

Accountant's Report for the Year Ended 31 December 2018

Our procedure consisted of comparing the accounts with the books of account kept by the club and making such limited enquiries of the officers of the club as we considered necessary for the purpose of this report. These procedures provide the only assurance expressed in our opinion.

In our opinion the income and expenditure account and balance sheet for the year ended 31 December 2018 are in agreement with the books of account kept by the club.

A handwritten signature in black ink, appearing to read 'N A Norman', with a long horizontal line underneath it.
