games in the Essex Senior Cup. The first game was against Old Bancroftians when Dickie Kent, who played scrum half for England, and Howard Waller, who was a renowned sevens player for Richmond, were in the Bancroft side. Rochford won 21-6 in a tremendous match and demonstrated that they had joined the top echelons of Essex rugby. The next round was against Barking Park Modern Old Boys at Rocheway, and a pulsating match was finally won by Barking 14-12. To those who were present these were two of the finest matches played by Rochford at that time.

The pitches in those early days at Magnolia Road were frankly dreadful but over the years there has been considerable work done on them and the 1st XV pitch is now one of the best plating surfaces in Essex. In the late 1980's and early 1990's the clubhouse was expanded substantially with new changing rooms a gym and a new clubroom and kitchen. Floodlights were also installed to the top pitch.

Our youth section started in 1991 has gone from strength to strength and provides players for our 1st XV and other club teams. In past seasons our Mens 1st XV has been almost entirely made up of former youth players and we have a strong, growing ladies' team, the Rochford Hundred Vixens together with a girl's section.

The Mens 1st XV played a lot of its rugby from the turn of the century in the London Leagues, dropping up and down from London 1 to London 3. Around this time the Essex Senior Cup was the major trophy to win and up until 1999 Rochford had never won it. In that year we reached the final and played Basildon at Westcliff in front of huge crowd, Rochford were triumphant that day to record their first ever win of the Essex Senior Cup. After that we reached many Essex Senior and Intermediate Cup Finals, winning them a further 6 times, before the Cup lost some of its glamour, and we are now too high in the league structure to be able to compete in the competition.

In 2017 the Mens 1st XV were playing in London 2 North East when we decided to have a concerted push for promotion. The team then went on an incredible journey to take the title by storm without losing a single league game, gaining a bonus point in every one of them, and knocking up 1280 points in the process. Promotion to London 1 North gave us stronger opposition, but we remained unbeaten for the whole season again, repeating gaining a bonus point in every match, and scoring 1480 points. The London Premier League saw us play at the highest level that the club had ever played at before but gave us our 3rd promotion as Champions in consecutive years. Starting our season again unbeaten and with full bonus points, with that run finally came to an end after 54 matches across 3 seasons.

Covid put an early end to this season, and the RFU league algorithm confirmed us as champions, with Guernsey runners up. Our tremendous performance and win away at Guernsey being the pivotal decider in the league placing, and the fact we only lost 2 matches during the whole season too.

We now find ourselves, for the first time in our history, playing National League rugby in National 2 East, somewhere we hope to stay for a long time, being in the top 81 clubs in the country, and we can look back on 60 years of activity with considerable satisfaction

CHAIRMAN'S MESSAGE

Hello everyone.

Welcome to a new year of rugby at Magnolia Road. We kick off 2023 with one of the toughest games we could have against National Two East league leaders, Blackheath.

“Club” gave us a bit of a rugby lesson when we lost at their place earlier in the season and I know the Rochford team will be looking to rectify that today, but we also know it will be a tough game.

We welcome all Blackheath supporters here today and hope you leave Rochford with a lasting impression of us being good hosts and a welcoming and friendly club.

Today's match sponsors are Forrester Hyde. Nick Hyde has been just a brilliant supporter of Rochford Hundred for many years now and we are very pleased indeed that Nick continues to support us.

Forrester Hyde was founded in January 1970 and is one of a limited number of firms nationally that are Chartered Financial Planners, privately owned and without external investment. Forrester-Hyde Limited attained Chartered status on 25 February 2013. Six of their nine Advisers are Chartered, and five are Fellows of the Chartered Insurance Institute. Fellowship is the highest level of qualification an Independent Financial Adviser can attain.

Nick says “Our Advisers subscribe to the Company ethos of developing open and transparent relationships with our clients, many of whom have been advised by the Company for more than forty years. We follow a simple maxim that if something seems too good to be true it invariably is to be avoided and this simple philosophy, coupled with our expertise and experience has served our investors well. Trust is at the heart of everything we do and we look forward to developing and expanding the business into the future and are very happy to continue to support Rochford Hundred RFC “.

Our last game of 2022 saw us defeat Westcliff at Westcliff, a result many of us hoped for. Getting 5 points helps us a lot in our bid to remain a National Two East league side for a third season. The next few games after today, including the rearranged home game against North

Walsham on the 4th of Feb, could possibly seal our fate by the end of Feb. I know we can win at least 4 of these upcoming games. Of course, we will be trying our best to win all of them, but if we can pick up 4, 5-point wins by the end of Feb we should be ok for next season.

Home games at Rochford are games we really need to win and encouragement from Rochford Hundred supporters is vital in this respect. The players tell me that when they can hear us cheering them on it really does make a difference and they really appreciate it. So, let's get behind the team today and make life as difficult as we can for the visitors.

I will finish with my usual plea to respect both sets of players and the officials by not abusing any of them in any way. Rugby is the best sport in the world bar none and part of that is the respect we all show for one another.

Happy New Year to you all.

Ray Stephenson

VISITORS INFORMATION

In the 2008/2009 season Blackheath Rugby celebrated 150 years since its foundation. It must not be imagined, however, that when the boys from Blackheath Proprietary School started playing rugby on the Heath in 1858, they were a club in the sense that one would understand it today. They did not have an official secretary or treasurer until 1862 and matches would be arranged on an ad hoc basis.

The players were very young in those days. In 1863, Francis Maule Campbell was only 19 years old when he was Treasurer of Blackheath FC and also the newly formed Football Association. Fred Stokes was just 16 when he played the first game for Blackheath in 1871, 19 when he played for England and 24 when he became the second President of the RFU in 1874.

The situation is described rather well by Arthur Ash who founded Richmond FC in 1861. In a letter to a meeting to form the Football Association in December 1863, he wrote, "They (Richmond) would have sent representatives to the Association meetings from the first, but for the fact that they had no organised club (as distinct from a team playing under the name of Richmond, be it understood)". Then followed the organisation of Richmond FC as a properly constituted club. This seems to have followed the pattern set by Blackheath in 1860 because the Sinclair brothers Alex and John, along with Burnett and Gower etc. attempted to formalise their situation by calling themselves the Old Blackheathens, with William Burnett as their captain. In theory, this was to be a Proprietary School Old Boys team, however due to lack of numbers, they always had to rely on outsiders to make up a team that would consist of up to twenty players. After two years trying, the boys finally had to admit that they were an open club and so at the start of the 1862-63 season, they changed their name to Blackheath Football Club. The event was celebrated at the Jubilee Dinner held on 24th February 1912 (see main image at the top of the page), and later at the 75th Anniversary Dinner in November 1937. In 1958-59 the Club celebrated the centenary of the foundation.

The lack of any written documentation to establish the date of the foundation of Blackheath Football Club leaves many historians in a quandary regarding the date. There are, however, documents that indicate that rugby was instituted at the Blackheath Proprietary School around 1856, and also that the boys who founded the Club were playing on the Heath in 1858.

The memoirs of former Prep School pupils published in 1933 by J.W. Kirby BA, contain references that rugby was played by the school on the heath from that time and the names given as founders of the Club were consistent. The claim is also supported by references in Marshall's "Football the Rugby Game" published in 1892, the date being unquestioned at the time.

Blackheath is the oldest independent Rugby club, meaning that it was not attached to any institution such as a military establishment, hospital, school or college. There were a number of institutional sides that are older than Blackheath and it was they who provided the Club's opposition.

The Proprietary School and Blackheath FC had annual fixtures against each other for many years. It was on these occasions that the school supporters would shout "Up School" to the counter cries of "Up Club". Blackheath FC are still known as "the Club" to this day.

The development of Blackheath FC is so much a part of the development of Rugby Football that it is virtually an early history of the sport itself. By walking out of the meeting to form the Football Association, Blackheath caused the schism in football that divided it into two codes - soccer and rugby.

They were founder members of the RFU, co organisers of the first ever international match and host to many more at the Rectory Field. Blackheath hold the record for the most international caps gained by its players until the Professional era started in 1995-96.

In 1888-89 the London Society of Referees was formed by A.J Budd and G.L Jeffery. Both were captains of Blackheath. At Easter the following season, Percy Carpmael, another Club captain, founded the Barbarians touring side. In 1906-7 three players, W.S.D Craven, 'Birdie' Partridge and Clive Liddell, founded the Army Rugby Football Union and for many years the Rectory Field, Blackheath's home since 1883, was the Army's home ground in London.

In recent history Blackheath were running over 20 teams with only two home pitches. To ease this situation a second ground was acquired nearby at the start of 2007-08.

The site at Well Hall, Eltham, was developed into a community facility. An 'All weather pitch' was opened in August 2009 by representatives of the RFU, Greenwich Council and other bodies who helped to raise the funding for its installation. In September 2016 it had become imperative for the development and future health of the Club to move 1st XV matches from its long-time home at Rectory Field to these premises at Well Hall.

This caused much heartache but with the ongoing developments and improvements at Well Hall, the Club now has a home base worthy of National I rugby.

Rectory Field continues to be used by many other teams of the Club and remains fondly in all our memories.

COACHES CORNER

Firstly, a Happy New Year to everyone and welcome back after a couple of weeks off. A break in the season is always welcome just to refresh the bodies and minds, but it is nice to be back and doing what we love to do

I'd also like to extend a warm welcome to Blackheath who I believe are making their first ever appearance here at Rochford. They are a formidable side with players littered with National League and Championship quality and a side I believe will have no trouble bouncing back up to National I for next season.

Last time we played Blackheath earlier in the season we were actually unbeaten coming off the back of beating Tonbridge and Westcliff, but we were knocked back to Earth that day losing 64-5 in a very humbling game. But like I said they are a quality team full of quality players and none more so than Jack Daly who was on loan to us last season and did the club proud every time he wore the shirt, so I would also like to extend a warm welcome return to him and thank him for the efforts he put in last season when representing the club.

We ended last year with a good win away at Westcliff, which has been the first time in many, many years, and I know it meant a lot not to just the players and staff but particularly the supporters. The pitch was nothing short of an ice rink with players slipping over constantly, and it made playing very difficult, which made it even more pleasing to score 4 tries and leave with maximum points. We put a lot of pressure on ourselves to win that game and finish 2022 on a high, and the boys managed to achieve that, and we're hoping that win can be a springboard for more wins in the remaining months.

Today will be a complete contrast from the Westcliff game as we go from playing the bottom team to the top team in consecutive fixtures but momentum and consistency is also important in rugby and Blackheath haven't actually played since December 3rd which is a long time without a game. But from playing them earlier in the season we know they are very well drilled and will be well prepared nonetheless. They have a big strong pack with a deadly catch and drive and they have a lot of quality in the backline that like to play an expansive brand.

And if we want to compete today we have to set the energy and intensity, and make today as uncomfortable for Blackheath as we possibly can. We were huge underdogs going into the Tonbridge game and managed to win that so that gives us confidence, we also boast 8 try bonus points so far this season which is already the same amount we got in the whole of last season, so we know we can score even against the strongest teams in the league.

I would also like to welcome new boy Josh Razor who is on the bench today, he is a lad I know very well after coaching him at Seevic a few years back. He has arrived on loan from Rosslyn Park and will bring with him a wealth of experience, even at his young age. He also provides us with some important depth in the front row, especially with Rob Gardner and Aston both out injured for the next few weeks.

Enjoy the game.
