Our Santa Toy Drop to Little Miracles, with Centric Marketing Ltd, in December was a huge success with over 80 children receiving presents donated from local businesses and the Lions. A MASSIVE thank you to everyone that contributed. Special thanks to Santa and the staff from Centric Marketing Ltd , Lions players and members and Mick for his awesome photos and Whittlesey Lions Club for making sure Santa arrived on time and in style ! Roll on next year!

FUSION SUPPORTS PETERBOROUGH LIONS FOR A THIRD YEAR

City employer continues its relationship with Rugby Club in major sponsorship deal

fusion

CONTACT CENTRE SERVICES

Part of the BGL Group

Local employer, Fusion Contact Centre Services, has announced its continued sponsorship of rugby club, the Peterborough Lions. The money donated by Fusion will help with the upkeep of the ground and the purchase of important new training equipment. Importantly, it will also allow the club to hold community events, to raise the club's profile and secure future fundraising.

Daren Homewood, Associate Director at Fusion Peterborough, said: "Like Fusion, the Peterborough Lions Rugby Club is dedicated to supporting its community. The Club doesn't just benefit rugby teams, it also supports cricket, tennis, football and other local groups. Fusion is delighted to be supporting a project that encourages people of all ages to be active and get involved in team sports."

Andy Moore, Chairman of the Peterborough Lions, commented: "Over the past few years, the Peterborough Lions has gone from strength to strength and we are delighted to be supported by a leading local business. Thanks to Fusion's continued support, we are able to continue our plan to turn the Peterborough Lion's Rugby Club – or as we affectionately call it, 'The Lion's Den' – into the sporting hub of the community. Not only do we offer access to sports such as rugby and cricket, but we also provide an active social calendar. The support of organisations like Fusion is vital in driving Peterborough's sense of community."

Thank you Fusion!
