CHAIRWOMAN'S WELCOME

Ladies and Gentlemen,

A warm welcome to each and every one of you here at Slough RFC. It's a pleasure to see familiar faces and new friends gathering to enjoy some under the lights rugby!

A special mention goes out to our visiting opposition, the Coldstream Guards. This is their first game as a team & we hope it is an entertaining one. We hope you feel welcome at Slough & that this is the first of many games between us!

Slough RFC has shown its mettle, securing victories in two of our last three games. It's a testament to the hard work and dedication of our players, coaches, and the wider rugby committee. As we look ahead, we face two challenging encounters in December against Hungerford and Reading Abbey. Let's rally behind our team and show the true Slough spirit as we tackle these formidable opponents.

On a festive note, I would like to remind our valued members about two upcoming events that promise to add some cheer to the holiday season. Firstly, mark your calendars for our Christmas lunch on the 16th of December. For further details, don't hesitate to reach out to Mike Wild. Secondly, we have a special treat for our younger members with the kids' Christmas Party on the 17th of December. Let's come together to create lasting memories and spread the joy of the season.

Thank you for being a part of the Slough RFC family. Your support makes this club truly remarkable & we wouldn't be here without you. Here's to the victories behind us, the challenges ahead & remembering why we all love this wonderful, but crazy game!

Cheers,

Karen Wild
Chair, Slough RFC

THE OPPOSITION

Renowned for their discipline and courage, Coldstream Guards are infantry soldiers who specialise in light role operations: performing reconnaissance, operating machine guns and mortars, and engaging enemy troops on foot and in light vehicles. This versatility makes the regiment one of the most important fighting units in the British Army.

Coldstream Guards also have a ceremonial role as protectors of the royal palaces, including Windsor Castle and Buckingham Palace. The Regimental Band of the Coldstream Guards is one of the oldest and best-known military marching bands in the world.

The Coldstream Guards is the oldest continuously serving regiment in the Army, with origins that date back to the English Civil War. Since then, it has answered the call of duty at almost every conflict with British involvement, earning a well-deserved reputation for loyalty and courage.

LATEST NEWS FROM BUCKS RFU

NEW COUNTY MEN'S XV TEAM MANAGER

Ed Baildon started his passion for rugby at the age of 8 playing mini's rugby for Bradford & Bingley RUFC in his native Yorkshire. A second row by trade as adult he has represented several clubs in London and the North, including for his family's ancestral town: Baildon RUFC. Since 2015 Ed has called Aylesbury RUFC his home

At the age of 40 Ed made his debut for Bucks Senior Men's team, proving age is just a number!

"I am great believer in the positive benefits rugby has on those amongst our rugby communities, not just the physical benefits but the mental and social benefits too. This is especially true in how it brings together so many people from all walks of life and back grounds, to contest the sport in a respectful and physical manner and then no matter what enjoy a chat and laugh after the match. This is what I find brilliant about the County team, so many lads who normally we would be playing against from so many clubs, all coming together for a common goal and being one team"
