PRIDE OF THE STAFFORDSHIRE MOORLANDS

HOME FIXTURES TO BE PLAYED AT BUXTON FC UNLESS STATED.
FIXTURES SUBJECT TO CHANGE DUE TO POTENTIAL CUP MATCHES.

VIEW FROM THE DUGOUT

THE THOUGHTS OF THE MANAGEMENT TEAM

Good afternoon,

Back on the FA Cup trail and a home tie against our visitors Mickleover. We welcome our visitors to Silverlands, a venue they visited a couple of weeks ago against Buxton in the league. John McGrath and his team will be hoping for a better outcome this time and will be as familiar with the surface as ourselves as they have also had a 4g pitch installed.

They like ourselves have had their problems along the way with the pitch installation and again like us, it will have contributed to an indifferent start. I'm sure in the near future we will both benefit from making the decision to go the way we have and enjoy playing our football on a surface that encourages skilful players.

Another comparison to make between our clubs is that we are both missing players that made the previous season successful though neither of us got the rewards that the players and officials deserved due to the curtailment of the season. Enough said.

One thing I think we can guarantee this afternoon is a good game of football. Both teams attempt to play the right way and the incentive to progress in the best competition in the world won't stand in the way of providing a decent spectacle for both sets of supporters.

Of course we would like to be going into today's game in a better run of form. Monday's win at Market Drayton was workmanlike rather than spectacular but there's nothing wrong with that. There were and are mitigating circumstances. We are still short of certain players who we know will make a vast difference to the team. What did please us was that despite playing the game with ten players for the last half hour we showed good character to finish the game in front. The spirit the players showed was what we would expect from this group and will stand us in good stead in the coming months.

We can all admire good play but watching the defenders in particular putting their bodies in front of shots and getting in tackles and blocks when under pressure is another quality that managers admire as much as any other.

With players missing and in some cases leaving our numbers are waning. I must thank my backroom staff for the work put in this week. Pete, Jamie and Nick have been throwing names at me all week in an attempt to bring in players either permanent or on loan.

Some you miss out on and others choose a different path but hopefully next week the work put in will be worth it with the club able to announce some good news on this front.

Enjoy the game.

THE STORY SO FAR ...

Mickleover Sports F.C. was founded in 1948 as Mickleover Old Boys playing in the Derby & District Senior League. For the next 44 years until their resignation in 1993, they were the longest serving club in the league. In 1982 they, along with other members of the club, embarked on an ambitious campaign to develop their own football and cricket facilities on meadow land at the end of Station Road in Mickleover.

During the next ten years dedicated club members led a serious fundraising drive, raising over £30,000 and work on the new ground finally began early in 1992, with the facilities formally being opened later that year. Following development of the new facilities the ambitions of Mickleover Sports F.C. were increased and an application was made to join the Central Midlands Football League. This was successful and in 1993 Sports officially entered the non-league Pyramid for the first time. They drafted in an entire new management team led by Tony Shaw which resulted in both teams finishing 6th in their respective divisions.

Season 1994/95 saw Sports gain promotion to the CMFL Supreme Division and reach the semi-final of the League Cup on the way. In 1996/97 Mark Kelsey took up the managerial reins and Sports finished a creditable 6th in the Supreme Division. Meanwhile, off the field Mickleover were learning to manage the new facilities. There was some limited on-going expenditure in the railing off of the pitch, laying of slabs to provide hard standing and erection of a small stand, but with the general ground maintenance as well, there was little money for anything else. However, in order to progress (or even retain their CMFL status) the club needed to erect floodlights. A concerted fundraising effort was made and in 1997, at a capital cost of over £30,000, our ambition was finally realised.

The next development was aimed at providing dedicated facilities for our junior football teams. With the help of a National Lottery grant it involved taking one of the adjacent fields, to turn into a junior pitch. In addition to this, we built new changing rooms, referee's room, toilets and showers, put in sewerage and re-built car park. Back on the pitch, season 1997/98 saw Sports gain a 3rd place finish in the CMFL Supreme Division and just 12 months later further improvement saw them crowned as the 1998/99 CMFL Champions.

This season also saw Sports first venture into the Carlsberg FA Vase, where they embarked on an exhilarating cup run. After beating several teams from 'higher' leagues they were eliminated at the 3rd stage in controversial circumstances. Winning 3-0 at eventual finalists Bedlington Terriers and with only 14 minutes

remaining, the home side's floodlights suspiciously failed. After an FA enquiry Sports lost the replay 2-0.

So, the club was assured promotion to the Northern Counties East League and season 1999/2000 saw Sports playing for the first time at level 5. After challenging hard, they finished in 4th place in Division One. They also reached the semi-final of the Derbyshire Senior Cup and for the 2nd year running they fell in the 3rd round of the FA Vase. Season 2000/2001 saw Sports go one better by finishing 3rd and reaching the 4th round of the Vase, but the following year was less successful, with a 5th place finish and early exits from all cup competitions.

Mark Kelsey was replaced by ex Belper Town manager Martin Rowe who led Sports to the NCEL Division One Championship in his first season in charge. For good measure Sports also won the Division 1 Cup (Wilkinson Sword Trophy) and reached the final of the Derbyshire Senior Cup for the first time in their history. Once again they reached the 3rd round of the FA Vase, where they eventually lost by the odd goal in nine, after 240 minutes of football, to eventual semi-finalists Oadby Town. So, Mickleover were once again in a position to move up the non-league pyramid to the NCEL Premier Division, we did however have to erect a 280 seat stand first.

After 3 seasons of 'consolidation' at their new level, season 2006/2007 was arguably Mickleover's most successful season to date. Despite early exits from both the FA Cup and the FA Vase and the subsequent departure of manager Martin Rowe. New manager Dick Pratley led Sports to their highest ever position in non-league football, 7th place in the NCE Premier Division, and Sports also won NCEL League Cup along the way beating Garforth Town.

The following year was disappointing as for the first time in recent history, Sports finished lower than the previous season. However it was to be no less than a minor 'blip' as the following season Sports eventually won the league by 7 points. The step up to Unibond level was significant and we were expecting a tough season. Unlike some other clubs, we will not jeopardise Sports future by paying players more than we can afford, but the development of several key U19 Academy players plus some astute signings by manager Dick Pratley, gave Sports confidence.

Life in Unibond Division One South started well at Butt Hole Lane home of Shepshed Dynamo with a 4-0 win. After 17 games Sports record was mid table W7 D4 L6. Then a record run of 16 consecutive wins catapulted Sports to the top of the table. Sports were never to look back and won the league by 7 pts. They went on to win the Chairman's cup by beating FC Halifax Town at The Shay. Then lost the Peter Swales Trophy on penalties to Guiseley.

THE STORY SO FAR CONTINUED...

2010-11 was another step up for Sports into the Northern Premier League now sponsored by Evo Stik. The season did not start well with Sports gifting points to opposition. Their first win came away at local rivals Matlock Town with a tremendous display (also doing the double over them). But still Sports were gifting points especially the never to be forgotten 6-6 home draw against Nantwich Town. Sports were 6-3 up with 6 minutes to go. In the end Sports ended in 14th position and were safe with 4 games to go.

2011-12 saw Sports relegated for the first time. Despite scoring more goals than any other team in the bottom half of the table, inconsistent performances saw Sports drop down into Evo Stik Division 1 South. 2012-13 Sports started with 2 wins but this form dropped and were 3rd from bottom in December. Dick Pratley and Colin Hoyle left, Charlie Palmer took over temporarily until permanent management team of Glenn Kirkwood and Craig Hopkins took over in January. Season ended with Sports 2nd from bottom narrowly avoiding relegation having used 53 players.

The 2013-14 season had been a great improvement on what had gone before but was ultimately marred by play-off final defeat to local rivals Belper. The management duo of Glenn Kirkwood and Craig Hopkins were determined to use the pain of disappointment in a positive way for the next campaign.

Sports started the 2014-15 season in positive mood, and but for good runs in both the FA Cup and FA Trophy would have topped the table almost from the start. Postponements to league games because of the cup competitions meant that they were always playing catch up, but even so they still managed to rise to pole position with games in hand. Their home record was excellent, and results on the road also impressive, so much so that they ended the season having scored in excess of 100 goals and the only disappointment was that the last day draw at home to Sheffield FC denied them the record of most points gained in an individual EvoStik Division One South season. 2014-15 Sports also won the inaugural EvoStik NPL Academy League.

Sports started 2015-16 well getting to 8th. But having an unsettled side with a lot of movements in and out saw them in the relegation spots. Sports had a very disappointing season in the Cups and went out at the first time of asking in all competitions. Back in the League, Sports picked up with 11 games to go when forced to have a settled side due to the close of the Transfer window. Sports survived with a game to go, and that last game at already relegated Stamford joint managers Kirkwood and Hopkins resigned. Sports were quick in approaching Captain and Academy Manager John McGrath to take over. Sports also went on to win the EvoStik NPL Academy League again.

2016-17 Sports finished the season with most points they have gained in the NPL Premier division. Again early exits from the major FA Cup competitions was a disappointment. Sports blooded a lot of their Academy players with Lewis Belgrave becoming the first NPL Academy player to Captain any 1st team. Again Sports won the Academy league again.

2017-18 Sports finished in their highest ever position – 12th as John Mcgrath continued to give Youth their chance to shine with 6 teenage debuts. One of these – Morgan Williams developed throughout the season and eventually was snapped up by Coventry City for a fee of £12000 plus add-ons. Sports competed well against all the top teams but were too inconsistent against lower placed teams and this, along with a poor disciplinary record, meant a play off position was out of reach.

The loss of top scorer Andy Dales to Scunthorpe United for a fee of £10,000 plus add-ons badly affected Sports 2018/19 season as their lack of goals meant a continual struggle throughout the season. They competed well against several of the top sides but only a good finish to the season and a last day win saw them survive the drop. An appearance in the Derbyshire Senior Cup Final at Pride Park was the highlight of the season and although they put in a good performance they lost out to Alfreton Town by 2-1.

The 2019/20 season was cancelled in March due to the COVID-19 pandemic. The Sports were 13th in the league with some considerable games in hand.

Season 2020/21 was to prove very frustrating for all the clubs at our level as for the second successive season the league was ended by the Covid virus. The difference to the last one was that Mickleover had had their best start to a season since they were promoted to the Premier Division.

Granted only ten games had been played but Mickleover were standing top of the table having played three of the fancied teams all away from home, the best performance being a great 4-1 win at previously unbeaten Nantwich Town. At this time the team looked to be well balanced, solid at the back with goals from both midfield and attack.

In the FA cup we had two good wins away to Leek Town and home to Newark FC and only went out to National league Division one North St Albans City after extra time (1-1) on penalties - to make it worse they were to appear on Television two rounds on. Perhaps the worst performance came in the FA Trophy, where after a fine 5-0 home win over Dereham Town they travelled south yet again this time to Hitchin Town where they disappointed in a 3-0 defeat.

The Daniel Wilkinson Foundation

Providing Screening and Defibrillators to prevent Sudden Cardiac Death in the young

Registered Charity 1171728

The Daniel Wilkinson Foundation is a charity set up in memory of Daniel Wilkinson who died in 2016 aged 24, while playing the game he loved, from an underlying heart condition called Arrhythmogenic Right Ventricular Cardiomyopathy (ARVC).

Dan played football from an early age and joined Hull City AFC when he was 10, earning a professional contract aged 18. Loughborough University followed where he completed a degree in Accounting and Financial Management while playing non-league football. He was an athlete who enjoyed the gym and took his health and nutrition very seriously. He lived life to the full and had so much ahead of him.

Other than feeling light-headed on a few occasions in the month before he died, he had no symptoms!

SUDDEN CARDIAC DEATH IN THE YOUNG (SCD)

- SCD is the leading cause of death in young athletes during sport and the majority of deaths occur with NO SYMPTOMS or family history.
- ARVC can be found in one in every 1,000 to 5,000 young adults - IF IT IS LOOKED FOR.
- Warning signs may include light-headedness, fainting, palpitations, swollen legs, breathlessness.
- Every week in the UK, 12 apparently fit and healthy young people (aged 35 and under) die from previously undiagnosed heart conditions.
- In Italy, where screening is mandatory for all young people engaged in organised sport, they have reduced the incidence of young sudden cardiac death by 89%.

OUR MISSION

The Daniel Wilkinson Foundation has been set up to raise awareness of SCD and to provide funding towards heart screening, defibrillators and CPR/defibrillator training primarily for grass-roots sporting teams.

Tragedies can be prevented through cardiac screening. It is vital that young people are identified and treated.

MEET THE SPORTS....

CALLUM HAWKINS goalkeeper

Currently on loan from Burton Albion for a second time, Callum has proved to be a reliable goalkeeper. Born in Rotherham he has learned his trade with Burton's Academy, and signed professional for the Brewers in May 2018. He was with Mickleover for a six week spell between December 2018 and February 2019, having previously been out on loan at Gresley in 2017. His plans suffered a major blow last season, when he damaged knee ligaments in August and sat out the rest of the season.

JOE SLINN goalkeeper

Joe started his goalkeeping career at Port Vale. During his spell at Vale Park he also had a four month loan spell at Stalybridge Celtic. He signed professional in February 2017 having captained the Youth team, before moving to Walsall in 2018. He went out on loan again to Rushall Olympic for most of the 2018/19 season before leaving Walsall in August 2019. After a few months with Atherton Collieries, he had another four months with Alvechurch, before moving on again to Newcastle Town in February of this year. He joined Mickleover in summer 2020 and shared first team duties with Hawkins throughout the aborted season.

JAKE BENNETT defender

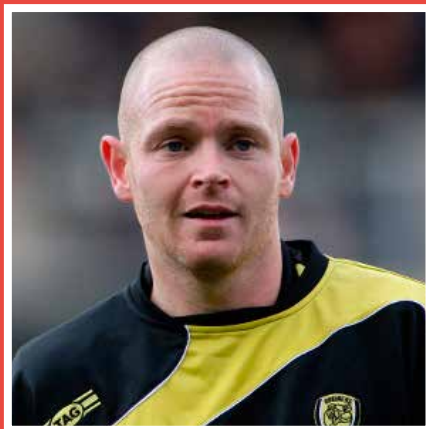

Jake started playing for his hometown club Telford AFC as a 15 year old, making two first team starts before going out on loan to Market Drayton. He was initially spotted by Mickleover management during a friendly match against Market Drayton, and became a Sports player in December 2014. He joined Sheffield Utd in 2016 and made his first team debut in the EFL Cup in 2017. He was due to go on loan to Chesterfield, but a couple of cruel injuries meant he never got to play for them and following his release by Sheffield Utd, he had a brief spell at Alfreton Town, before joining Coalville Town in December 2019. He opted to return to Mickleover during the summer, of 2020.

DECLAN BACON forward

Dec returned to the Don Amott Arena last season, having been a Mickleover player a few seasons earlier. He finished 2019/20 with Gainsborough Trinity, after just over a year at Alfreton Town. He has also played at Sheffield and Scarborough.

THE GAFFER...

JOHN MCGRATH
Manager

John took over the reigns at Mickleover after initially joining as a player. This move came after a successful playing career which saw multiple promotions with clubs such as Doncaster Rovers, Athlone Town and later Burton Albion.

After 247 appearances for Burton, John enjoyed stints at York City and Alfreton Town before arriving at Station Road, and he hasn't looked back since as he and the boys look to build and grow as a squad as they look to push for promotion

NPL West Latest Round-Up

Biggest win of the Bank Holiday weekend was at Ramsbottom United on Saturday, as they beat Market Drayton 7-1. James Murphy got a hat-trick, with a brace for Jamie Rainford and a goal apiece for Domaine Rouse and Kayle Power. Harry Morris got the consolation for Drayton. Ramsbottom followed that up with an away win at Mossley on Monday with Murphy and Rainford in the goals again. That puts Rams in 3rd place in the table and Murphy at the top of the goalscoring charts.

Early pacesetters Workington maintained their 100% record beating Marine at home on the Saturday with Brendan Carroll getting the only goal in the 3rd minute. They travelled to Clitheroe on Monday and picked up a 2-0 victory, thanks to David Symington getting both goals. That was Clitheroe's first defeat, after they beat Glossop North End 2-0 on Saturday. Billy Priestley and Sefton Gonzales were the scorers.

Colne had taken the lead through Reece Webb-Foster at Kidsgrove Athletic, but Ethan Hortshorn got the equaliser for Grove on Saturday. They went one better on Monday beating neighbours Newcastle Town 4-0. Kieran Brown and Kingsley Adu-Gyamfi both bagging a brace.

Warrington Rylands are yet to lose a game this season. They got a 3-3 draw at Prescot Cables after taking an early two goal lead through Callum Dolan and Richard Smith. An Alexander McMillan penalty for Cables made it 2-1 at half-time. McMillan scored another to pull them level, but Kane Drummond restored Rylands lead. Lloyd Dean rescued a point for Prescot. On Monday, Kane Drummond scored the only goal in a 1-0 win over Widnes.

Trafford are the only other side not to have lost one. They had a good weekend with victories at Bootle, 3-2 and against Glossop North End. Michael Burke, Ross Davidson and Alfie Belcher scored at Bootle, with Bootle's goals coming from Elliott Hughes and William Bell. James Neild got the solitary goal in the 1-0 against Glossop.

Newcastle Town have yet to pick up a point having also lost to City of Liverpool FC, 3-1. Freddie Potter (2) and Stephen Rigby getting the goals.

LEEK TOWN

Saxon, 27

Leek Town recorded their first league victory on Bank Holiday Monday at Market Drayton Town, and they had to really dig in for the last 30 minutes as they were reduced to 10 men when Zack Clarke received a straight red for violent conduct.

The Blues were low on confidence and low on numbers following their loss to Runcorn Linnets, whilst Market Drayton had been on the end of a heavy loss to Ramsbottom and were looking for a positive, dogged reaction to that.

Leek started brightly and soon had an attempt on goal with a glancing header from Clarke after a good cross from the left, which went out for a goal kick. Market Drayton, who were kicking downhill, hit some longer balls but Leek were able to counter attack quickly. Trickett-Smith hit a cross field ball to Wakefield who advanced and returned the ball back to Trickett-Smith who played it wide to Keenan, he then delivered a delicious cross with Grocotts header being gathered. It was then time for Market Drayton to attack with a deep cross from Russo to Montagu, the resulting header was collected by Roberts. Drayton continued to attack and it was Bavanganga this time who intercepted, advanced and found Saxon who shot was saved by the

keeper. Leek were having a good spell and at the heart of this was the industrious Trickett-Smith who was combining well with Saxon & Clarke.

The break through came in this period when Wakefield received the ball on the half way line, turned and advanced forward finding Saxon in the centre who slotted his shot past the outstretched Rawlins to open his account for the season. Leek continued to counter attack whilst Market Drayton hit longer balls into the Leek box, this resulting in several corners. Just before half time Roberts collected the ball from a corner and was then fouled by Burroughs as he ran out of the box, this leading to an altercation between the players and a yellow card for Burroughs.

HT Market Drayton Town 0 - Leek Town 1

Leek came out for the second half and were now facing downhill, Market Drayton were direct and did their best to limit the passing game of the visitors. Leek created several half chances down the left but could not get a second goal. On 54 minutes Wara as penalised with a yellow card when he broke up a Market Drayton attack, he would now have to be careful. Leek continued to press with some neat work by Wakefield and Clarke and several corners for Leek. On 65 minutes Leek were awarded a throw and whilst waiting for the ball to come back into play Clarke kicked out at Joe Care as the pair clashed, the referee had no hesitation to send Clarke off for violent conduct. Leek would have to see out the remaining 25 minutes with ten men.

Market Drayton changed shape and started to push Leek deeper and deeper back, to their credit they

defended very well but not without cost as Bavanganga picked up a yellow card for a rash challenge and several needless freekicks were given away. Market Drayton bombarded the Leek box with several corners and long range shots but Roberts would not be beaten. Despite being a man short Leek were still dangerous and Trickett-Smith broke from the half way line and was brought to the ground by Hughes who was booked for his trouble. Despite the fall being clearly in the area the original offence started outside the box and a free kick was awarded. The freekick did not trouble the keeper and Neil Baker shored up his defence by bringing on the experienced Darren Chadwick.

Leek were managing the game well and were restricting Drayton to long balls and shots from distance, resulting in several corners. The Leek faithful had to hold their breath as a long looping shot was tipped over by Roberts who had been excellent all afternoon. The referee had now played 5 minutes over the 90 and the final whistle was greeted with rapturous cheers from the travelling Leek contingent who had seen their side register their first league win of the **season**.

Leek had shown character and resilience against a much improved Market Drayton Town and deserved their victory, they now look forward to Saturday where they will play Mickleover in the FA Cup.

LATEST NEWS FROM HARRISON PARK

Good afternoon everyone and welcome to our temporary home, the Tarmac Silverlands Stadium to the players officials and supporters from Micklegate. We hope you enjoy the visit and have a safe journey home.

Today's tie was our reward for defeating Gresley in the Preliminary Round and we know it will be a tough one. It is a repeat of the tie in the same round last season and we felt we were quite unfortunate to lose that one, so it would be nice if we could reverse that result today.

Last weekend was one of mixed fortunes. We had a very tough game here against Runcorn Linnets, in which we created a few chances, but couldn't score. It was nice to actually get our first win on the board at Market Drayton on Monday, though that also proved to be a very hard fought win.

If neither side draws today, we will be visiting 1874 Northwich on Tuesday and then next week, we will make the very long journey to Workington. They currently sit top of the table with three wins from three games, so it's not going to be an easy game, especially after the 170 mile journey from Leek.

Our next scheduled "home" tie is Saturday 18th September against Prescot Cables, though a win today means that would be replaced with the next round. Let's get behind the lads today and see if we can get our names into the hat for that next round.

BLAST FROM THE PAST...

WITH
HUGH MCAULEY

Where do you live? Parbold in Lancashire at

the moment but looking to move to the Cotswolds soon

Occupation? I own Land in Formby Merseyside which we are looking to build a new Formby Football Club, retail park and offices, my day to day job, I broker property/finance and business deals. I also advise footballers with a friend of mine who has an agency Precision Management

Favourite Films? The Usual Suspects, The Godfather, Donnie Brasco

Favourite singers/bands? Any House Music, Any R&B, Anything Chilled

Your best starter, main, dessert for a meal? Pate, Steak, Spotted Dick and Custard

Fantasy dinner party guests? Lionel Messi, Mohamed Ali, Princess Di

Favourite drink? Coke

Which manager signed you for Leek and where from? Peter Ward, I was looking for a club at the time

How did you enjoy your time at Leek? Being at Leek was one of the happiest times of my life, great set of lads, the staff and the fans were brilliant, we still talk about the times we had there now

Is there a game that sticks in your memory more than others? We played Rusden and Diamonds and I remember I had a lot of scouts from League clubs watching the game; this was a mid week game. There was an explosion from somewhere and the game was abandoned, I remember laughing on the pitch and they quickly realized it was a serious incident and we had to leave the stadium

Are there any games you'd rather forget? I tore my hamstring one night playing in Birmingham, I can't remember who we were playing, I just remember it was a long journey home

Who was the best player you played with? John Barnes from my time at Liverpool, amazing player and such a humble person

Did you have a set pre match routine? I used to always have a bath the night before games and always got to bed early

Who were your favourite strike partners at Leek? I didn't play as a striker, I wasn't strong enough physically to play as a number 9, throughout my career I played as they now call it, as a number 10, we used to call it playing in the hole, finding spaces. I was very fortunate at Leek to play with Wayne Biggins, Adie Mike, Dean Trott, Tony Agana, each one of those lads were completely opposite to me, and took a lot of the physical contact away from me, all of them great guys off the pitch as well.

Is there a football decision you regret making or not making? I don't regret anything in my football career, yes there were plenty of times I could have gone to different clubs, but the reason I'm where I am today is because of the football decisions I made throughout my career, I am blessed how my life has panned out.

O'Connor 2, Hyde

Leek returned to winning ways with a 3-1 victory away to Sporting Khalsa, as they played their third game in seven days. Leek started the game brightly and controlled the tempo of the game, looking to get on the front foot.

They had plenty of space out wide for their wingers to get forward and provide for their strikers. In the 5th minute Katie Gibbons ran down the left wing and drove into the box to cut the ball back for the on-rushing striker Paris O'Connor to smash the ball into the back of the net.

O'Connor soon got her double and doubled Leek's lead, as a Chantelle Gallagher free kick on the left-hand side, was whipped into the box for O'Connor head the ball back across the keeper and into the corner of the goal.

1

Leek soon got their third goal with only 20 minutes gone, again Chantelle Gallagher turned provider with another Leek Town set piece, this time an in-swinging corner reached the back post and found Cassie Hyde unmarked to head the ball home.

3

Leek almost extended their lead again just before half time, with Gallagher firing a shot goalward, for the Sporting Khalsa keeper to parry it out, but only to the feet of O'Connor. Her shot was expertly tipped onto the cross bar from the Khalsa keeper, keeping the score-line 3-0 at half time.

Khalsa came out second half with a lot of determination to get back into the game and looked to test Leek's defence but Leek stood strong and dealt with Khalsa's attacks until the 72nd minute when a bouncing ball wasn't dealt with by Leek and the Khalsa forward smashed the ball past Leek's keeper.

Leek's victory now puts them 7th in the league after 4 games and now will host top of the league Boldmere St Michaels at Newcastle Town FC on 5th September 2pm kick off.

LEEK TOWN JUNIOR SECTION

We already have a number of junior sides, both boys and girls, but it is important for us to continue to offer kids of all ages the chance to play football and become part of the Leek Town community. The new 3G facility will give us more opportunity to grow this, as all junior sides will be able to train there.

Our “Mini Blues” training is a vital part of the Leek Town community, as this is used to form our new teams. We already have a new Under 7’s side ready to kick off the new season.

If you have boys or girls who want to play football, then you can send a message to the Leek Town FC – Junior Section Facebook page and we will get back to you with details.

CHAIRMAN CHAT

WITH JON EELES

Welcome to Chairman Don Amott, Secretary Tony Shaw, Club Officials, the Management team, players and supporters who have made the short trip to Buxton today for the the First Qualifying Round in the FA Cup.

I write this after our games against Runcorn Linnets and Market Drayton last weekend, we were out played on the Friday against Runcorn and it was an old fashioned battle on Bank Holiday Monday to gain our first league win of the season. At the moment we are looking very much out of sorts on the pitch, we have played well in patches but also poorly for periods too and we have been punished for individual errors in games. There are so many factors contributing to this including missed chances, injuries, a covid interrupted pre season and the fact we are not playing at Harrison Park, but I am not making excuses - the management and players know we need to do better and are working hard to put that right.

On Monday we travelled to Market Drayton on the back of a narrow loss to Runcorn and with four first team players injured, it was always going to be a battle and thats what it proved to be. I felt we played well in the first half and deserved our lead - we counter attacked well and perhaps could have just tested the keeper more. The second half started in similar vein to the first but on 65minutes we lost our centre forward to a straight red card for an off the ball incident, I feared the worst but we battled and the character and resilience of the lads came through - we still looked dangerous on the break but naturally Drayton had more of the ball and we

restricted them to one shot on goal in 90mins which Danny dealt with. A word on the red card, I have no complaints as I was close to the incident - Zack Clarke will learn from this and he was genuinely apologetic for what happened, his suspension starts on Monday so he is still eligible to play today, I am sure we will see a reaction from him.

A few words about our Emirate FA Cup tie today. Our previous tie was a potential banana skin playing away from home to a Step 5 Club but I felt we dealt with this well coming out as 2-0 winners. We were then rewarded with a home time in the First Qualifying Round against our old adversaries Mickleover. This is a repeat of last seasons FA Cup fixture where we met them at Harrison Park in the same round. On that night Mickleover ran out 2-1 winners, I recall we were in control of the game until Matt Bell was substituted for concussion and we conceded two quick goals either side of half time.

We will be looking to even the score tonight but I am sure our visitors will be doing their very best too. Mickleover were top of the NPL Premier league last season, as we were, when the season was curtailed but like us they have not hit those heights yet - with 3 home wins in the league and 3 away losses. We have watched them several times and the management team have commented that they are similar to us, a good team but lacking confidence and having a stuttering start.

Tonights game is a cup game so anyone with a season ticket will need to pay to get in, we have had a good response from people using the Kaizen Ticketing solution and we will build on this game by game. The beauty of this system is that you can even order ticket whilst you are in the queue from your phone if you want to - and this securing your free online digital programme.

Finally I want to wish the lads all the best tonight, in my opinion they deserve a bit of luck, but you do have to earn it. Please get behind the management and team for the game, and at all times be respectful, your support is very much valued and makes all the difference.
