

Okapi Wanderers Rugby Football Club

Administrators and Volunteers

To all Administrators and volunteers,

This club, the players, the parents and the Board thanks you for your time and effort. We understand the commitment you all have made to rugby and to the development and success of our club.

The enactment of the Protecting Young Victims from Sexual Abuse and Safe Sport Authorization Act of 2017, that was signed into law on February 14, 2018 and became effective immediately, means that there are new rules in effect in all sports that have a national governing body or are under the umbrella of the Olympic Committee. The Safe Sport Act means that all persons coming in contact with any minor player in a supervisory role has to have completed the Safe Sport education program and registered with USA Rugby.

All copies of completed paperwork need to be send via email on a .pdf file to info@okapiwanderersrugby.com .

To comply with the new requirements, all volunteers must do the following courses online:

1) Safe Sport Modules, these have to be done every 2 years, because of the enactment this year everyone has to do them:

i) To get an overview of Safe Sport:

<http://usarugbysafesport.com/>

ii) To do the modules (3 units):

<https://education.usarugby.org/safesport/>

All volunteers must do the Safe Sport modules!!

Okapi Wanderers Rugby Football Club

Once you complete the modules, USA Rugby gets automatically notified and then the background search gets completed once the USA Rugby fees are paid.

All volunteers who want to coach must be at least USA Rugby Level 100 registered.

This Registration runs from September 1 to August 31 each year.

If you have any questions, please do not hesitate to contact us at info@okapiwanderersrugby.com.
