SELEY FC

MANAGER'S REPORT

Fa Vase dream over.... we go again in the cup tonight at home v Hassocks fc....

Saturday saw us exit the FA Vase against a very good Haywards Heath side who themselves were in no mood to let us, the visitors, cause another upset having defeated Tooting and Mitcham United in the last round.

Although giving our host a foot up in the game after only a minute didn't help our cause...!! The lads did try and do the right things but our hosts were too strong and showed no mercy in front of goal adding two more before half time and two more after the break. Thus coming out 5-0 winners.

We wish our hosts all the best in the next round.

Now for ourselves we need to get ready for a quick turn around as we face Scfl prem side Hassocks tonight at home, the lads have their reward for beating Worthing United in the previous round, this give us another chance to pit or wits against a side who are a division above and to see how far we can push ourselves again. Saturday was hard to take but these are the levels we need to get to if we are to compete at the next step. We need to learn and develop as a team and individuals to continue our journey as a group together.

After Tonights game, we face Wick fc at home on Saturday, 3pm ko at the Seal Bay Stadium, it would be great to see you all there.

TONIGHT'S OPPOSITION:

HASSOCKS FC

Hassocks Football Club was founded in 1902 and spent the first 80 years of its existence competing in the Mid Sussex Football League and Brighton and Hove and District Football League, playing at Adastra Park in the middle of the village. The Robins first piece of silverware came when lifting the Mid Sussex League's prestigious Mowatt Cup in 1928 and they added the showpiece trophy of the Montgomery Cup in 1960.

The club really began to get noticed with the move into the Brighton and Hove League in the mid 60's, winning promotion from Division Three to Division One in back-to-back seasons in 1965 and 1966 and then eventually lifting the league championship in 1972 after finishing runners up the previous year.

The Sussex Intermediate Cup was added in 1975 to complete a golden era for Hassocks and ambitions of senior football were finally realised for 1981-82 when the club became members of Division Two of the Sussex County Football League. They finished that first season in 12th place and consolidated that hard earned senior status with a succession of top half placings in the division until a change in ground grading rules saw them demoted into Division Three and a return to intermediate football.

1991 saw huge changes, with Jim Goodrum taking over as chairman, Dave John arriving as general manager from Haywards Heath Town and a new coaching team of Nick Greenwood and Peter Liddell taking over first team affairs with a massive influx of players. Results were immediate as Greenwood and Liddell led Hassocks to the Division Three title by 10 points in 1991-92 but more importantly the progress on the pitch was matched off it with the club finally leaving Adastra Park to move into its own purpose built ground, The Beacon.

The improved facilities at the venue that members worked so hard to secure meant promotion and a return to senior football and just three years later the runners up spot in Division Two was secured.

To take their place in Division One of the Sussex County League for the first time, quality floodlights had to be provided and they came through fundraising and a generous donation from Chelsea vice-chairman Matthew Harding who lived locally and whose sons Pat and Joel would all go on to represent the club.

The floodlights were officially opened when a Chelsea XI featuring Graham Rix and Liam Brady made the journey to the Beacon, one season later they made their debut in the FA Vase and then a year on in the FA Cup with a remarkable run to the third qualifying round coming in 2001-2002 which was finally ended by Lewes en route to meeting Stoke City in the first round proper.

2002 saw Hassocks mark their centenary by facing an ex-Arsenal and Celebrity XI while Steve Coppell took charge of Brighton and Hove Albion for the first time when the Seagulls visited the Beacon to open the new Maurice Boxall Stand, funded in part by the previous seasons FA Cup run.

In 2007, the ground was improved further with the opening of one of the finest clubhouses in the County League after a long fundraising and building process. The Robins enjoyed their most successful season on record in 2011-12 when manager Mickey Jewell led his side to a best fourth place finish in Division One as well as the semi-finals of the RUR Cup.

Jewell stepped down at the end of the 2013-14 season, since when club legend John returned for a brief third spell at the helm followed by Mark Dagleish and Phil Wickwar who have guided the side to solid if not spectacular lower mid table finishes in recent years, with Mark then taking sole charge from 2018-19.

Following the curtailed 2019-2020 it was felt a change in management was required, which has seen Dave John taking back over as overall manager. He has a number of coaches and ex-players assisting him, as the club look to progress through some exciting young talent.
