2017 Boys Winter Training Squad Selections

Dear Parent, Player

Thank you for all your efforts at the U13-17 trials on Sunday, the standard was very high again this year and all of the selectors have commented on how difficult it has been to make final selections. Please find below the selections that have been made for each Autumn Age Group Training Squads and that will be invited to a Training Program in October 2017.

At the conclusion of the Autumn Training program, a further selection process will take place for a full County and respective County Development squads for each age group to attend a Winter Program after Christmas.

Please note that the selected squads are for the Autumn Training Programme, and do not guarantee selection for the Winter nets and or Summer Match squads. Invitations to the respective Autumn Training Program for the selected boys will be sent out in the forthcoming weeks.

Many congratulations if your name appears on the selected squad lists. If you have missed out this time, please keep on playing and enjoying your cricket. The door to County selection is never closed and a number of players, who we saw performing well for their schools and clubs, were brought into squads last year. Regardless of whether you have been selected or not, we would like to congratulate you on the hard work and the positive attitude you have shown us over the entire process, you should feel very proud of yourself.

We look forward to working with you again in the future.

Kind regards,
