

A new gold standard in online tutoring

Our qualified teachers will help your child engage with their learning, build confidence and improve results.

Our world of experience makes the world of difference

Fully qualified teachers

Hand-picked for their curriculum and teaching expertise

Intelligent learning

Continue learning between sessions with our award-winning AI-driven platform

Parent partnership

Keeping you up-to-date with progress reports and parents' evenings

Regular tutoring is proven to help support a child's academic development with a recent study indicating it can lead to an average of five months of additional progress.*

We offer both One-To-One and Group online tutoring with your first session FREE.

Our core subject specialities are:

- English and Maths (Years 4, 5, 6 and 9)
- Science (Year 9)

* Research conducted by the Education Endowment Foundation

Prices start from £45 per session (for a 6-week Group course).

To receive a 20% discount on your first booking, use the code CBH at checkout.
