- The delegate will ask every spectator to check in using the QR sheet. The QR code will be available to scan with your mobile camera.
- The track and trace app will automatically delete the information after 28 days. It will ask for your name, email and phone number.
- The total number of the party should be checked, for example if two of you travelled (player and parent), check yourself in and choose 2 as the party size.
- The delegate will remind spectators to keep to social distance guidelines when at the side of the pitch. There are markers on the railings. No more than groups of 6 unless in the same social bubble.
- Spectators should avoid touching the ball and it should be cleaned before being returned to the players. As a minimum at half time.
- Spectators should not cross the pitch to the players to avoid mixing of groups.
