

## **Junior selection policy**

The Garstang CC selection policy for junior cricket centres around:

- Teams are selected to be competitive. Learning to win is important in both cricket and life.
- This becomes increasingly important as players progress through the pathway towards senior cricket, the town gets much pride from a successful Garstang cricket club.
- At the earlier stages, we understand the psychological benefits and draw-backs of players competing against others of similar skills.
- Honest communications and questions – We are trying our best to provide cricket for all in our community, so please ask the questions you have when you have them.
