

Mfangano Foundation Football Club Proposal

Kenyan Football Development

Our Objective

To create and build a football and futsal club for men and women, boys and girls from under 6's to adults. A club that sets the right conditions for sporting excellence.

The senior teams will compete on the national pyramid league system. The U8's to U18's will play as a community club for the development and enjoyment of the young people and parents in the community. These teams will also work closely with and represent the various school teams in the local area.

1

DEVELOPMENT

To provide coaching and mentoring under the Mfangano brand.

2

LEGACY

To provide the community with a club and facility they are proud of.

3

COMMUNITY

A club that is emotionally owned by the integrity of the community.

Empowering Young Women

Inspiring and representing women on the sporting stage.

Uniting The Community

Our children come together to play the sport they love.

Access To Boots and Equipment

Ensuring our players are able to train safely with the appropriate equipment.

Memorandum

The worlds of sport and education need to finally combine in Kenya.

The students and members of the Mfangano community deserve a football club that is run by the community for the community. They deserve a meaningful sporting institution they can invest in and watch grow for the good and enjoyment of the members and community.

Kenyan football needs more initiatives that are focused on the sustained development of sport and football, ones that truly give back to the community. Too often we see sporting initiatives in Africa fall to ruin do to improper use of funding or search for personal gain.

Fractions also occur when communities don't understand the process of development. We work directly with leaders in the these communities to develop and provide a clear road map playing and we play an instrumental role in project and fund management so the programmes can remain catalysts for new opportunities in education and sport.

“With football you need to be able to identify where

unrealised potential is and create the opportunity for talent to thrive” Tim Keech

We want to be leaders in showing how to build constructive community football clubs in Kenya. Ones that educate and benefit the community promoting responsible guardianship of sporting institutions that can be used for social and educational development.

Many are already investing in African sport. We help ensure that the management of these organisations will lead to long lasting impact. A genuine interest and time spent in the community is vital to our success. We hope to give future generations a better chance in life through sporting excellence and education.

WHAT WE NEED

Requirements - Land, Infrastructure & Organisational Structure

Rationale - Development, Community, Legacy, Facility, Opportunity

Support - Professional Clubs, Local Community, Social Interest Foundations, Companies

Facility - Land, Pitch Development and Maintenance, Futsal Arena, Clubhouse with Changing Room and Dining Area, Clean Water Initiative
