## THIS WEEKS' FIXTURES

## EDITORIAL

Good afternoon and welcome to Kingys for today's Midland Football League Division 1 fixture with Sutton United.

We would like to take this opportunity to welcome everyone connected with Sutton United as well as the match officials and any groundhoppers that are with us today – we hope you enjoy your visit and have a safe journey home after the game.

Sutton have made a decent start to life at Step 6 – their first ever season at this level. We have met numerous times before back when we both played in Division 2, however our move sideways and United's move back to the Birmingham AFA League has seen a break of some 7 years since our last encounter during which time we have both moved grounds and renovated!

After the FA Vase disappointment and the injuries that came with it, we played really well at Coton Green to bounce straight back with a win, and the league table is looking good for us at this early stage.

Whilst October sees four (consecutive!) home games, we aren't back at Kingy's again until Saturday 30<sup>th</sup> September when Wolverhampton Sporting are our visitors – the only team we failed to defeat last season who are still in this Division! Thank-you for your continued support and we hope to see you all on the 30<sup>th</sup>, if not before!.....Up the Spa!

## TODAYS' VISITORS

Sutton United Football Club was founded in 1947 by three young men recently demobbed from the RAF: Frank White, Ken Smith and Bill Walker. After returning home at the end of the conflict of World War II they asked Squadron 495 to form an amateur football club, this was agreed and Sutton United was born – using a small monetary gift from the ATC- with Frank as Chairman, Ken Treasurer and Bill Secretary.

The team started out playing in a field on Cows Lane, Wylde Green, using the trees to change under and a nearby stream to wash in. Green shirts became the team's colours after they were donated by the ATC along with a blue goalkeepers jersey. After a couple of years the club purchased a wooden shed to use as a changing room.

During the late 1960's club members installed a single electric shower in the dressing rooms in an effort to secure promotion to Division I. The 1970's was a decade of change for Sutton United. The teams had been strengthened by excellent players joining from rivals Sutton British Legion FC. But it was not until 1974 that the club finally achieved promotion to the Premier Division – having missed out previously because of inadequate facilities in Rectory Park. The first major success came with the Senior Cup in 1974/75 when Sutton beat Old Wulfs 4-3. Due to inadequate facilities in Rectory Park, a determined effort was made to find new grounds.

In 1977, Sutton Rugby Club agreed to sell United Hollyfield Rd for £5000. Quick renovations to make it habitable resulted in a comfortable clubhouse and bar. The start of the 1980's saw all of the hard work come to fruition as Sutton

United landed its first Premier League title in the 1982/83 season. Two more Premier League titles were to follow along with four more league championships and fourteen cup wins establishing Sutton United as the club to beat. In 1989 Frank White stepped down as chairman after 42 years of sterling service and Rob Mansell took the reins. The trophy cabinet was kept stocked in the 90's as the club landed two Senior Cups, the Junior Cup, 2 Minor Cups and 5 Holder Cups. United were also the first AFA team to reach the finals of the Birmingham County Junior Cup. Another momentous development for the club occurred in the mid 90's when Sutton United Juniors were founded. Off the field, money was raised to build changing room extensions, a garage and new showers. The club also managed to buy a 125 year lease for the Paddock.

The First Team won the Birmingham Premier League title in 2006/07 and also landed the HS shield. In 2007 Sutton United & Sutton United Juniors became one.

Having been crowned Premier League champions for three consecutive years United decided to enter into the Midland Football league in 2013. After five top 10 finishes, the end of seasons 2016/2017 saw a loss of several key players and the club took the decision to begin our rebuild back in the Birmingham AFA.

In 2016, Sutton United acquired a playing facility at Coleshill Road. Current Chairman, Pete Lugg invested circa £1.1 million pounds to fund the development which was completed in 2022. The future of the club, with this new facility is certainly bright, with the possibilities being endless.
