

The Rodney Kennett Trust

'**The Rodney Kennett Trust**' is a trust fund that has been set up in honour of former Club President Rodney Kennett who sadly passed away in July 2020. Rodney was an Avonmouth man who took great pride in his association with the club. A stalwart whose affiliation to Avonmouth Old Boys RFC spanned more than six decades...

The Rodney Kennett Trust aims to support disadvantaged youths within the club and give them the opportunity to stay in the game at Avonmouth Old Boys RFC. This can include support for parents with subscriptions, kit & support at events etc.

The account is a general ledger account that has been set up and will be tracked monthly by our finance committee.

Applications for assistance from the RKT to young members should be made by parents through an age groups Coach or Team Admin. This information or claim should be fed back to Mini & Junior Caretaker Wayne Donnelly, Club Chairman Grant Britton or Vice Chairman Lee Durbin. The application will then be considered by the committee at the next monthly committee meeting and feedback given on whether the criteria has been met for funds to be released.

The committee is aware that financial hardships can be stressful for parents, it can bring a sense of failure or shame on us all. Cases will be confidential, so we encourage those that may require help to allow their child(ren) to continue to play rugby to come forward.

Donations can be made via the below account details:
